Yaheetech Twin Metal Platform Bed Frame Instruction Manual

Model: YTrr3h0002001

IMPORTANT SAFETY INFORMATION

- Do not load more than 300 pounds (136 kg) on the bed frame.
- Ensure all connections are securely tightened before and during use.
- Keep small parts away from children during assembly to prevent choking hazards.
- Use the bed frame only for its intended purpose.

PACKAGE CONTENTS

Please verify that all components are present and undamaged before beginning assembly. If any parts are missing or damaged, please contact customer service.

Figure 2: Hardware kit containing various screws, washers, and the necessary Allen wrench for assembly.

ASSEMBLY INSTRUCTIONS

Follow these steps carefully for proper assembly. It is recommended to assemble with two people.

Step 1: Assemble the Headboard and Footboard

Attach the vertical bars to the curved top and bottom sections of the headboard and footboard using the provided screws and Allen wrench. Ensure all connections are firm.

Figure 3: Attaching the vertical bars to the headboard frame using screws.

Step 2: Attach Side Rails and Center Support

Connect the assembled headboard and footboard using the long side rails. Secure them with screws. Then, assemble and attach the central support legs and beam to the middle of the bed frame for added stability.

Figure 4: Assembling the central support beam and legs.

Step 3: Install Slats

Place the metal slats across the bed frame, ensuring they fit into the designated notches. Secure them if necessary. The embedded design helps prevent the mattress from sliding.

Figure 5: Aligning and pressing the metal slats into the frame notches.

Figure 6: The integrated mattress stopper mechanism to prevent mattress movement.

PRODUCT FEATURES

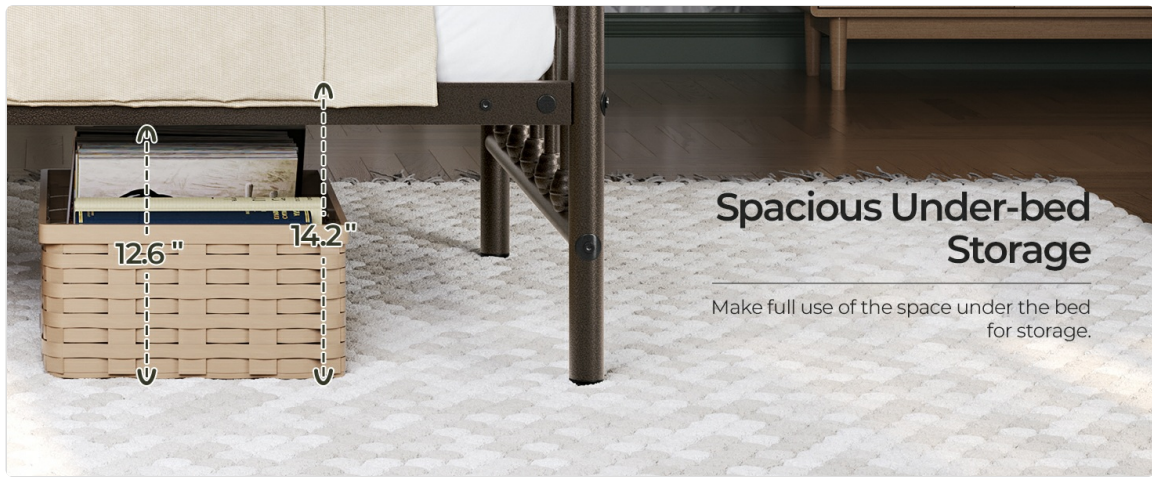

- **STRONG AND DURABLE:** This robust bed base is fully constructed of metal frame for large load-bearing capacity. Reliable frame features 12 metal slats between two sides which provides you with strong support for a relaxing sleep. The powder-coated surface features medium rust and scratch resistance for long term use. Besides, not shaky after proper assembly.
- **HIGH HEADBOARD DESIGN:** Compared with other metal beds, this classic bed frame has a higher headboard for better protecting your head and providing you a comfortable sitting place. You can prop soft pillows behind your back, and read books or watch TV lazily.
- **CLASSIC AND ROMANTIC:** This farmhouse styled bed features curved lines and thick tube

frames, bringing a romantic and warm feeling to your space. The beautiful silhouette subtly balances the coolness of metal that is easily blended with modern, traditional, farmhouse and rustic home decors.

- **SAFE:** Carefully designed, this mattress foundation is built of round corners, smooth finish and protective footpads, which is safer for our customers to use. Moreover, the high foot board keeps bedding from falling onto the floor while you sleep.
- **VERSATILE:** We care about the practical use of every piece we made, this platform bed has 32cm of clearance underneath the bed for a clean and tidy space. Ideal for guest rooms, bedrooms, dormitories, apartments and temporary stay.

CARE AND MAINTENANCE

- **Cleaning:** Wipe the bed frame with a damp or dry cloth to remove dust and dirt. Avoid using harsh chemicals or abrasive cleaners that could damage the powder-coated finish.
- **Regular Checks:** Periodically inspect all bolts and screws. Tighten any loose connections to maintain the bed frame's stability and prevent squeaking.
- **Placement:** Ensure the bed frame is placed on a level surface to prevent uneven stress on the frame.

TROUBLESHOOTING

Squeaking Noises

If your bed frame develops squeaking noises, check all bolts and screws and tighten any loose connections. Ensure the bed frame is on a level surface. Applying a small amount of lubricant to connection points can also help.

Instability

If the bed frame feels unstable, verify that all parts are correctly assembled according to the instructions. Double-check that all support legs are firmly on the floor and that the frame is not rocking.

WARRANTY AND SUPPORT

For warranty information, product support, or to order replacement parts, please contact Yaheetech customer service. Keep your purchase receipt as proof of purchase. You can find contact details on the official Yaheetech website or through your retailer.
