## DOGAIN Active Stylus Pen

# DOGAIN Active Stylus Pen Instruction Manual

Model: Active Stylus Pen

## 1. INTRODUCTION AND OVERVIEW

The DOGAIN Active Stylus Pen is designed for use with most touch-screen devices, including iOS and Android tablets and smartphones. It features a 1.5mm fine copper tip for accurate and sensitive performance, providing a realistic writing experience. The pen is user-friendly with a one-key start mechanism, requiring no Bluetooth or USB connection for operation. It is suitable for various tasks such as drawing, writing, and playing games.

## 2. PACKAGE CONTENTS

Please verify that all items are present in your package:

- 1 x DOGAIN Active Stylus Pen
- 1 x Green Silicone Grip Holder
- 1 x USB Charging Cable
- 1 x User Manual

### 3. SETUP

---

The DOGAIN Active Stylus Pen is designed for immediate use without complex setup procedures.

1. **Initial Charge:** Before first use, ensure the stylus is fully charged. Refer to the "Charging and Battery Life" section for details.
2. **Power On:** Locate the power button on the stylus. Press the button once to turn on the stylus. A blue indicator light will illuminate, signifying that the pen is active and ready for use.
3. **Power Off:** To turn off the stylus, press the power button once again. The blue indicator light will turn off.

## Detail display

Image: A detailed diagram highlighting the 1.5mm metal tip, built-in Micro USB charging port, one-button switch, and the green stylus grip.

## 4. OPERATING INSTRUCTIONS

Once powered on, the stylus can be used directly on your touch-screen device. No Bluetooth pairing is required.

- **Writing and Drawing:** Hold the stylus as you would a regular pen. The fine tip allows for precise input for writing notes, sketching, or detailed drawing.
- **Navigation:** Use the stylus to navigate your device's interface, tap on icons, scroll through content, and interact with applications.
- **Ergonomic Grip:** The included green silicone grip can be placed on the stylus for enhanced comfort during extended use, reducing hand fatigue.

# Responsive & Precision

 Precision, sensitivity

 Keep writing smoothly

## 5. CHARGING AND BATTERY LIFE

The stylus is equipped with a built-in rechargeable Lithium Polymer battery.

- **Charging Time:** The stylus can be fully charged in approximately 60-80 minutes using the provided Micro USB charging cable.
- **Operating Time:** A full charge provides 8-10 hours of continuous use.
- **Intelligent Power Saving:** The stylus features an intelligent power-saving function to conserve battery life when not in active use.
- **Charging Indicator:** During charging, the indicator light will show red. When fully charged, it will turn green. While in use, the light is blue.

## 7. MAINTENANCE

To ensure the longevity and optimal performance of your DOGAIN Active Stylus Pen, follow these maintenance guidelines:

- **Cleaning:** Wipe the stylus body with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials.
- **Storage:** Store the stylus in a cool, dry place away from direct sunlight and extreme temperatures.
- **Tip Care:** The 1.5mm copper tip is durable but should be protected from drops or impacts that could damage it. The tip does not require replacement.
- **Charging Port:** Keep the Micro USB charging port free of dust and debris.

## 8. TROUBLESHOOTING

If you encounter issues with your DOGAIN Active Stylus Pen, please refer to the following common solutions:

Problem	Possible Cause / Solution
Stylus not responding or inaccurate.	Ensure the stylus is powered on (blue light illuminated). Check battery level and charge if necessary. If your device was previously connected to an Apple Pencil via Bluetooth, disconnect the Apple Pencil first. Clean the stylus tip and device screen.
Stylus not charging.	Ensure the USB charging cable is securely connected to both the stylus and a power source. Try a different USB port or power adapter. Verify the charging indicator light is red during charging.
Stylus does not support palm rejection or pressure sensitivity.	This model of DOGAIN Active Stylus Pen does not feature palm rejection or pressure sensitivity. This is normal operation for this device.
