## MAINTENANCE AND CARE

### Cleaning Your Earbuds

To ensure optimal performance and hygiene, regularly clean your Black Shark Lucifer T2 earbuds:

- Use a soft, dry, lint-free cloth to wipe the earbuds and charging case.
- For ear tips, remove them from the earbuds and clean with a mild soap solution and water. Ensure they are completely dry before reattaching.
- Gently remove any earwax or debris from the earbud mesh using a small, soft brush or cotton swab.
- Avoid using abrasive materials, alcohol, or chemical cleaners, as these can damage the product.

## Water Resistance

The Black Shark Lucifer T2 earbuds are rated **IPX5 Water Resistant**, meaning they are protected against low-pressure water jets from any direction. This makes them suitable for use during workouts or in light rain. However, they are not designed for submersion in water or for use during swimming.

- Do not intentionally submerge the earbuds in water.
- If the earbuds get wet, wipe them dry thoroughly before placing them back in the charging case.

## IPX5 WATER RESISTANCE

Waterproof design protects  
the earbuds from sweat and rain

### Storage

When not in use, store the earbuds in their charging case to protect them from dust, damage, and to keep them charged. Store the case in a cool, dry place away from extreme temperatures.

## TROUBLESHOOTING

If you encounter issues with your Black Shark Lucifer T2 earbuds, try the following troubleshooting steps:

### Earbuds Not Pairing/Connecting

- **Check Battery:** Ensure both earbuds and the charging case are sufficiently charged.
- **Re-pair:** Place both earbuds back into the charging case, close the lid, wait a few seconds, then open the lid. Go to your device's Bluetooth settings, forget/delete "Black Shark Lucifer T2" if previously paired, and then attempt to pair again.
- **Device Proximity:** Ensure the earbuds are within 10 meters (33 feet) of your device.
- **Interference:** Move away from other strong wireless signals (Wi-Fi routers, other Bluetooth devices) that might cause interference.

### No Sound or Low Volume

- **Volume Level:** Increase the volume on both your connected device and the earbuds.
- **Earbud Fit:** Ensure the earbuds are properly seated in your ears and that you are using the correct size ear tips for a good seal.
- **Clean Earbuds:** Check for any debris or earwax blocking the earbud speakers and clean them if necessary.
- **Re-connect:** Disconnect and reconnect the earbuds from your device's Bluetooth settings.

### Charging Issues

- **Check Cable and Adapter:** Ensure the USB-C charging cable and power adapter are working correctly. Try a different cable or adapter.
- **Clean Charging Ports:** Check for any debris in the charging port of the case or on the charging contacts of the earbuds.
- **Proper Placement:** Ensure the earbuds are correctly seated in the charging case. The indicator lights on the case should confirm charging.

### Touch Controls Not Responding

- **Clean Surface:** Ensure the touch sensitive area on the earbuds is clean and dry.
- **Firm Taps:** Ensure you are tapping or holding the touch area firmly and accurately as per the operating instructions.
- **Restart:** Place the earbuds back in the case, close the lid, and then take them out again to reset them.
