## Sluban M38-B0766

# Sluban F1 Racing Team Truck and Crew Building Blocks Set M38-B0766 Instruction Manual

Model: M38-B0766 | Brand: Sluban

## INTRODUCTION

Welcome to the instruction manual for your Sluban F1 Racing Team Truck and Crew Building Blocks Set (Model M38-B0766). This comprehensive set includes 1044 high-quality building block pieces, allowing you to construct a detailed F1 racing team truck, a racing car, a motorcycle, and several crew minifigures. Designed for an engaging building experience, this set promotes building skills and imaginative play. The components are made from non-toxic, environmentally safe ABS plastic, ensuring durability and safety.

This manual will guide you through the assembly process, provide operational tips, and offer maintenance advice to ensure long-lasting enjoyment of your building block set.

## SAFETY INFORMATION

- **Choking Hazard:** This set contains small parts and is not suitable for children under 3 years of age. Adult supervision is recommended for younger builders.
- **Recommended Age:** This building block set is recommended for ages 6-12 years, as indicated on the product packaging.
- **Material Safety:** All pieces are made from non-toxic ABS plastic.
- Keep packaging materials away from children to prevent suffocation.

## PACKAGE CONTENTS

Upon opening the box, please verify that all components are present. Your Sluban F1 Racing Team Truck and Crew Building Blocks Set should include:

- Approximately 1044 building block pieces.
- One detailed instruction booklet for step-by-step assembly.
- Several miniature characters (minifigures) representing the F1 racing team and crew.
- Components for building an F1 racing truck, a racing car, and a motorcycle.

If any pieces are missing or damaged, please refer to the "Warranty and Support" section for assistance.

## SETUP AND ASSEMBLY

---

Follow the steps outlined in the included instruction booklet carefully. The assembly process is designed to be intuitive, but attention to detail will ensure a stable and accurate model.

### General Assembly Steps:

1. **Unpack and Sort:** Carefully open the packaging and empty all building block pieces onto a clean, flat surface. It is helpful to sort pieces by color or type to facilitate easier assembly.
2. **Consult the Manual:** Refer to the step-by-step instruction booklet provided. Each step illustrates which pieces are needed and how they connect.
3. **Connect Pieces:** Firmly press pieces together to ensure a secure connection. If a piece does not fit easily, double-check its orientation and the instructions.
4. **Build in Sequence:** Follow the numerical sequence of the steps in the instruction booklet. Do not skip steps.
5. **Verify Each Step:** Before moving to the next step, ensure that the current section is correctly assembled as shown in the manual.

Figure 2: Diagram illustrating the approximate dimensions of the F1 Racing Team Truck (43.8 cm / 17.24 inches in length) and a visual representation of the various crew minifigures included in the set.

**Figure 3:** A complete view of the assembled Sluban F1 Racing Team Truck, the F1 racing car, the racing motorcycle, and the team crew minifigures, ready for play.

**Figure 4:** The F1 Racing Team Truck in its transformed state, revealing an internal repair station complete with tools and equipment. The racing car is positioned for maintenance, attended by crew minifigures.

**Figure 5:** A detailed view of the F1 Racing Team Truck, showcasing its exterior design and the racing motorcycle parked alongside. Insets provide close-up views of the truck's features and transformation mechanism.

**Figure 6:** A visual guide demonstrating the transformation sequence of the F1 Racing Team Truck, showing how it converts from a compact transport vehicle to an expansive repair and service station.

**Figure 7:** An additional perspective on the F1 Racing Team Truck's transformation, emphasizing the dynamic opening mechanism and the internal layout of the repair facility.

## OPERATING THE SET

Once assembled, the Sluban F1 Racing Team Truck and Crew set offers multiple play possibilities:

- **Transport Mode:** Use the truck to transport the F1 racing car and motorcycle to the race track.
- **Repair Station Mode:** Transform the truck by opening its sides to reveal a fully equipped repair station. Position the racing car or motorcycle inside for simulated maintenance.
- **Role-Playing:** Utilize the crew minifigures to act out various scenarios, such as pit stops, race preparations, or victory celebrations.
- **Creative Play:** Combine this set with other building block sets to expand your play world and create unique racing adventures.

## MAINTENANCE

---

To ensure the longevity and cleanliness of your Sluban building block set, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the building blocks with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the plastic or printed details.
- **Storage:** Store the assembled model or individual pieces in a cool, dry place away from direct sunlight and extreme temperatures. This helps prevent discoloration and warping of the plastic.
- **Handling:** Handle the assembled model with care to prevent pieces from detaching.

## TROUBLESHOOTING

---

If you encounter any issues during assembly or play, consider the following common solutions:

- **Missing Pieces:** Double-check all packaging materials and the assembly area. If a piece is genuinely missing, please contact Sluban customer support (refer to the "Warranty and Support" section).
- **Difficulty Connecting Pieces:** Ensure that the pieces are correctly oriented as shown in the instruction booklet. Apply firm, even pressure to snap them together. Avoid forcing pieces, as this can cause damage.
- **Model Instability:** If the assembled model feels unstable, carefully retrace your steps in the instruction booklet to ensure all connections are secure and all pieces are placed correctly. A small error early in the build can affect stability later.
- **Detaching Parts:** For parts that frequently detach during play, ensure they are fully pressed into place. If the issue persists, the piece might be slightly warped or damaged; contact support if necessary.

## SPECIFICATIONS

---

Feature	Detail
Brand	Sluban
Model Number	M38-B0766
Product Dimensions	9.8 x 42.6 x 59.2 cm (approx.)
Product Weight	907.18 grams (approx.)
Number of Pieces	1044
Material Type	ABS Plastic
