2. SETUP AND ASSEMBLY

Assembly of the Bush Business Furniture Hybrid Desk is required. While the process is designed to be straightforward, it is recommended to have assistance due to the product's weight (approximately 89.3 pounds). Please ensure all components are present before beginning assembly. Tools for assembly are not included and must be provided by the user.

Assembly Steps (General Guidance):

1. **Unpack Components:** Carefully remove all parts from the packaging. Verify against the included parts list (not provided in this manual, refer to your product packaging).
2. **Assemble Frame:** Attach the metal legs to the privacy panel and desktop according to the manufacturer's instructions. Ensure all connections are secure.
3. **Desktop Placement:** Position the desktop onto the assembled frame. Secure it using the provided hardware.
4. **Wall Anchoring:** For maximum stability and safety, use the included wall anchor hardware to secure the desk to a wall. This

prevents tipping, especially in environments with children or pets.

Placement:

The desk's finished privacy panel and open metal leg design ensure it looks presentable from any angle, allowing for flexible placement within a room.

4. MAINTENANCE

To maintain the appearance and longevity of your Bush Business Furniture Hybrid Desk, follow these simple care instructions:

- **Cleaning:** Wipe the surfaces with a damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the laminated finish.
- **Spills:** Clean up spills immediately to prevent staining or damage to the engineered wood top.
- **Protection:** Use coasters for beverages and protective pads under hot items or objects with sharp edges to prevent scratches and heat damage.

5. SAFETY INFORMATION

Your safety is important. Please adhere to the following guidelines:

- **Weight Capacity:** The desk has a maximum weight capacity of 200 pounds. Do not exceed this limit to prevent structural damage or injury.
- **Tip Stability:** For enhanced safety, especially in households with children or in high-traffic areas, it is strongly recommended to anchor the desk to a wall using the provided hardware. The desk has been rigorously tested for tip stability when properly anchored.
- **Proposition 65 Warning:** This product may expose you to chemicals known to the State of California to cause cancer or birth defects or other reproductive harm.

6. TROUBLESHOOTING

This section addresses common concerns that may arise during the use of your desk.

Desk Bowing or Sagging:

- **Check Weight Distribution:** Ensure that the total weight on the desktop does not exceed the 200-pound capacity.

Distribute heavy items evenly across the surface.

- **Verify Assembly:** Confirm that all assembly hardware, particularly any support bars or cross-members, are correctly installed and tightened according to the assembly instructions. Improper assembly can lead to structural weakness.
- **Environmental Factors:** Extreme temperature or humidity fluctuations can affect wood products. Maintain a stable environment where possible.

Stability Issues:

- **Level Surface:** Ensure the desk is placed on a flat, level surface.
- **Tighten Hardware:** Periodically check and tighten all screws and bolts to maintain structural integrity.
- **Wall Anchor:** If not already done, utilize the provided wall anchor hardware to secure the desk to a wall. This significantly improves stability and prevents tipping.
