2. COMPATIBILITY

This replacement roller brush is specifically designed for the following Shark Vertex DuoClean Upright Vacuum models:

- Shark AZ2000
- Shark AZ2000W
- Shark AZ2002
- Shark LA502

Please verify your vacuum model number before purchase to ensure proper fit and function. The brushroll measures approximately 10.43 inches (26.5 cm) in length and 3 cm in width.

DON'T BUY WRONG

3. INSTALLATION

Replacing your vacuum's roller brush is a straightforward process. Follow these steps:

1. **Power Off:** Ensure your Shark vacuum cleaner is unplugged from the power outlet before beginning any maintenance.
2. **Access Brushroll:** Lay the vacuum flat and locate the brushroll access panel, usually on the bottom of the cleaner head. Refer to your vacuum's original manual for specific instructions on how to open this panel.
3. **Remove Old Brushroll:** Carefully remove the worn or damaged roller brush from its compartment. Note its orientation for correct installation of the new brush.
4. **Install New Brushroll:** Align the new Yuecoom roller brush with the designated slots in the vacuum cleaner head. Gently snap it into place, ensuring it is securely seated.
5. **Close Panel:** Reattach the brushroll access panel and secure it according to your vacuum's design.
6. **Test:** Plug in your vacuum and test its operation to confirm the new brushroll is spinning correctly.

It is suggested to replace your brushroll every 6-12 months, depending on usage, to maintain optimal cleaning performance.

4. OPERATION

Once installed, the Yuecoom replacement roller brush works seamlessly with your Shark vacuum to provide superior cleaning. The blue soft roller brush is designed to make nonstop contact with both carpets and hard floors, effectively pulling in fine dust, large debris, and embedded dirt. Its action helps to lift and remove particles, ensuring a spotless home and giving a polished look to your floors. The DuoClean technology benefits from a well-maintained soft brushroll for optimal performance.

5. MAINTENANCE

Regular maintenance of your roller brush is crucial for maintaining optimal vacuum suction and extending the life of your Shark vacuum. This roller brush is washable and reusable.

1. **Rinsing:** Rinse the soft roller brush underwater only. Use cool water to remove any accumulated dirt or debris.
2. **Drying:** After rinsing, allow the brushroll to air-dry completely for at least 24 hours before reinstalling it into your vacuum. Ensure it is thoroughly dry to prevent moisture damage to your vacuum.
3. **Frequency:** It is suggested to rinse the soft roller brush once every month for optimum performance and suction.

WASHABLE

Rinse soft roller underwater only. Air-dry filter completely for at least 24 hours. Suggest rinsing the soft roller brush once every month for optimum performance suction.

Item Weight	8 ounces

7. TROUBLESHOOTING

If you encounter issues after installing the new roller brush, consider the following:

- **Brushroll Not Spinning:**

- Ensure the brushroll is correctly seated and snapped into place.
- Check for any obstructions (hair, debris) preventing the brush from rotating freely.
- Verify that the vacuum's brushroll motor is functioning correctly.

- **Reduced Cleaning Performance:**

- Confirm the brushroll is clean and free of tangled hair or debris.
- Ensure the brushroll is completely dry after washing before reinstallation.
- Check other vacuum components like filters and hoses for clogs or damage.

- **Unusual Noises:**

- Inspect the brushroll for any damage or wear.
- Ensure no foreign objects are caught in the brushroll mechanism.

If problems persist, consult your original Shark vacuum cleaner manual or contact customer support.

8. WARRANTY AND SUPPORT

Specific warranty information for this Yuecoom replacement roller brush is not provided in the product details. For any questions regarding product defects, returns, or further assistance, please refer to the retailer's return policy or contact Yuecoom customer support directly through their official channels or the platform where the product was purchased.

Always ensure to keep your purchase receipt for any warranty or support claims.
