2. PACKAGE CONTENTS

- EasyHome Sleep Sound Machine (Model CWN-T6)
- USB Power Cable
- User Manual (this document)

Note: A USB power adapter (wall plug) is not included and must be supplied by the user.

3. SETUP INSTRUCTIONS

1. **Unpack:** Carefully remove all components from the packaging.
2. **Power Connection:** Insert the small end of the provided USB power cable into the power input port on the EasyHome Sleep Sound Machine.

3. **Power Source:** Connect the USB-A end of the cable to a compatible USB power adapter (not included) and plug the adapter into a standard electrical outlet. The device is designed for corded electric operation.
4. **Placement:** Place the sound machine on a stable, flat surface, away from water and direct heat sources. For optimal sound distribution, ensure the speaker on the bottom is not obstructed.

4. OPERATING INSTRUCTIONS

4.1 Power On/Off

- Press the **Power button** (⬤) to turn the device ON or OFF.

4.2 Sound Selection

The device offers 30 soothing sounds, including:

Figure 5: Illustration of the 10 adjustable brightness levels for the night light feature.

4.5 Timer Function

The device can play continuously or automatically shut off after a set period.

- Press the **Timer button** (🔘) to cycle through the timer options: 60 minutes, 120 minutes, 180 minutes, 240 minutes, or continuous play (indicated by an infinity symbol).

Figure 6: The control panel indicating the 5 available timer settings.

4.6 Memory Function

The EasyHome Sleep Sound Machine remembers your last selected sound, light color, brightness, and volume settings when powered off and on again. This eliminates the need to reconfigure settings each time you use the device.

5. MAINTENANCE

- **Cleaning:** Wipe the device with a soft, dry cloth. Do not use liquid cleaners or abrasive materials.
- **Storage:** Store the device in a cool, dry place when not in use.
- **Safety:** Ensure the device is unplugged before cleaning or if it will not be used for an extended period. Keep out of reach of children and pets.

6. TROUBLESHOOTING

Problem	Possible Cause	Solution
Device does not power on.	Not properly connected to power.	Ensure the USB cable is securely connected to both the device and a working USB power adapter/outlet.
No sound or low volume.	Volume is too low or muted.	Increase the volume using the Volume Up button. Check if the sound is set to a very quiet option.
Night light is not working.	Light function is turned off.	Press the Light button to turn it on. If it's on, try cycling through colors or adjusting brightness.
Device turns off unexpectedly.	Timer function is active.	Check the timer setting. If continuous play is desired, ensure the infinity symbol is selected.
