HITHOS B09MK8M6GF

HITHOS Full Bed Frame Instruction Manual

Model: B09MK8M6GF

Introduction

Thank you for choosing the HITHOS Full Bed Frame. This manual provides essential information for the safe assembly, proper use, and maintenance of your new bed frame. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

Safety Information

Important Safety Warnings:

- Do not exceed the maximum weight recommendation of 500 pounds.
- Be cautious when adjusting the headboard to prevent injury.
- Follow assembly instructions carefully to prevent instability.
- Keep away from open flames and heat sources to prevent fire hazards.
- Ensure all connections are securely fastened before use.

Setup and Assembly

The HITHOS Full Bed Frame is designed for easy assembly. All necessary accessories and detailed instructions are included in the packaging. It is recommended to assemble the bed frame with another person for optimal safety and efficiency.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratches. Verify all components are present against the parts list provided in the included manual.
2. **Assemble Frame:** Follow the step-by-step diagrams and instructions to connect the main frame components. Ensure all bolts and screws are tightened securely but do not overtighten until the entire frame is assembled.
3. **Install Slats:** Position the wooden slats evenly across the frame. The slat support system eliminates the need for a box spring.
4. **Attach Headboard:** Secure the upholstered headboard to the frame. The headboard is adjustable to accommodate various mattress thicknesses.
5. **Final Tightening:** Once all components are in place, go back and fully tighten all fasteners.

Note: Mattress is sold separately and is not included with the bed frame.

