Roomratv 52 Inch Smart Ceiling Fan with Light User Manual

Model: 9004

1. INTRODUCTION

This manual provides detailed instructions for the installation, operation, and maintenance of your Roomratv 52 Inch Smart Ceiling Fan with Light. Please read this manual thoroughly before installation and use to ensure safe and efficient operation. Keep this manual for future reference.

Image 1: Overview of the Roomratv 52 Inch Smart Ceiling Fan with Light. The fan features five blades, a central LED light, and a sleek black finish.

2. SAFETY INFORMATION

Always follow basic safety precautions when installing and operating electrical appliances to reduce the risk of fire, electric shock, and personal injury.

- Ensure the power is turned off at the circuit breaker before installation or maintenance.
- All wiring must be in accordance with national and local electrical codes. Consult a qualified electrician if you are unsure.
- The mounting structure must be capable of supporting the weight of the fan (approximately 16.65 pounds).
- Do not insert objects into the path of the fan blades.
- Ensure all connections are secure and properly insulated.

3. PACKAGE CONTENTS

Verify that all components are present before beginning installation:

- Ceiling Fan Motor Assembly
- 5 Fan Blades
- LED Light Kit
- Remote Control
- Downrod (6 Inches)
- Mounting Bracket and Hardware
- Instruction Manual

SMART APP CONTROL

- Control Fan Speed
- 1/2/4 Hours Timer
- Adjust Brightness
- Adjust color temperature
- Wood Fan Can Be Reversed

SMART HOME

Use Simple Voice Commands To Control Okeli Smart Ceiling Fans. For Example:

- Alexa, Turn On/Off The Lights.
- Alexa, Turn On/Off The Fan.
- Alexa, Turn The Fan Speed To 40%.

 Speaker Not Included

Image 2: The fan blades are reversible, offering a choice between a wooden grain finish and a matte black finish to match various interior styles.

4. SETUP AND INSTALLATION

Installation requires careful attention to detail. It is recommended to have two people for installation. If you are not comfortable with electrical wiring, consult a qualified electrician.

4.1 Pre-Installation Steps

- Turn off Power:** Locate the circuit breaker for the fan location and turn off the power.
- Prepare Mounting:** Ensure the junction box is securely mounted and capable of supporting the fan's weight.

4.2 Assembly and Wiring

- Mounting Bracket:** Attach the mounting bracket to the ceiling junction box.
- Downrod Installation:** Secure the downrod to the motor assembly.
- Wiring:** Connect the fan's electrical wires to the household wiring according to the provided wiring diagram. Ensure all connections are tight and covered with wire nuts.
- Canopy Installation:** Carefully lift the fan assembly and secure the canopy to the mounting bracket.
- Blade Attachment:** Attach the fan blades to the motor housing. Note that the blade arms may need to be installed before the light bracket in some configurations.
- Light Kit Installation:** Connect and secure the LED light kit to the bottom of the fan motor assembly.

4.3 Initial Power-Up and Testing

- Restore Power:** Turn the power back on at the circuit breaker.
- Test Remote Control:** Use the remote control to test fan speeds and light functions.

5. OPERATING INSTRUCTIONS

Your Roomratv Smart Ceiling Fan offers multiple control methods for convenience.

5.1 Remote Control Operation

The included remote control allows direct access to all fan and light functions.

- Fan Speed:** Select from 6 fan speeds.
- Light On/Off:** Toggle the LED light.
- Light Dimming:** Adjust light brightness from 10% to 100%.
- Color Temperature:** Change the light color temperature (3000K Warm White, 4500K Neutral White, 6000K Cool White).
- Timer:** Set the fan to turn off after 1, 2, 4, or 8 hours.
- Fan Direction:** Reverse the fan blade rotation for summer or winter mode.

