# Keyluv Upholstered Queen LED Bed Frame User Manual

Model: 037  
Brand: Keyluv

## 1. INTRODUCTION

---

Thank you for choosing the Keyluv Upholstered Queen LED Bed Frame. This modern low-profile platform bed features a smart LED headboard with multiple color and light modes, controllable via remote or mobile app, including a music sync mode. Designed for comfort and luxury with faux leather upholstery and strong slat support, it requires no box spring and is built for easy assembly and durability.

## 2. SAFETY INFORMATION

---

Please read all instructions carefully before assembly and use. Keep this manual for future reference.

- Exercise caution when assembling and using the low-profile bed frame to prevent tripping hazards.
- Always follow the assembly instructions precisely.
- Do not exceed the maximum weight recommendation of 900 pounds for the bed frame.
- Ensure all connections are secure before use.
- Keep small parts away from children during assembly.

## 3. PACKAGE CONTENTS

---

Before beginning assembly, ensure all parts listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Headboard & Footboard

## 4. SETUP AND ASSEMBLY

The Keyluv bed frame is designed for easy assembly. All parts are labeled, and the package includes necessary installation tools and clear instructions. It is recommended to assemble the bed with two people.

1. **Unpack and Identify Parts:** Carefully unpack all components and lay them out on a clean, soft surface (like a carpet) to prevent scratches. Refer to the included parts list and diagrams in the installation manual to identify each piece.
2. **Assemble the Frame:** Connect the side rails to the headboard and footboard using the provided screws and tools. Ensure all connections are tightened securely but do not overtighten.
3. **Install Center Support:** Attach any central support beams or legs as indicated in the manual. These are crucial for the bed's stability and weight capacity.
4. **Attach Slats:** The wooden slats are designed with Velcro for easier installation and to prevent squeaks. Lay the slats across the frame, ensuring they are evenly spaced and secured according to the instructions. The Velcro will help hold them in place.
5. **Final Checks:** Double-check all screws and fasteners to ensure they are tight. Place your mattress on the assembled frame.

## 5. OPERATING INSTRUCTIONS (LED HEADBOARD)

The smart LED headboard offers various lighting options for an enhanced bedroom experience.

### 5.1. Control Methods

The LED lights can be controlled in two ways:

- **Remote Control:** Use the included remote control to adjust colors, brightness, and lighting modes.
- **Mobile App (Bluetooth Control):** Download the dedicated mobile application (available on Google Play and Apple App Store) to control the lights via Bluetooth. The app provides more advanced features, including custom color mixing and timing functions.

## 5.2. Key Features

- **Multiple Colors and Light Modes:** Choose from a wide spectrum of colors and various dynamic lighting modes to set the perfect ambiance.
- **Music Sync Mode:** The upgraded music sync mode allows the bed lights to flash and change with the beats of your music, creating an immersive home concert experience.
- **Auto Timing Mode:** Set a pre-determined ON/OFF time for the lights. This feature can be used to automatically turn off lights at bedtime or wake you up in the morning with gentle illumination.
- **Adjustable Headboard Height:** The headboard is height adjustable to accommodate mattresses of varying thicknesses (recommended 10-12 inches). This also allows for a comfortable angle for inclined repose.

## 6. MAINTENANCE AND CARE

---

Proper care will extend the life and appearance of your Keyluv bed frame.

- **Upholstery Care:** The faux leather upholstery should be dry cleaned only. For minor spills, gently wipe with a soft, damp cloth and mild soap, then dry immediately. Avoid harsh chemicals or abrasive cleaners.
- **Frame Cleaning:** Wipe the metal and wooden parts with a dry or slightly damp cloth to remove dust.
- **Regular Checks:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary to maintain stability and prevent squeaks.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause the faux leather to fade or crack.

### 7. TROUBLESHOOTING

If you encounter any issues with your bed frame, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
LED lights not working.	Power connection loose; Remote control battery dead; App not connected.	Check power cable connection to outlet and headboard. Replace remote battery. Ensure Bluetooth is enabled on your device and the app is properly paired.
Bed frame squeaks.	Loose screws; Slats not properly seated.	Retighten all assembly screws. Ensure all wooden slats are correctly positioned and secured with their Velcro strips.

Problem	Possible Cause	Solution
Headboard not adjusting.	Mechanism obstruction; Incorrect operation.	Check for any obstructions behind or around the headboard. Refer to the assembly manual for specific instructions on adjusting the headboard.
Unstable or wobbly frame.	Loose connections; Uneven floor.	Ensure all bolts and screws are fully tightened. If the floor is uneven, consider using furniture pads or shims under the legs to level the bed.

If the problem persists after trying these solutions, please contact Keyluv customer support.
