

OKELI 3 light bathroom light

OKELI 3-Light Dimmable LED Bathroom Vanity Light Fixture Instruction Manual

Model: 3 light bathroom light

IMPORTANT SAFETY INFORMATION

Please read these instructions carefully before installation and use. Keep this manual for future reference.

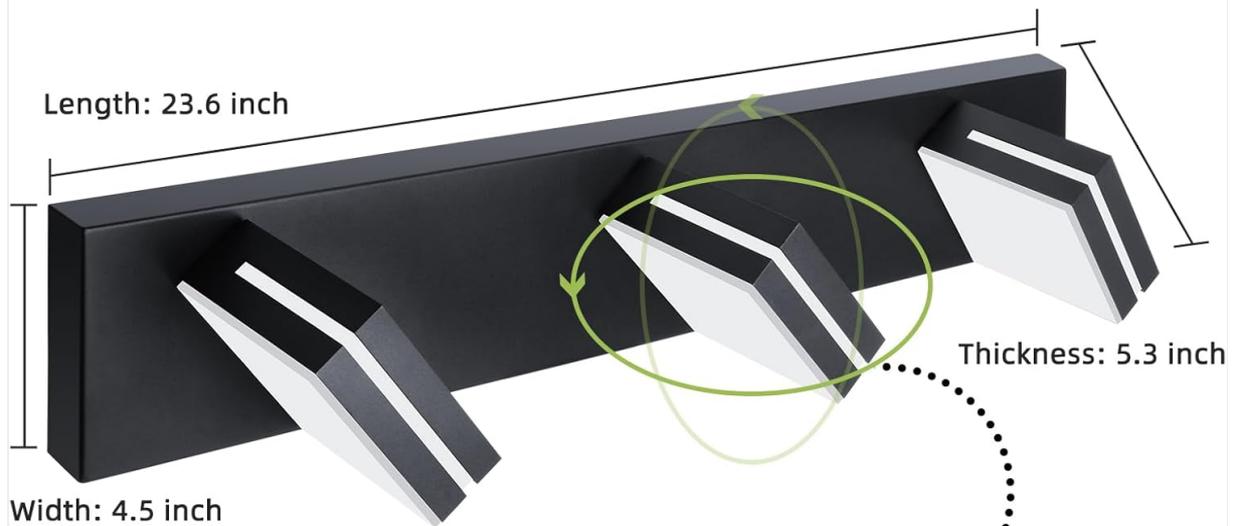

- Always turn off the power at the main circuit breaker before beginning installation.
- All electrical connections must be in accordance with local codes, ordinances, and the National Electric Code (NEC).
- If you are unfamiliar with electrical wiring, consult a qualified electrician.
- This fixture is ETL Certified (ETL Listed No: 5014735) for safety and operates at a standard voltage of 120V.
- Ensure the mounting surface is sound and can support the weight of the fixture.

WHAT'S IN THE BOX

The package includes the following components:

- OKELI 3-Light Bathroom Vanity Light Fixture
- Mounting Hardware (screws, wire nuts, etc.)
- Installation Instruction Sheet

Dimensions

Adjustable Lamp Head

With 360° rotatable lamp design, you can easily turn individual lights to different position if desired.

SETUP AND INSTALLATION

Follow these steps to properly install your OKELI Bathroom Vanity Light Fixture:

1. **Turn off Power:** Before starting, ensure the power supply to the installation area is turned off at the circuit breaker.
2. **Prepare Mounting Bracket:** Remove the mounting bracket from the back of the light fixture by unscrewing the retaining screws.
3. **Mount Bracket:** Secure the mounting bracket to the wall using the provided screws and anchors. Ensure it is level and firmly attached.
4. **Wire Connections:** Connect the electrical wires from the wall to the fixture's wires using the provided wire nuts. Connect live to live (black to black), neutral to neutral (white to white), and ground to ground (copper to copper/green).
5. **Attach Fixture:** Carefully align the light fixture with the mounted bracket and secure it in place using the retaining screws.
6. **Restore Power:** Once the fixture is securely installed and all connections are made, turn the power back on at the circuit breaker.

Dimming Functionality

This LED light is dimmable from 10% to 100%, offering a customizable ambiance. To utilize the dimming feature, a compatible dimmer switch (not included) must be installed.

Light Color Temperature

The fixture provides a bright, clear 6000K cool white illumination, ideal for tasks requiring high visibility such as makeup application and grooming.

MAINTENANCE

To ensure the longevity and optimal performance of your OKELI Bathroom Vanity Light Fixture, follow these simple maintenance guidelines:

- **Cleaning:** Always turn off the power before cleaning. Use a soft, dry cloth to wipe down the fixture. Avoid abrasive cleaners, solvents, or any cleaning products containing alcohol, as these can damage the finish and acrylic components.
- **Inspection:** Periodically check all electrical connections and mounting hardware for tightness. Loose connections can cause overheating or intermittent operation.
- **LED Longevity:** The integrated LED light source has an average life of 50,000 hours and is not user-replaceable.

TROUBLESHOOTING

If you experience issues with your light fixture, refer to the following common troubleshooting steps:

- **Light does not turn on:**
 - Check the circuit breaker to ensure power is on.
 - Verify all wire connections are secure.

- Ensure the wall switch is in the ON position.
- **Light flickers or dims unexpectedly:**
 - Ensure all wire connections are tight.
 - If using a dimmer, confirm it is compatible with LED fixtures and properly installed.
- **Light is not bright enough:**
 - If using a dimmer, ensure it is set to 100% brightness.
 - Verify the fixture is suitable for the room size and lighting requirements.

If problems persist after following these steps, please contact customer support.