2 Colors Available

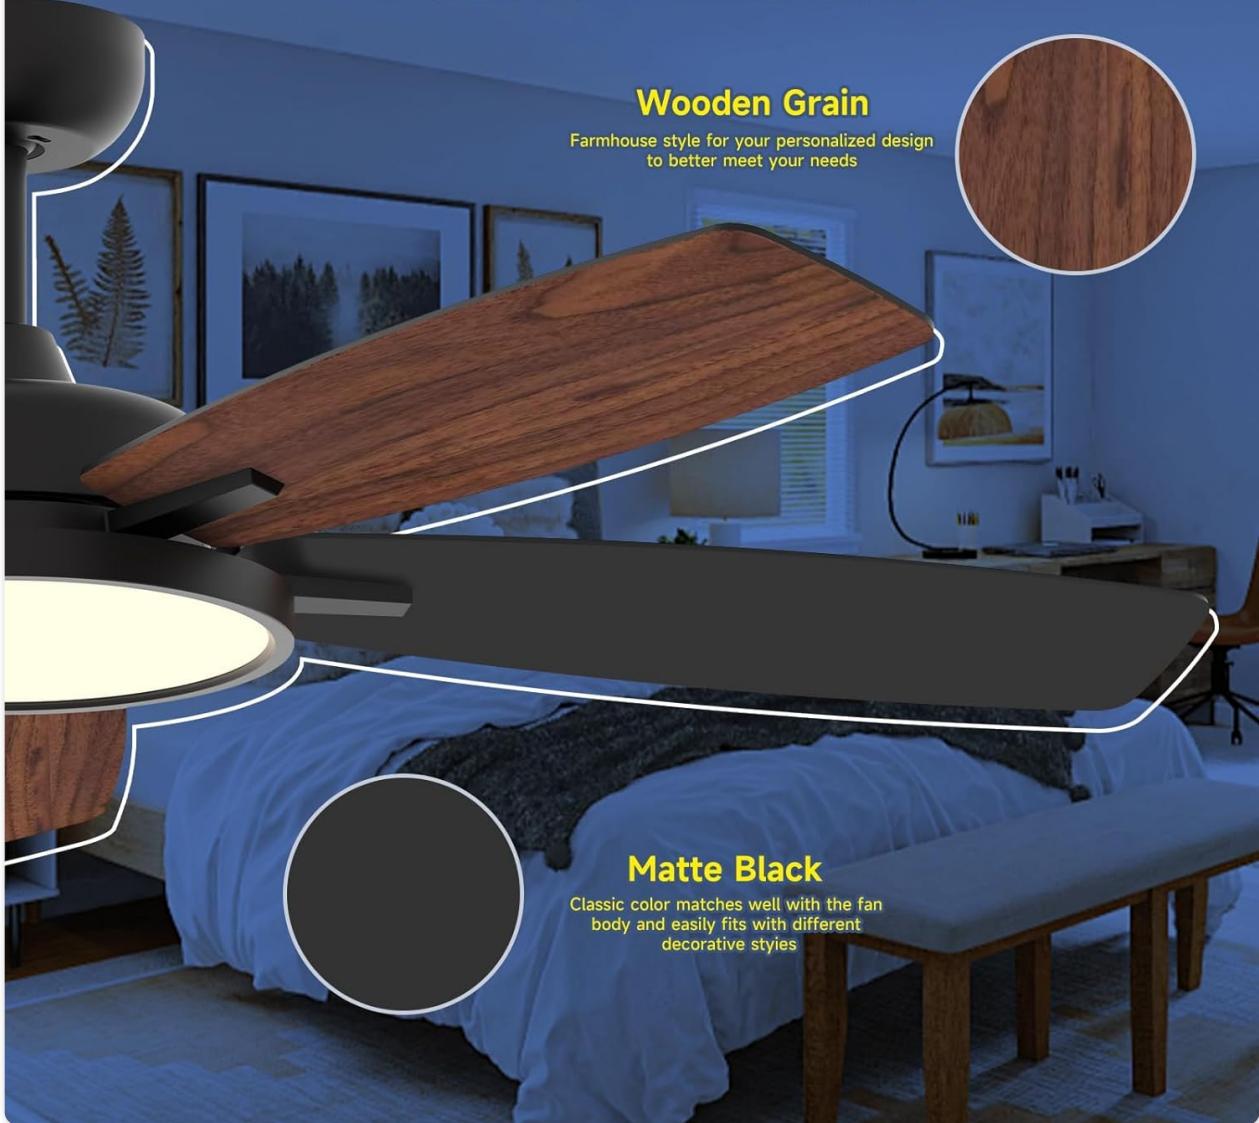

Image 3: The LED light offers stepless dimming from 10% to 100% brightness and adjustable color temperatures including 3000K (Warm White), 4500K (Neutral White), and 6000K (Cool White).

5.2 Smart App Control

Control your fan from anywhere using the SmartEra, Smartlife, or Tuya app (requires 2.4 GHz Wi-Fi connection).

- 1. Download App:** Search for "Smartlife" or "Tuya" in your device's app store.
- 2. Account Creation:** Create an account and log in.
- 3. Add Device:** Follow the in-app instructions to add your ceiling fan. Ensure your phone is connected to a 2.4 GHz Wi-Fi network during setup.
- 4. Functions:** The app allows control of fan speed, timer, light brightness, color temperature, and fan direction.

