Vente-unique ALFIERO II

Vente-unique ALFIERO II Daybed with Trundle and Drawer - Instruction Manual

Model: ALFIERO II

1. INTRODUCTION

This manual provides essential information for the assembly, operation, and maintenance of your Vente-unique ALFIERO II Daybed with Trundle and Drawer. Please read these instructions carefully before beginning assembly and retain them for future reference.

The ALFIERO II daybed is designed to function as a single bed (90 x 190 cm) and can be quickly transformed into a larger sleeping area (174 x 190 cm) using its pull-out trundle mechanism. It also features an integrated storage drawer for convenience.

2. SAFETY WARNINGS

- **Maximum Weight Capacity:** Do not exceed 120 kg (264 lbs) for the sleeping area.
- **Drawer Weight Capacity:** Do not exceed 50 kg (110 lbs) for the storage drawer.
- **Assembly:** Carefully follow all assembly instructions to prevent accidents and ensure structural integrity. Incorrect assembly can lead to instability and injury.
- **Children:** Keep small parts away from children during assembly.
- **Maintenance:** Regularly check all fasteners and tighten them as needed to maintain stability.

3. PACKAGE CONTENTS

Upon delivery, verify that all packages are present and undamaged. The ALFIERO II Daybed typically arrives in one main package.

Expected Package:

- Package N°1: Length 203 cm, Width 30 cm, Height 19 cm.

Inside, you should find all necessary components for assembly, including:

- Bed frame components (Pine and MDF, lacquered white finish)
- Upper slatted base (13 slats, plywood)
- Lower slatted base (14 slats, plywood)
- Trundle bed mechanism components
- Storage drawer components (with wheels)
- Hardware pack (screws, dowels, etc.)
- Assembly instructions (this document or a separate sheet)

If any parts are missing or damaged, please contact customer support immediately.

4. SETUP AND ASSEMBLY

Assembly is required for this product. It is recommended to have two people for assembly. Clear a spacious area and lay out all components before starting.

1. **Unpack Components:** Carefully remove all parts from the packaging. Check against the parts list (usually provided on a separate sheet or within the main manual) to ensure everything is present.
2. **Assemble Main Bed Frame:** Follow the diagrams to connect the side panels and head/footboards using the provided hardware. Do not fully tighten screws until the frame is stable.
3. **Install Upper Slatted Base:** Place the 13-slat plywood base onto the designated supports within the main bed frame. Secure as instructed.
4. **Assemble Trundle Bed Frame:** Construct the frame for the pull-out trundle bed. This will include its own side rails and supports.
5. **Install Lower Slatted Base:** Place the 14-slat plywood base onto the trundle bed frame. Secure as instructed.
6. **Assemble Storage Drawer:** Construct the storage drawer, attaching the wheels to the bottom panel.
7. **Integrate Trundle and Drawer:** Slide the assembled trundle bed and storage drawer into their respective positions under the main bed frame. Ensure they move smoothly.
8. **Final Tightening:** Once all components are in place and aligned, fully tighten all screws and fasteners. Do not overtighten.

Image 2: View of the main bed frame with the upper slatted base installed, before trundle and drawer integration.

5. OPERATING INSTRUCTIONS

5.1. Transforming from Single to Double Bed

- 1. Prepare the Area:** Ensure there is enough clear space in front of the daybed to extend the trundle.
- 2. Pull Out Trundle:** Gently pull the trundle bed frame outwards from under the main bed. It is designed to slide smoothly on its mechanism.
- 3. Position Mattress:** Place a second 90 x 190 cm mattress on the extended trundle bed.

To revert to a single bed, remove the second mattress and gently push the trundle bed back into its closed position under the main bed.

Image 3: The ALFIERO II Daybed with the trundle bed fully extended, ready for a second mattress.

5.2. Using the Storage Drawer

1. **Open Drawer:** Pull the integrated drawer outwards from the front of the daybed. It operates on wheels for easy access.
2. **Storage:** Use the drawer to store bedding, clothes, or other items, ensuring the total weight does not exceed 50 kg.
3. **Close Drawer:** Gently push the drawer back into its closed position under the bed.

Tip: When the trundle bed is closed, you can stack two 90 x 190 cm mattresses on the main bed for enhanced comfort, provided the combined height fits comfortably within the bed frame.

Image 4: The ALFIERO II Daybed with the integrated storage drawer pulled open.

6. MAINTENANCE

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the lacquered finish.
- **Dusting:** Regularly dust the bed frame to prevent buildup.
- **Fasteners:** Periodically check all screws and bolts to ensure they are tight. Retighten as necessary to maintain the bed's stability and safety.
- **Moving the Bed:** When moving the bed, lift it rather than dragging it to prevent damage to the frame and floor.
- **Drawer Rails/Wheels:** Keep the drawer wheels and tracks free of dust and debris to ensure smooth operation.

7. TROUBLESHOOTING

- **Difficulty Assembling:**

Solution: Review the assembly instructions carefully. Ensure all parts are correctly oriented and that screws are not overtightened prematurely. Sometimes, loosening all screws slightly, adjusting components, and then retightening can resolve alignment issues.

- **Trundle Bed or Drawer Sticks:**

Solution: Check for any obstructions in the tracks or under the bed. Ensure the wheels are clean and free of debris. Verify that the bed frame is level and not warped, which could cause misalignment.

- **Bed Feels Unstable or Wobbly:**

Solution: All fasteners may not be fully tightened. Go through all connections and tighten screws and bolts securely. Avoid overtightening, which can strip threads or crack wood.

- **Missing Parts or Damaged Components:**

Solution: Do not attempt to assemble with missing or damaged parts. Contact Vente-unique customer support immediately for replacements.

8. SPECIFICATIONS

Brand	Vente-unique
Model	ALFIERO II
Color	White
Material	Pine wood, MDF
Finish	Lacquered, Varnished
Dimensions (L x W x H)	200 cm x 98 cm x 84.5 cm (78.7 x 38.6 x 33.3 inches)
Sleeping Area (Single)	90 x 190 cm (35.4 x 74.8 inches)
Sleeping Area (Extended)	174 x 190 cm (68.5 x 74.8 inches) -Requires two 90x190 cm mattresses
Upper Slatted Base	13 plywood slats

Drawer Dimensions (L x D x H)	173.5 cm x 56 cm x 16 cm (68.3 x 22 x 6.3 inches)
Maximum Sleeping Weight Capacity	120 kg (264 lbs)
Maximum Drawer Weight Capacity	50 kg (110 lbs)
Product Weight	51.9 kg (114.4 lbs)

9. WARRANTY INFORMATION

Vente-unique products are covered by a standard manufacturer's warranty against defects in materials and workmanship. Specific warranty terms and duration may vary. Please refer to your purchase documentation or contact Vente-unique customer service for detailed warranty information.

This warranty typically covers manufacturing defects but does not cover damage resulting from improper assembly, misuse, neglect, accidents, or normal wear and tear.

10. SUPPORT INFORMATION

For assistance with assembly, missing parts, or any other product-related inquiries, please contact Vente-unique

customer support.

- **Online Support:** Visit the official Vente-unique website for FAQs and contact forms.
- **Contact Seller:** If purchased through a marketplace, contact the seller directly via their platform for immediate assistance.

When contacting support, please have your product model (ALFIERO II) and purchase details readily available.
