# Vente-unique Leto Zero Gravity Massage Armchair

Model: Leto

Brand: Vente-unique

## 1. INTRODUCTION

The Vente-unique Leto Zero Gravity Massage Armchair is designed to provide a comprehensive and relaxing massage experience. Featuring advanced Zero-Gravity technology, it positions your body to minimize spinal pressure, promoting deep relaxation and stress relief. This manual provides essential information for the safe and effective operation, maintenance, and troubleshooting of your massage armchair.

## 2. IMPORTANT SAFETY INSTRUCTIONS

Please read all instructions carefully before using the massage armchair. Keep this manual for future reference.

- Always unplug the armchair from the power outlet immediately after use and before cleaning.
- Do not use while bathing or in a shower.
- Do not place or store the armchair where it can fall or be pulled into a tub or sink.
- Do not reach for an armchair that has fallen into water. Unplug immediately.
- Close supervision is necessary when this armchair is used by, on, or near children, invalids, or disabled persons.
- Use this armchair only for its intended use as described in this manual. Do not use attachments not recommended by the manufacturer.
- Never operate this armchair if it has a damaged cord or plug, if it is not working properly, if it has been dropped or damaged, or dropped into water.
- Keep the cord away from heated surfaces.

- Never drop or insert any object into any opening.
- Do not use outdoors.
- Do not operate where aerosol (spray) products are being used or where oxygen is being administered.
- To disconnect, turn all controls to the off position, then remove plug from outlet.
- The armchair features overload and pressure detection, an automatic temperature sensor, and a safety shut-off mechanism for enhanced user safety.

### 3. PACKAGE CONTENTS

Upon unpacking, please ensure all components are present and in good condition. The package typically includes:

- Vente-unique Leto Massage Armchair (Main Unit)
- Remote Control
- Power Cord
- User Manual (this document)

If any items are missing or damaged, please contact customer support immediately.

### 4. SETUP AND ASSEMBLY

The Vente-unique Leto massage armchair typically arrives largely pre-assembled. Follow these steps for initial setup:

1. **Unpacking:** Carefully remove the armchair from its packaging. Retain packaging materials for future transport or storage.
2. **Placement:** Position the armchair on a flat, stable surface. Ensure there is sufficient space around the chair, especially behind and in front, to allow for full recline without obstruction.
3. **Power Connection:** Locate the power input port on the armchair. Connect the power cord securely to the armchair and then plug it into a grounded electrical outlet.
4. **Remote Control:** Ensure the remote control is connected (if wired) or has fresh batteries (if wireless). The remote control is essential for operating the chair's functions.

Figure 2: Dimensions of the Leto massage armchair, showing a height of 144 cm, a depth of 119 cm, and a width of 73 cm. Ensure adequate space for placement and recline.

## 5. OPERATING INSTRUCTIONS

The Leto massage armchair is operated via its integrated remote control, featuring an illuminated LCD display for easy use even in low light conditions.

### 5.1. Zero Gravity Function

The Zero-Gravity technique, inspired by NASA, positions your body at an angle of  $126^{\circ}$  ( $\pm 7^{\circ}$ ), aligning your heart, legs, and back on a single plane. This posture minimizes pressure on the spine, promoting immediate relaxation and effective stress reduction.

- Locate the "Zero Gravity" button on your remote control.
- Pressing this button will automatically recline the chair to the optimal Zero Gravity position.
- You can adjust the recline angle of the backrest from 115 to 160 degrees and the footrest from 0 to 90

degrees using the dedicated recline controls on the remote.

## 6. MAINTENANCE AND CARE

Proper maintenance ensures the longevity and optimal performance of your massage armchair.

- **Cleaning:**

- Always unplug the armchair before cleaning.
  - Wipe the synthetic leather surfaces with a soft, damp cloth. Do not use abrasive cleaners, solvents, or harsh chemicals.
  - For stubborn stains, use a mild soap solution and wipe dry immediately.
  - Avoid getting water into any electrical components.
- **Storage:** If storing the armchair for an extended period, ensure it is clean and dry. Store in a cool, dry place away from direct sunlight and extreme temperatures.
  - **Inspection:** Periodically inspect the power cord and plug for any damage. If damage is found, discontinue use and contact customer support.

## 7. TROUBLESHOOTING

If you encounter issues with your massage armchair, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Armchair does not power on.	Power cord not securely plugged in; no power from outlet; power switch off.	Check power cord connection; test outlet with another device; ensure power switch is on.
Massage function not working.	Program not selected; safety shut-off activated; remote control issue.	Select a massage program; unplug and replug the chair to reset safety features; check remote control batteries/connection.
Recline function not responding.	Obstruction; motor issue; remote control issue.	Check for obstructions around the chair; ensure no weight is preventing movement; check remote control.
Unusual noises during operation.	Normal operational sounds; loose component.	Some motor sounds are normal. If noises are loud or unusual, discontinue use and contact support.

If the problem persists after attempting these solutions, please contact Vente-unique customer support.
