- Reset the score counters to zero.
- Place one of the mini-footballs into the kickoff area at the center of the table.

### 5.2 Playing the Game

The game can be played by two individuals or two teams. Players control their respective player rods to move the figures and strike the ball.

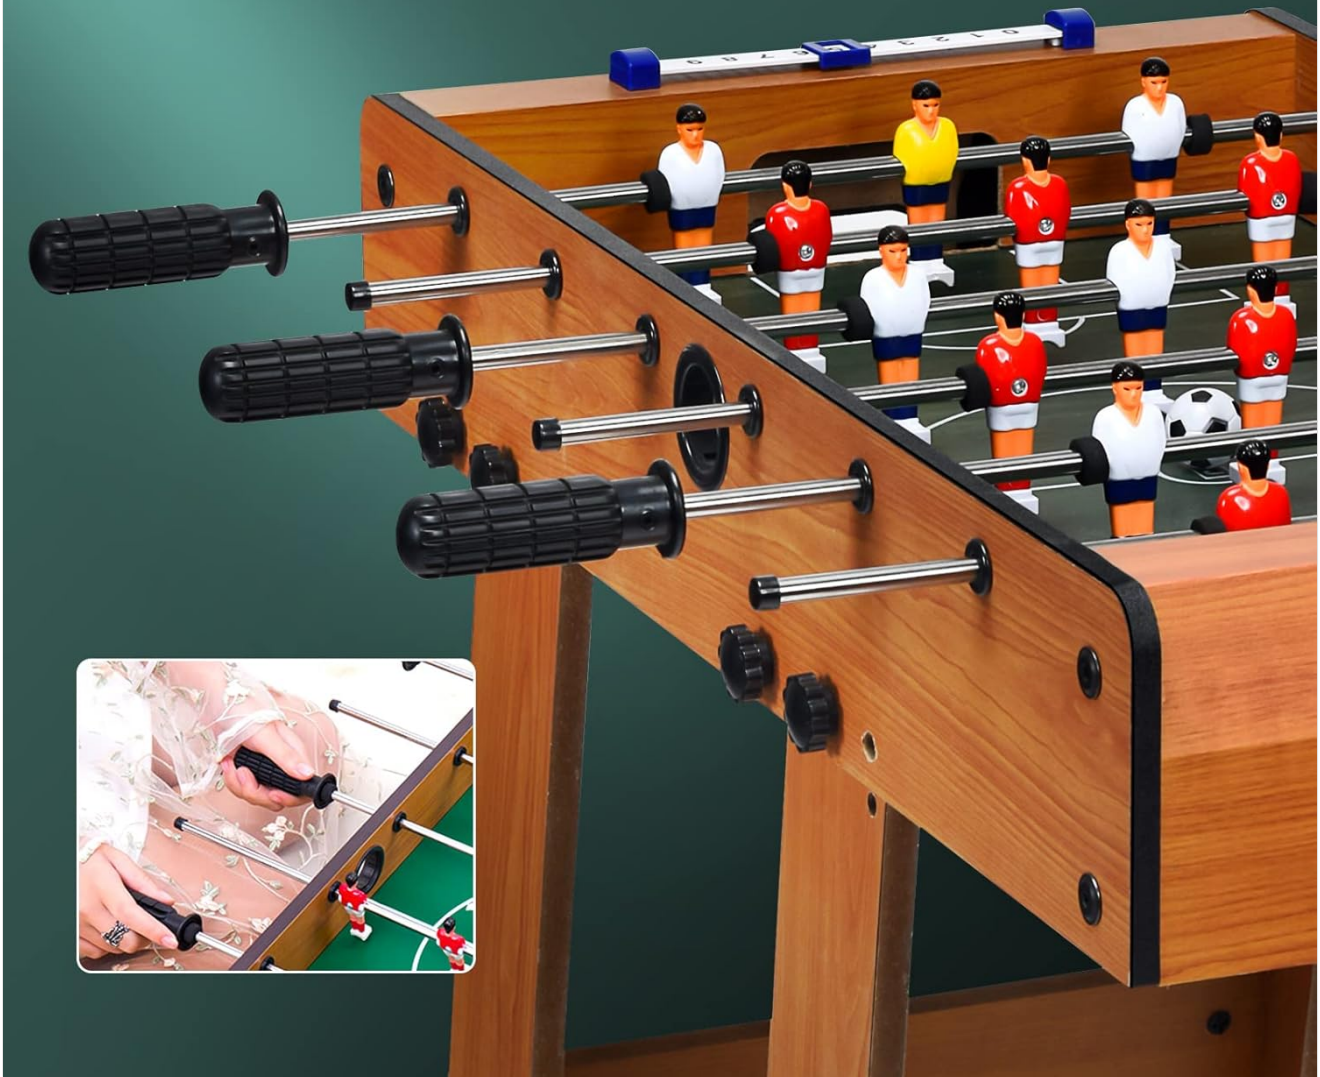

- **Controlling Players:** Use the textured handles to rotate and slide the stainless steel rods. This allows you to control your player figures to pass, shoot, and defend. The rods feature 360° rotation for dynamic play.
- **Scoring:** A goal is scored when the ball enters the opponent's goal box. Advance your score on the counter after each goal.
- **Winning:** The first player or team to score ten goals typically wins a round. A match can be determined by winning two rounds, or by having the highest score within a predetermined time limit.
