GreenPan Rice & Grains Cooker User Manual

Model: CC005358-001

INTRODUCTION

Thank you for choosing the GreenPan Healthy Ceramic Nonstick 2QT Rice & Grains Cooker. This versatile pot is designed to deliver perfectly cooked rice and grains without sticking, making your cooking experience effortless. Crafted from durable forged aluminum with a Diamond Advanced ceramic nonstick coating, it ensures quick and even heating. The unique design promotes optimal heat circulation for fluffy results. This manual provides essential information for safe and effective use, maintenance, and care of your new GreenPan cooker.

IMPORTANT SAFETY INSTRUCTIONS

Please read all instructions carefully before using your GreenPan Rice & Grains Cooker. Failure to follow these instructions may result in damage to the product or personal injury.

- Always use oven mitts when handling the cooker, especially when hot, as handles can become hot during stovetop or oven use.
- Do not leave the cooker unattended on a hot stovetop.
- Avoid using metal utensils on the nonstick surface to prevent scratching. Silicone, wood, or plastic utensils are recommended.
- Do not overheat empty cookware. Overheating can damage the nonstick coating.
- Ensure the cooker is placed on a stable, level surface during use.
- Keep out of reach of children when in use or cooling down.
- The glass lid is oven safe up to 425°F (218°C). The cooker itself is oven safe up to 600°F (315°C).
- Do not use abrasive cleaners or scouring pads on the nonstick surface.

WHAT'S IN THE BOX

Your GreenPan Rice & Grains Cooker package should contain the following items:

- 1 x GreenPan 2QT Rice & Grains Cooker (Black)

- 1 x Cast Glass Lid

SETUP AND FIRST USE

Before first use, follow these steps:

1. Remove all packaging materials and labels.
2. Wash the cooker and lid thoroughly with warm, soapy water.
3. Rinse well and dry completely with a soft cloth.
4. Your GreenPan cooker is ready for use. No seasoning is required for the ceramic nonstick coating.

OPERATING INSTRUCTIONS

General Cooking Guidelines

- **Heat Settings:** The forged aluminum body heats quickly and evenly. Use low to medium heat for most cooking. High heat should only be used for boiling water or searing, and only for short periods.
- **Utensils:** Always use heat-resistant silicone, wooden, or plastic utensils to protect the nonstick surface.
- **Oil/Butter:** While the nonstick coating allows for cooking with little to no oil, a small amount of cooking oil or butter is recommended for flavor and to enhance the nonstick performance over time. Avoid aerosol cooking sprays as they can leave a residue that may affect the nonstick properties.
- **Induction Compatibility:** The Magneto induction base ensures uniform heating on all stovetops, including induction, gas, electric, and ceramic.
- **Oven Use:** The cooker is oven safe up to 600°F (315°C). The glass lid is oven safe up to 425°F (218°C).

Cooking Rice and Grains

The unique shape of the GreenPan Rice & Grains Cooker is designed to circulate and distribute heat effectively, ensuring fluffy and perfectly cooked results.

EASY FOOD RELEASE

Figure 2: Optimal Heat Circulation for Fluffy Grains

Follow the specific instructions for your type of rice or grain, typically a 1:2 ratio of grain to water for most rice varieties. Bring water to a boil, add grains, stir once, cover with the lid, reduce heat to low, and simmer until water is absorbed. Let stand for 5-10 minutes before serving.

MAINTENANCE AND CARE

Cleaning

The GreenPan Rice & Grains Cooker is designed for easy cleanup.

- **Hand Washing:** For best results and to prolong the life of the nonstick coating, hand washing with warm, soapy water and a soft sponge or cloth is recommended.
- **Dishwasher Safe:** The cooker is dishwasher safe for convenience. However, frequent dishwasher use may dull the exterior finish over time.
- Allow the cooker to cool completely before washing to prevent warping.
- For stubborn food residue, soak the pan in warm, soapy water for a few minutes before cleaning.

COMES IN 4 COLORS

Figure 5: The cooker is dishwasher safe for easy cleaning.

Storage

When storing, place a pan protector or a soft cloth between the cooker and other cookware to prevent scratches to the nonstick surface.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Food sticking to the surface.	Too high heat, insufficient oil, or residue buildup from cooking sprays.	Use low to medium heat. Add a small amount of cooking oil or butter. Avoid aerosol cooking sprays. Clean thoroughly after each use.

Problem	Possible Cause	Solution
Uneven cooking.	Cooker not centered on heat source, or heat setting too low/high.	Ensure the cooker is centered on the burner. Adjust heat setting as needed for even cooking. The Magneto base provides excellent heat distribution.
Handles getting hot.	Normal for stovetop use, especially on gas burners where flames extend up the sides.	Always use oven mitts or pot holders when handling the cooker during or immediately after cooking. Ensure flame size does not extend beyond the base of the pot.
White residue on nonstick surface.	Mineral deposits from hard water, or residue from certain foods.	Clean with a mixture of water and white vinegar (1:1 ratio). Gently wipe with a soft cloth. Rinse thoroughly.

SPECIFICATIONS

- Brand:** GreenPan
- Model Number:** CC005358-001
- Material:** Forged Aluminum body, Stainless Steel handles, Ceramic nonstick coating, Cast Glass lid
- Capacity:** 2 Quarts
- Color:** Black
- Nonstick Coating:** Diamond Advanced Ceramic (PFAS-Free, PFOA-Free, Lead-Free, Cadmium-Free)
- Induction Compatible:** Yes (Magneto Induction Base)
- Oven Safe:** Cooker up to 600°F (315°C), Glass Lid up to 425°F (218°C)
- Dishwasher Safe:** Yes
- Product Dimensions:** 6.5 x 10.04 x 10.12 inches
- Item Weight:** 2.81 pounds
- UPC:** 885837028645
