## StoveGuard JGS760SELSS

# StoveGuard Model JGS760SELSS Gas Range Stove Top Protector Instruction Manual

Comprehensive guide for installation, usage, and maintenance of your StoveGuard protector.

## 1. PRODUCT OVERVIEW

---

The StoveGuard Model JGS760SELSS is a custom-designed and precision-cut stove top protector for compatible GE gas ranges. It is engineered to safeguard your stovetop from spills, scratches, and heat damage, simplifying kitchen cleanup and extending the life of your appliance.

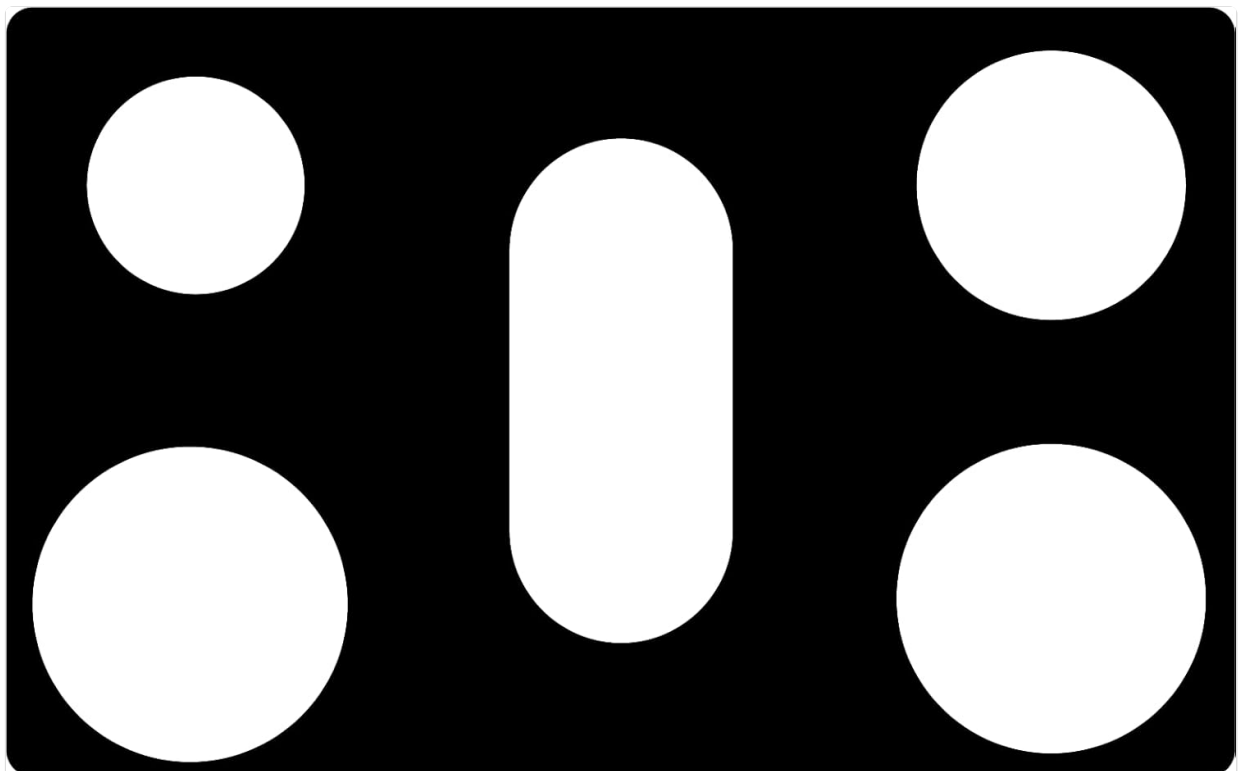

- **Custom Designed & Precision Cut:** Each protector is specifically tailored to fit your exact stove model, ensuring optimal coverage and a seamless appearance.
- **Premium Protection:** Made from high-quality, durable materials, it protects your stove from daily wear, spills, and heat.
- **Durable Design:** Constructed to withstand the demands of a busy kitchen, resistant to heat, stains, and scratches for long-lasting performance.
- **Easy To Use & Clean:** Designed for straightforward installation, removal, and effortless cleaning under running water.

## 2. MODEL VERIFICATION AND FIT

Before installation, it is crucial to confirm that you have the correct StoveGuard model for your appliance. This protector is specifically designed for **GE Gas Range Model JGS760SELSS**. Please verify your stove's model number and ensure its burner configuration matches the template shown below.

### 3. INSTALLATION INSTRUCTIONS

---

Follow these steps to properly install your StoveGuard protector:

1. Ensure your stove top is clean and cool to the touch.
2. Carefully remove the stove grates and burner caps from your gas range.
3. Unroll the StoveGuard protector and align it over the stovetop, matching the cutouts with the burner bases.
4. Gently press the protector down to ensure it lies flat and fits snugly around each burner.
5. Replace the burner caps and stove grates. Ensure all components are correctly seated.

### 4. USAGE GUIDELINES

---

The StoveGuard protector is designed for continuous use while cooking. It is made from durable, fire-retardant materials and is heat resistant. The design ensures it fits closely around each burner while maintaining necessary safety proximity standards.

- Always ensure the protector is properly seated around all burners before operating the stove.
- Do not obstruct any ventilation openings on your stove.
- While heat resistant, avoid direct contact of open flames with the protector material for prolonged periods.

## Clean Less | Live More

Proudly made in the USA, StoveGuard stovetop protectors are custom designed and precision cut to fit your stove model's specific design. Our stovetop protectors are easy to install, easy to remove, and a safe way to keep your stovetop clean. Simplify your life by making cleanup a breeze.

## 5. CLEANING AND MAINTENANCE

---

Cleaning your StoveGuard protector is simple and helps maintain its appearance and protective qualities:

1. Allow the stove and protector to cool completely before cleaning.

2. Carefully remove the stove grates and burner caps, then lift the StoveGuard protector from the stovetop.
3. Rinse the protector under warm running water to remove spills and debris. For stubborn stains, a mild dish soap can be used.
4. Wipe dry with a soft cloth or allow to air dry completely before reinstalling.
5. Do not use abrasive cleaners, harsh chemicals, or scouring pads, as these can damage the protector's surface.

## 6. TROUBLESHOOTING

---

If you encounter any issues with your StoveGuard protector, consider the following:

- **Improper Fit:** Double-check that your stove model number is JGS760SELSS and that the protector's cutouts align perfectly with your burners. An incorrect model will not fit properly.
- **Wrinkling or Lifting:** Ensure the protector is laid flat on a clean, dry surface. Minor wrinkles typically flatten out with use and heat from cooking.
- **Persistent Stains:** For very tough stains, try soaking the protector in warm, soapy water for a short period before rinsing. Avoid harsh scrubbing.

If problems persist, please contact StoveGuard customer support for assistance.

## 7. PRODUCT SPECIFICATIONS

---

Specification	Detail
Model Number	JGS760SELSS

Brand	StoveGuard
Manufacturer	StoveGuard, LLC
Item Weight	10 ounces