Image 4: The Smart App Control interface allows users to adjust light brightness, color temperature, and fan speed settings from their smartphone.

5.3 Voice Control (Alexa & Google Assistant)

Integrate your fan with Alexa or Google Assistant for hands-free control.

- Link Account:** In the Alexa or Google Home app, link your Smartlife/Tuya account.
- Discover Devices:** Allow the voice assistant to discover your new fan.
- Voice Commands:** Use commands such as:
 - "Alexa, turn on the smart fan."
 - "Hey Google, turn off the ceiling fan light."
 - "Alexa, set the ceiling fan speed to 3."
 - "Hey Google, set the light to 50%."

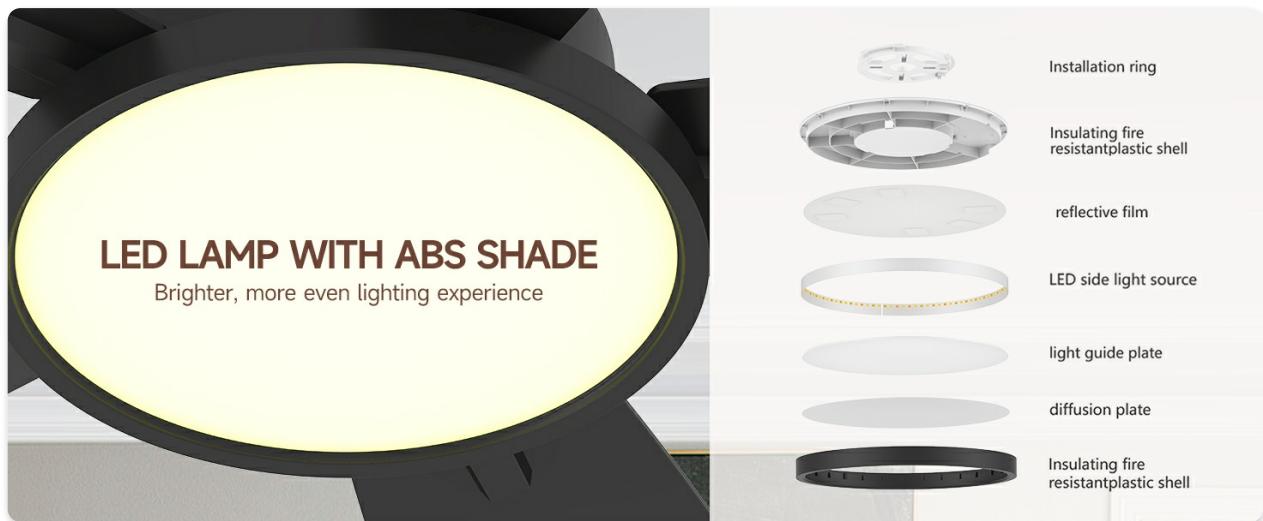

Image 5: The fan supports voice control through Alexa and Google Assistant, allowing for hands-free operation of fan and light functions.

