WHAT'S IN THE Box

Your Audien ATOM package includes the following components:

- 2 hearing amplifiers
- 1 charging dock
- 1 Charging Cable and Wall Plug
- 1 carrying case
- 4 wax guards
- 1 ear tips set (3 different sizes: Small, Medium, Large)
- User Manual & Getting Started Guide

SETUP

Initial Charging

Before first use, fully charge your Audien ATOM hearing amplifiers. Place both devices into the sleek magnetic charging dock. Connect the charging cable to the dock and plug it into a wall outlet using the provided wall plug. A full charge takes approximately 4-6 hours and provides up to 20 hours of battery life.

Fitting the Ear Tips

Select the ear tip size (Small, Medium, or Large) that provides the most comfortable and secure fit within your ear canal. The correct fit is crucial for optimal sound quality and to minimize whistling or feedback. Gently push the chosen ear tip onto the amplifier until it is firmly attached.

OPERATING INSTRUCTIONS

Power On/Off

To power on the device, locate the small switch on the amplifier and slide it to the "On" position. To power off, slide the switch to the "Off" position. The devices are designed to be left on when placed in the charging dock.

Volume Adjustment

The Audien ATOM features a precise turning volume control. Use the small screwdriver tool provided to adjust the volume to your individual needs. Start with a lower setting and gradually increase until the sound is comfortable and clear. The devices amplify speech while reducing background noise, making it easier to hear in various settings.

For a visual guide on operation, please refer to the official product video below:

MAINTENANCE

Cleaning Your Amplifiers

Regular cleaning is essential to maintain the performance and longevity of your Audien ATOM hearing amplifiers. Use the

provided cleaning brush to gently remove any earwax or debris from the ear tips and the device's surface. Ensure the built-in, replaceable wax guards are clear to prevent sound blockage.

Replacing Wax Guards

The devices include built-in, replaceable wax guards. If you notice a decrease in sound quality or blockage, replace the wax guards using the spares provided in your kit. Refer to the Getting Started Guide for detailed instructions on wax guard replacement.

TROUBLESHOOTING

If you experience issues with your Audien ATOM hearing amplifiers, consider the following common troubleshooting steps:

- **No Sound:** Ensure the device is powered on and fully charged. Check that the ear tip is not blocked by earwax.
- **Weak Sound:** Adjust the volume using the provided tool. Clean the ear tip and wax guard. Ensure the ear tip is properly seated in your ear canal.
- **Whistling/Feedback:** This often indicates an improper fit. Try a different size ear tip from the included set to ensure a snug seal in your ear canal.
- **Intermittent Sound:** Ensure the device is fully charged. Clean the charging contacts on both the device and the dock.

For further assistance, please refer to the comprehensive User Manual or contact Audien Hearing customer support.

SPECIFICATIONS

Feature	Detail
Model Name	Atom

Audien Hearing 1-Year Limited Warranty

Warranty: Audien Hearing warrants that our hearing aids shall be free from material defects and manufacturing errors when used in accordance with applicable specifications, and perform in accordance with the product documentation under normal usage for a period of 1 Year from the date of purchase or delivery to the Customer.

Remedy: In the event of a material defect or non-conforming product, Audien Hearing shall, at its own option and expense, promptly replace the defective product or refund the purchase price. Such remedy shall be the Customer's sole and exclusive remedy under this Warranty.

Exclusions: The Warranty does not cover

(a) Consumable parts such as Wax Guards, Cleaning Brushes, and Ear Domes;
(b) Damage due to accident, abuse, misuse, liquid contact, or other external cause;
(c) Damage caused by operating the product outside of the product's published guidelines;
(d) Defects caused by normal wear and tear or otherwise due to the normal aging of the Product.

Procedure: To file a Warranty claim, the Customer must contact Audien Hearing's customer support center and specify the nature of the defect. Audien will arrange for the return of the defective product at Audien's cost for inspection and subsequent Customer Remedy.