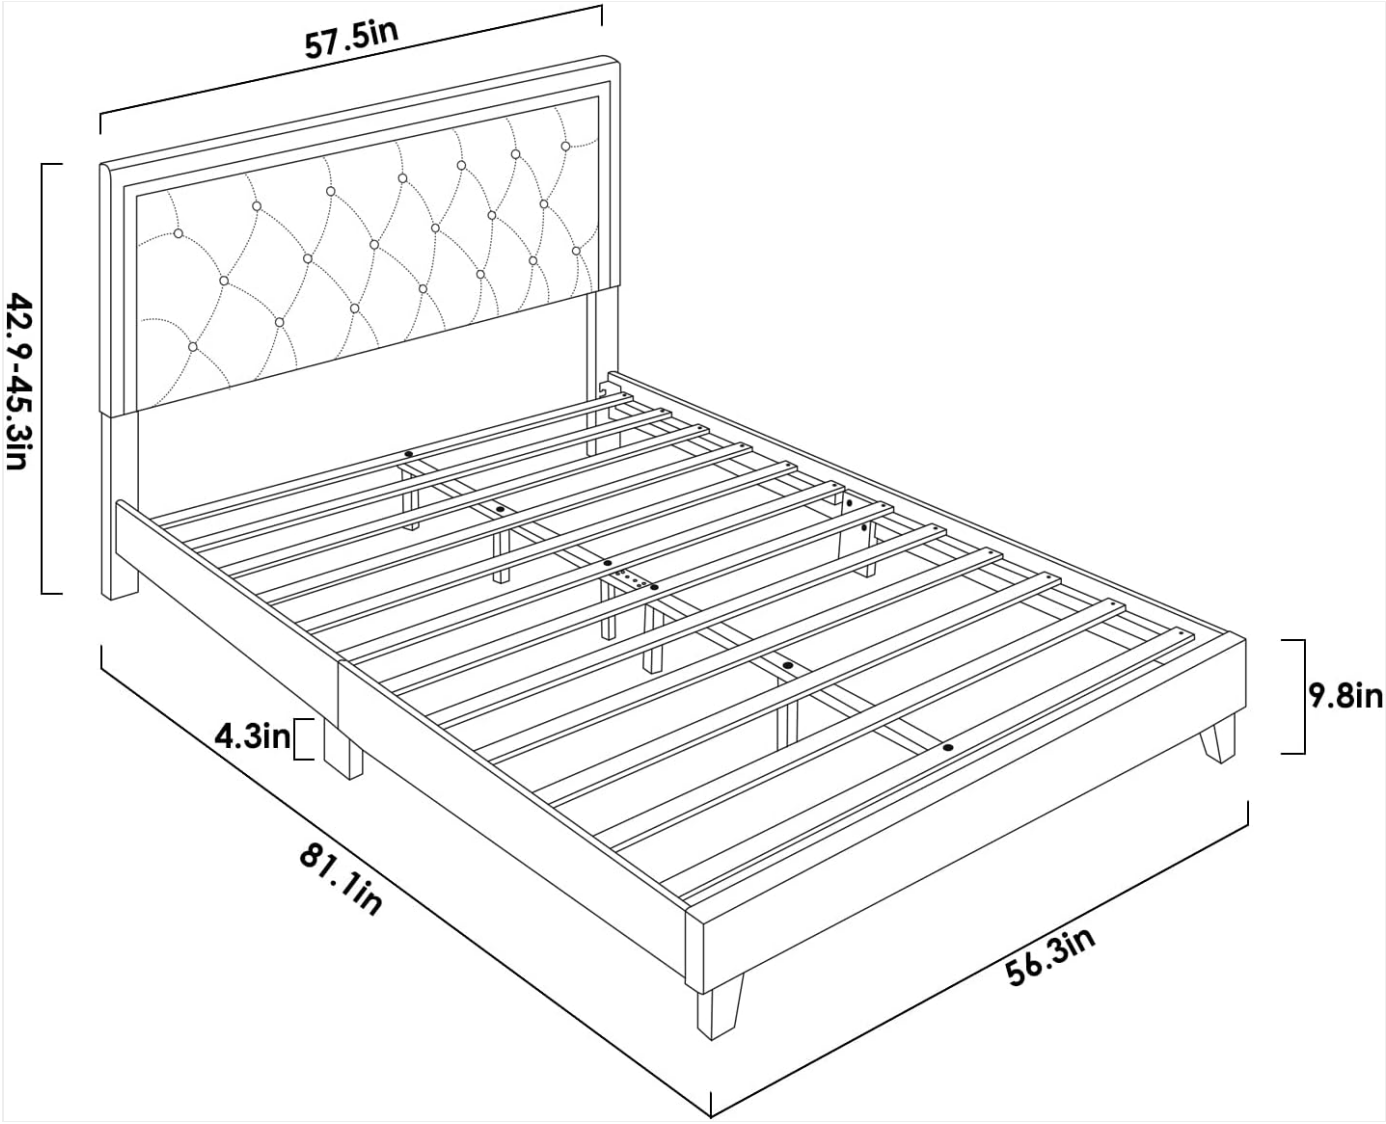

Figure 1: Dimensional diagram of the HITHOS Full Bed Frame, showing overall length, width, height, and under-bed clearance. Dimensions are 81.1 inches (length), 56.3 inches (width), and an adjustable headboard height between 42.9 and 45.3 inches.

Usage Guidelines

The HITHOS Full Bed Frame is designed for comfort and durability. Observe the following guidelines for optimal use:

- **Mattress Compatibility:** This bed frame is suitable for all types of mattresses, including spring, memory foam, latex, or hybrid mattresses. No box spring is required.
- **Adjustable Headboard:** The headboard can be adjusted to two height settings: 42.9 inches or 45.3 inches. This allows for compatibility with mattresses ranging from 8 to 13 inches in thickness. Adjust the headboard height before placing the mattress.
- **Noise Reduction:** The frame incorporates special padding to minimize noise, ensuring a quiet sleeping environment.
- **Weight Distribution:** For longevity, distribute weight evenly across the bed surface. Avoid concentrating heavy

loads on small areas.

Figure 5: Illustration demonstrating the adjustable headboard feature, showing how it can be set to 42.9 inches or 45.3 inches to accommodate different mattress heights.

Maintenance

Proper care will extend the life and appearance of your HITHOS Full Bed Frame.

- **Cleaning:** The upholstered fabric should be dry cleaned only. Do not use liquid cleaners or abrasive materials, as this may damage the fabric.
- **Regular Inspection:** Periodically check all bolts and connections to ensure they remain tight. Retighten if necessary to maintain stability and prevent squeaks.
- **Avoid Harsh Chemicals:** Do not use harsh chemicals or solvents on any part of the bed frame.

Troubleshooting

If you encounter any issues with your bed frame, refer to the following common solutions:

- **Squeaking Noises:** If the bed frame develops squeaks, check all assembly bolts and ensure they are securely tightened. Loose connections are a common cause of noise.
- **Instability:** If the frame feels unstable, re-verify that all components are correctly assembled according to the instructions and that all fasteners are fully tightened. Ensure the bed is on a level surface.
- **Headboard Adjustment Issues:** If the headboard is difficult to adjust, ensure no bedding or mattress is obstructing the adjustment mechanism. Refer to the assembly instructions for proper adjustment steps.

Specifications

Brand	HITHOS
Model Number	B09MK8M6GF
Size	Full
Color	Black
Material	Wood, Velvet Upholstery
Product Dimensions (L x W x H)	81.1" x 56.3" x 42.9"-45.3" (Adjustable Headboard)
Item Weight	80 pounds