6. FEATURES

- **Dimmable LED Light:** Integrated LED light kit with adjustable brightness (10%-100%) and color temperature (3000K-6000K).
- **Reversible DC Motor:** Energy-efficient DC motor allows for seasonal use. In summer, the downdraft mode creates a cooling breeze. In winter, the updraft mode circulates warm air.
- **Ultra-Quiet Operation:** The DC motor operates at a low noise level of 28 dB, ensuring a peaceful environment.
- **6 Fan Speeds:** Offers a range of airflow options from a soft breeze (1-2 speeds for sleep) to strong wind (5-6 speeds for rapid cooling).
- **Timer Function:** Programmable shutdown timer for 1, 2, 4, or 8 hours.
- **Room Size Suitability:** Ideal for rooms ranging from 12 ft x 12 ft to 18 ft x 18 ft.

**Ultra-quiet
enjoy the comfort**

Meets different wind speed needs

Soft Wind
1-2 Speeds
suitable for sleep

Natural Wind
3-4 Speeds
suitable for daily life

Cool Wind
5-6 Speeds
suitable for hot summer

Room Size: 12ft x 12ft to 18ft x 18ft

Image 6: The reversible DC motor allows the fan to operate in downdraft mode for cooling in summer and updraft mode for circulating warm air in winter, enhancing year-round comfort.

Image 7: The fan features ultra-quiet operation and offers six speed settings, categorized for soft wind (1-2 speeds for sleep), natural wind (3-4 speeds for daily life), and cool wind (5-6 speeds for hot summer).

7. MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your ceiling fan.

- **Cleaning:** Periodically clean the fan blades and motor housing with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- **Tighten Screws:** Check and tighten all screws and connections annually to prevent wobbling and noise.
- **Light Kit:** The LED light kit is integrated and does not require bulb replacement.

8. TROUBLESHOOTING

If you encounter issues, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Fan does not start	No power; loose wiring; remote control battery dead.	Check circuit breaker; verify wiring connections; replace remote control battery.
Light does not work	Loose wiring; light kit connection issue.	Check light kit wiring; ensure proper connection to the fan.
Fan wobbles	Loose blades; unbalanced blades; loose mounting.	Ensure all blade screws are tight; check for proper blade balance; verify mounting bracket is secure.
Remote control not responding	Battery dead; remote not paired.	Replace remote battery; refer to pairing instructions in the full manual (if applicable).
App/Voice control not working	Wi-Fi connectivity issue; incorrect app setup; account not linked.	Ensure 2.4 GHz Wi-Fi is active; re-do app setup; re-link account with Alexa/Google Home.

If problems persist, please contact Roomratv customer support.

9. SPECIFICATIONS

Feature	Specification
Brand	Roomratv
Model Name	9004
Product Dimensions	52"D x 52"W x 14.17"H
Item Weight	16.65 Pounds
Color	Black
Electric Fan Design	Ceiling Fan
Power Source	AC
Voltage	120 Volts (AC)
Wattage	59 watts
Number of Blades	5
Speed Settings	6 RPM (speeds)
Air Flow Capacity	4191 Cubic Feet Per Minute

Feature	Specification
Noise Level	28 dB
Type of Bulb	LED
Luminous Flux	2400 lumen
Special Features	Adjustable Height, App Operable, LED Light, Remote Controlled, Timer
Control Method	Remote
Indoor/Outdoor Usage	Indoor, Outdoor
UPC	799513811288

10. WARRANTY AND SUPPORT

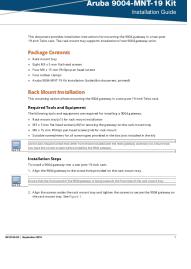

The Roomratv 52 Inch Smart Ceiling Fan comes with a 5-year warranty.

For any issues, questions, or support needs, please contact Roomratv customer service. Our team is dedicated to providing satisfactory solutions.
