KOTEK PI-670-HW

KOTEK DSW Dining Chairs Instruction Manual

Model: PI-670-HW

INTRODUCTION

This manual provides detailed instructions for the assembly, use, and maintenance of your KOTEK Set of 4 Dining Chairs. These chairs feature a DSW molded shell plastic seat with a mesh design and solid wood legs, offering a mid-century modern aesthetic suitable for various rooms. Please read this manual thoroughly before assembly and use to ensure proper function and longevity of your chairs.

SAFETY INFORMATION

Before assembly and use, please read all safety warnings and guidelines:

- **Maximum Weight Capacity:** Each chair has a maximum weight capacity of 331 lbs (150 kg). Do not exceed this limit to prevent damage or injury.
- **Floor Protection:** The chairs are equipped with non-slip foot pads designed to prevent scratches on floors. Ensure these pads are always in place and in good condition.
- **Secure Assembly:** Ensure all connections are securely tightened during assembly. Periodically check all screws for tightness and re-tighten if necessary.
- **Child Safety:** The chairs feature rounded corners for enhanced safety. However, always supervise children around furniture.
- **Intended Use:** These chairs are designed for indoor use only, suitable for carpet or hard floor surfaces.

PACKAGE CONTENTS

Please verify that all components are present and undamaged before beginning assembly. If any parts are missing or damaged, contact customer support.

- 4 x Dining Chair Seats (Molded Shell)
- 4 x Leg Frames (Beech Wood with Metal Cross Tubes)
- 1 x Hardware Pack (Includes screws, washers, and Allen wrench)

- 1 x Assembly Instruction Sheet

ASSEMBLY INSTRUCTIONS

Follow these steps carefully to assemble your KOTEK Dining Chairs. It is recommended to assemble on a soft, clean surface to prevent damage to the chair components or your floor.

1. **Unpack Components:** Carefully remove all parts from the packaging. Lay them out and identify each component against the parts list provided in the included instruction sheet.
2. **Attach Leg Frame to Seat:** Align the leg frame with the pre-drilled holes on the underside of the chair seat. Ensure the frame is oriented correctly.

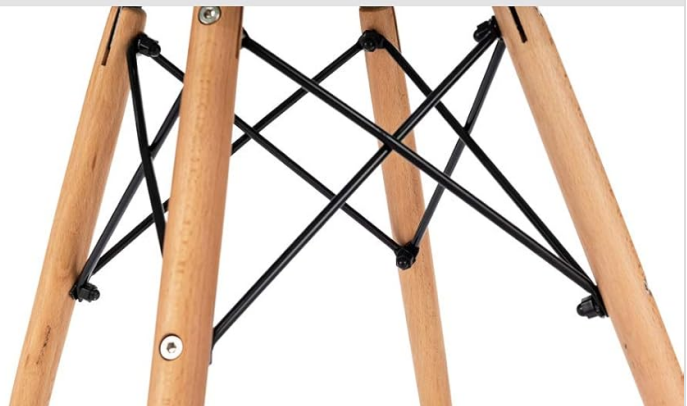

Ergonomic Design

Ergonomic design fits your body shape for an optimum comfort while sitting

Sturdy Cross Frame

Metal tube welding with solid beech wood leg ensures stable and firm

Anti-Sliding Leg Pads

Varnished leg with soft foot rings prevents scratching floors and enhance sturdiness

Image: Underside view of the chair, highlighting the metal cross frame and the attachment points for the beech wood legs. This structure ensures stability.

3. **Secure with Screws:** Insert the provided screws and washers through the leg frame and into the seat. Hand-tighten all screws initially to ensure proper alignment before fully tightening.
4. **Tighten Connections:** Once all screws are in place, use the included Allen wrench to fully tighten all screws. Ensure they are snug but do not overtighten, as this can damage the plastic seat or strip the threads.

OPERATING INSTRUCTIONS (USAGE AND PLACEMENT)

Your KOTEK dining chairs are designed for versatile use in various indoor settings.

- **Intended Use:** These chairs are suitable for dining rooms, kitchens, living rooms, and other indoor areas where seating is required.

- **Ergonomic Comfort:** The ergonomic design with a curved backrest and mesh seat provides comfort and ventilation, even during extended periods of sitting.

Mesh Seat Base

Benefits to ventilation and breathability
as well as heat dissipation

Maximum weight capacity of 331 lbs

CARE AND MAINTENANCE

Proper care will extend the life and appearance of your KOTEK dining chairs.

- **Cleaning:** Wipe clean with a damp cloth. Avoid harsh chemicals, abrasive cleaners, or solvents, which can damage the polypropylene seat or wood legs.
- **Dusting:** Regularly dust the chairs with a soft, dry cloth to prevent buildup.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Re-tighten if necessary to maintain stability and safety.

TROUBLESHOOTING

This section addresses common issues you might encounter with your dining chairs.

- **Wobbling Chair:** If a chair wobbles, first ensure it is placed on a level surface. Then, check that all screws connecting the legs to the seat are fully tightened. Loosen slightly, adjust the chair to a level position, and then re-tighten.
- **Loose Screws:** Over time, screws may loosen due to regular use. Periodically inspect and re-tighten

all assembly screws using the provided Allen wrench. Avoid overtightening.

- **Scratched Floors:** Ensure the anti-sliding foot pads are intact and properly seated on the bottom of each leg. If pads are missing or damaged, they may need to be replaced to prevent floor scratches.

SPECIFICATIONS

Detailed specifications for the KOTEK Dining Chairs (Model PI-670-HW).

Product Specifications

Feature	Detail
Brand	KOTEK
Model Number	PI-670-HW
