iHome iHPA-1500-LT-PK

iHome iHPA-1500-LT-PK Portable PA Speaker System User Manual

Model: iHPA-1500-LT-PK

1. INTRODUCTION

The iHome iHPA-1500-LT-PK is a versatile Bluetooth wireless portable PA speaker system designed for various audio needs. It features a 15-inch woofer, 200 watts of peak power, and integrated LED lights. The system includes a rechargeable battery for portability and supports multiple connectivity options including Bluetooth, USB, and microSD. It also offers True Wireless Stereo (TWS) functionality for connecting two speakers wirelessly.

2. WHAT'S IN THE BOX

Upon unboxing your iHome iHPA-1500-LT-PK system, verify that all the following components are included:

- iHome iHPA-1500-LT-PK Speaker Unit
- Speaker Stand
- Wired Microphone with Cable
- Power Adapter
- Wireless Remote Control
- User Manual

3. SETUP

3.1 Initial Charging

Before first use, fully charge the speaker's internal lithium-ion battery. Connect the provided power adapter to the DC 9V 1.5A input port on the speaker's control panel and then to a standard wall outlet. The charging indicator light will show the charging status. A full charge typically takes 4 to 6 hours.

Connect the power adapter to the speaker's DC 9V 1.5A input for charging.

3.2 Powering On/Off

Locate the power switch on the speaker's control panel. Flip the switch to the 'ON' position to power on the speaker. To power off, flip the switch to the 'OFF' position.

The power button is located on the control panel for easy access.

3.3 Speaker Stand Assembly

The included speaker stand can be assembled to elevate the speaker for optimal sound projection. Follow the instructions provided with the stand for proper and secure assembly.

---

4. OPERATING INSTRUCTIONS

4.1 Bluetooth Connectivity

To connect a device via Bluetooth:

1. Ensure the speaker is powered on.
2. Activate Bluetooth on your smartphone, tablet, or other compatible device.
3. Search for available Bluetooth devices and select "iHome iHPA-Model" from the list.
4. Once paired, the speaker will indicate a successful connection, and you can begin playing audio wirelessly from up to 25 feet away.

Pair your device with the speaker via Bluetooth for wireless audio streaming.

4.2 Microphone and Guitar Inputs

The speaker features dedicated 1/4 inch inputs for a microphone and a guitar. Plug your microphone or guitar into the respective input jacks on the control panel. Adjust the 'MIC/GUITAR VOLUME' knob to control the input level. An echo effect can also be applied using the 'ECHO' knob.

Connect the included wired microphone for karaoke or public address functions.

4.3 LED Light Control

The speaker is equipped with multi-color LED lights on the woofer and horn that sync with the beat of the music. A switch on the control panel allows you to turn these lights on or off according to your preference.

The speaker's LED lights provide a dynamic visual experience, enhancing any gathering.

4.4 True Wireless Stereo (TWS) Function

For an enhanced stereo sound experience, two iHPA-1500-LT-PK speakers can be paired wirelessly using the TWS function. Refer to the detailed TWS pairing instructions in the full manual for specific steps.

Two iHome speakers can be paired for True Wireless Stereo sound.

4.5 USB and MicroSD Playback

Insert a USB drive or a microSD card into the respective slots on the control panel to play audio files directly from these storage devices. Use the control buttons (Play/Pause, Next, Previous) to manage playback.

The control panel offers comprehensive control over audio inputs, volume, and effects.

5. CHARGING AND BATTERY

The iHPA-1500-LT-PK is equipped with a rechargeable lithium-ion battery, providing portable operation. A fully charged battery offers approximately 3-4 hours of playtime, depending on usage and volume levels. To recharge, connect the speaker to a power outlet using the provided AC adapter. The speaker can also operate while charging.

Enjoy extended playtime with the speaker's rechargeable battery.

6. PORTABILITY

Designed for easy transport, the speaker features a retractable trolley handle and wheels. This allows for convenient movement of the unit to various locations, such as outdoor gatherings, tailgates, or different rooms within a home.

The retractable handle and wheels make the speaker easy to transport.

7. MAINTENANCE

To ensure the longevity and optimal performance of your iHome PA speaker system, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to clean the exterior of the speaker. Avoid using abrasive cleaners, waxes, or solvents.
- **Storage:** When not in use for extended periods, store the speaker in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** For optimal battery life, avoid fully discharging the battery frequently. Recharge the battery regularly, even if the speaker is not in active use.
- **Avoid Moisture:** Keep the speaker away from water and excessive humidity to prevent damage to internal components.

8. TROUBLESHOOTING

If you encounter issues with your iHome iHPA-1500-LT-PK speaker, refer to the following common troubleshooting steps:

Problem	Possible Solution
No power	Ensure the power adapter is securely connected and the power switch is in the 'ON' position. Check if the battery is charged.
No sound	Check the volume levels on both the speaker and your connected device. Ensure the correct input mode (Bluetooth, USB, MicroSD, Aux) is selected. Verify Bluetooth pairing.
Bluetooth not connecting	Make sure the speaker is in Bluetooth pairing mode. Turn off and on Bluetooth on your device. Move your device closer to the speaker. Forget the device on your phone and re-pair.
Microphone/Guitar not working	Ensure the microphone/guitar is properly plugged into the correct input. Adjust the 'MIC/GUITAR VOLUME' knob. Test with another microphone/guitar if available.
LED lights not working	Check the LED light switch on the control panel to ensure it is in the 'ON' position.

If these steps do not resolve the issue, please contact customer support.
