manual.

SETUP

1. SIM Card Installation

The Imoo Watch Phone Z6 Limited Edition requires a standard nano SIM card for cellular functions. Compatible operators include O2, Vodafone, and Three.

1. Before inserting the SIM card, ensure that the SIM PIN code has been deactivated on a mobile phone.
2. Locate the SIM card slot on the watch. Use the provided card picker tool to open the SIM tray.
3. Carefully place the nano SIM card into the tray, ensuring correct orientation.
4. Close the SIM tray securely.

Image: A visual guide demonstrating the correct way to insert a nano SIM card into the watch.

2. Initial Charging

Before first use, fully charge the watch using the provided charging cable and a compatible USB power adapter.

OPERATING INSTRUCTIONS

1. Power On/Off

To power on the watch, press and hold the power button until the screen illuminates. To power off, press and hold the power button, then select 'Power Off' on the screen.

2. Two-Way Communication

The watch supports two-way video and phone calls, allowing children to communicate with pre-approved contacts.

- **Video Calls:** Initiate video calls with contacts saved in the watch's address book. Parents can monitor the child's status and surroundings during video calls.
- **Phone Calls:** Make and receive standard phone calls with approved contacts.
- **Family Chat:** Stay connected with family members by sending messages, photos, videos, and sharing upcoming events.

3. Real-time Location Tracking

The Imoo Watch Phone Z6 provides precise real-time location tracking within 10 meters using multiple positioning technologies.

- Positioning Methods:** The watch intelligently selects the most suitable positioning method (Satellite, Wi-Fi, A-GPS, Acceleration Sensor) based on the current environment.
- Security Guard:** Monitor movement status and set safe zones.

4. Class Mode

Parents can activate Class Mode through the companion application. During this mode, the watch's functions are limited to prevent distractions, allowing children to focus on their studies.

5. Reject Unknown Calls

This feature allows parents to configure the watch to reject calls from numbers not saved in the contact list, enhancing child safety.

IPX8 Swimming Waterproof - Offer Longer Service Life

imoo Watch Phone Z6 allows kids swim even in 20 meters underwater. Turn on "video" function before entering pool, this kids smartwatch can shoot clear videos in the water.

Image: A child using the Imoo Watch Phone Z6, with a smartphone displaying call blocking settings, demonstrating the Class Mode and Reject Unknown Calls features.

6. Dual Cameras

The watch features 8 MP + 5 MP flip dual cameras. This design allows for capturing photos and videos from different angles. Parents can view the child's environment during video calls.

7. IPX8 Water Resistance

The watch is IPX8 water-resistant, allowing it to be submerged up to 20 meters underwater. Activate the "video" function before entering water to record clear underwater videos.

Accurate Locating with Licensed Google Maps

-  Satellite Locating
-  Wi-Fi Locating
-  Blurred Locating
-  A-GPS Locating
-  Acceleration Sensor

During the positioning process, the watch will intelligently select the most suitable positioning method according to the current environment, and the user does not need to manually select the positioning method.

TROUBLESHOOTING

If you encounter any issues with your Imoo Watch Phone Z6, please refer to the following common solutions:

- Watch not powering on:** Ensure the watch is fully charged. Connect it to the charger and wait for a few minutes before attempting to power it on again.
- No network signal:** Verify that the SIM card is correctly inserted and activated. Check with your mobile operator for network coverage in your area. Ensure the SIM PIN is deactivated.
- Inaccurate location:** Ensure the watch has a clear view of the sky for GPS signals. In indoor environments, Wi-Fi and A-GPS are used, which may have varying accuracy.
- Cannot make/receive calls:** Check if the SIM card has sufficient credit or an active plan. Ensure the contact numbers are correctly saved in the watch's address book. Verify that Class Mode or Reject Unknown Calls is not preventing communication.
- Water resistance concerns:** Always ensure the SIM tray and any other covers are securely closed before exposing the watch to water.

WARRANTY AND SUPPORT

For warranty information and technical support, please refer to the documentation provided with your purchase or visit the official Imoo website. Keep your proof of purchase for warranty claims.
