Gevi Electric Griddle and Grill User Manual

Model: B09M2QY2X3

1. IMPORTANT SAFETY INSTRUCTIONS

When using electrical appliances, basic safety precautions should always be followed to reduce the risk of fire, electric shock, and/or injury to persons, including the following:

- Read all instructions before operating the appliance.
- Do not touch hot surfaces. Use handles or knobs.
- To protect against electrical shock, do not immerse cord, plugs, or the appliance body in water or other liquid.
- Close supervision is necessary when any appliance is used by or near children.
- Unplug from outlet when not in use and before cleaning. Allow to cool before putting on or taking off parts, and before cleaning the appliance.
- Do not operate any appliance with a damaged cord or plug, or after the appliance malfunctions or has been damaged in any manner. Contact customer service for examination, repair, or adjustment.
- The use of accessory attachments not recommended by the appliance manufacturer may cause injuries.
- Do not use outdoors.
- Do not let cord hang over edge of table or counter, or touch hot surfaces.
- Do not place on or near a hot gas or electric burner, or in a heated oven.
- Extreme caution must be used when moving an appliance containing hot oil or other hot liquids.
- Always attach plug to appliance first, then plug cord into the wall outlet. To disconnect, turn any control to 'off', then remove plug from wall outlet.
- Do not use appliance for other than intended use.

2. PRODUCT OVERVIEW

The Gevi Electric Griddle and Grill is a versatile kitchen appliance designed for various cooking tasks. It

features two nonstick plates and precise temperature control, allowing for grilling, griddling, and panini pressing. The appliance can be used in a closed contact grill position or fully opened for a larger cooking surface.

Image: Gevi Electric Griddle and Grill in its closed configuration, ready for use as a contact grill or panini press.

MULTI-FUNCTION IN 1

Image: The Gevi Electric Griddle and Grill shown in closed, partially open, and fully open (griddle/grill) configurations, demonstrating its multi-functionality. The bottom image shows two steaks on a grill plate and vegetable skewers on a flat griddle plate.

3. COMPONENTS

- Main Unit with Control Panel
- Upper Grill Plate (Removable, Nonstick)
- Lower Grill Plate (Removable, Nonstick)
- Drip Tray
- Power Cord

Image: A close-up view of the removable drip tray, designed to collect excess grease and liquids during cooking.

4. SETUP

- 1. Unpack:** Carefully remove all packaging materials and promotional labels from the appliance.
- 2. Clean Plates:** Before first use, wipe the grill plates with a damp cloth or sponge. Dry thoroughly.
- 3. Install Drip Tray:** Ensure the drip tray is correctly inserted into its designated slot at the front of the appliance.
- 4. Position:** Place the appliance on a flat, stable, heat-resistant surface, away from walls or other heat-sensitive objects. Ensure adequate ventilation.
- 5. Power Connection:** Plug the power cord into a grounded electrical outlet.

5. OPERATING INSTRUCTIONS

5.1 Basic Operation

- 1. Power On:** Press the 'ON/OFF' button to turn on the appliance.

Image: A hand pressing the power button to activate the appliance.

- 2. Select Menu:** Use the control dial to navigate through the available cooking presets (e.g., Chicken, Sausage, Red Meat, Fish, Panini, Burger).

Image: A hand rotating the control dial to select a specific cooking program.

3. **Confirm Selection:** Press the 'OK' button to confirm your chosen cooking preset. The appliance will begin pre-heating.

Image: A hand pressing the 'OK' button to start the pre-heating process for the selected cooking mode.

4. **Add Food:** Once pre-heating is complete (indicated by a signal or light), carefully place your food onto the lower grill plate. Close the lid.

Image: The grill plates are open, ready for food to be placed inside for cooking.

5. **Cooking Progress:** The appliance will automatically adjust cooking time and temperature based on the selected preset and the food's thickness. Monitor the cooking progress indicators.
6. **Remove Food:** Once cooking is complete, carefully open the lid and remove the food using heat-resistant utensils.
7. **Power Off:** Press the 'ON/OFF' button to turn off the appliance and unplug it from the outlet.

5.2 Special Features

- **Automatic Thickness Measurement:** The grill automatically detects the thickness of your food and adjusts cooking parameters for optimal results.

AUTOMATIC THICKNESS MEASUREMENT

Patented Technology Lets You Realize a Simple Cooking

Image: The grill demonstrating its automatic thickness measurement capability, adjusting to accommodate food items between 10-50mm.

- **6 Cooking Presets:** Dedicated settings for Chicken, Sausage, Red Meat, Fish, Panini, and Burger simplify cooking.

6 COOKING PRESETS

Gevi

Gevi 6-in-1 ELECTRIC GRIDDLE

Make Indoor Grill Smart & Enjoyable Than Ever

A black and silver Gevi 6-in-1 Electric Griddle with its lid open, showing a sandwich cooking inside. The griddle is on a white marble countertop with various cooking ingredients and utensils nearby.

Image: A visual guide displaying various steak doneness levels from rare to well-done, alongside grill settings (Low, Med, High, Max).

- **Flat Open Mode:** The grill can open 180 degrees to provide a larger, flat cooking surface for griddling or simultaneous grilling of different items.

6. MAINTENANCE AND CLEANING

Regular cleaning ensures optimal performance and extends the life of your appliance.

1. **Unplug and Cool:** Always unplug the appliance and allow it to cool completely before cleaning.
2. **Remove Drip Tray:** Empty and wash the drip tray with warm, soapy water. Rinse and dry thoroughly.
3. **Remove Grill Plates:** The nonstick grill plates are removable for easy cleaning. Press the release buttons to detach them.
4. **Clean Grill Plates:** The removable nonstick plates are dishwasher safe. Alternatively, wash them by hand with warm, soapy water and a non-abrasive sponge. Rinse and dry thoroughly.

Image: A removable nonstick grill plate being placed into a dishwasher, highlighting its dishwasher-safe design for convenient cleaning.

5. **Clean Exterior:** Wipe the exterior of the appliance with a damp cloth. Do not use abrasive cleaners or scourers.
6. **Storage:** Ensure all parts are clean and dry before storing the appliance in a cool, dry place.

7. TROUBLESHOOTING

If you encounter issues with your Gevi Electric Griddle and Grill, refer to the following common problems and solutions:

- **Appliance does not turn on:**
 - Ensure the power cord is securely plugged into a working electrical outlet.
 - Check if the 'ON/OFF' button has been pressed.
- **Food is not cooking evenly:**
 - Ensure food is evenly distributed on the plates.
 - Verify that the selected cooking preset is appropriate for the food type and thickness.
 - Allow the appliance to fully pre-heat before adding food.
- **Plates are difficult to remove:**
 - Ensure the appliance is completely cool before attempting to remove plates.
 - Press the plate release buttons firmly.
- **Excessive smoke:**
 - Ensure plates are clean and free of old food residue or excessive oil.
 - Empty the drip tray if it is full.

For issues not covered here, please contact Gevi customer support.
