› Lamshaw Stainless Steel Smart Watch Band Instruction Manual for Deeprio 1.52" Smart Watch

Lamshaw Deeprio 1.52" Smart Watch Band

Lamshaw Stainless Steel Smart Watch Band Instruction Manual

For Deeprio 1.52" Smart Watch

1. PRODUCT OVERVIEW

This manual provides detailed instructions for the installation, adjustment, and maintenance of your Lamshaw Stainless Steel Metal Replacement Strap, designed for the Deeprio 1.52" Smart Watch.

Image 1.1: The Lamshaw Stainless Steel Smart Watch Band in Rose Gold, shown attached to a Deeprio 1.52 inch Smart Watch, displaying time and fitness metrics.

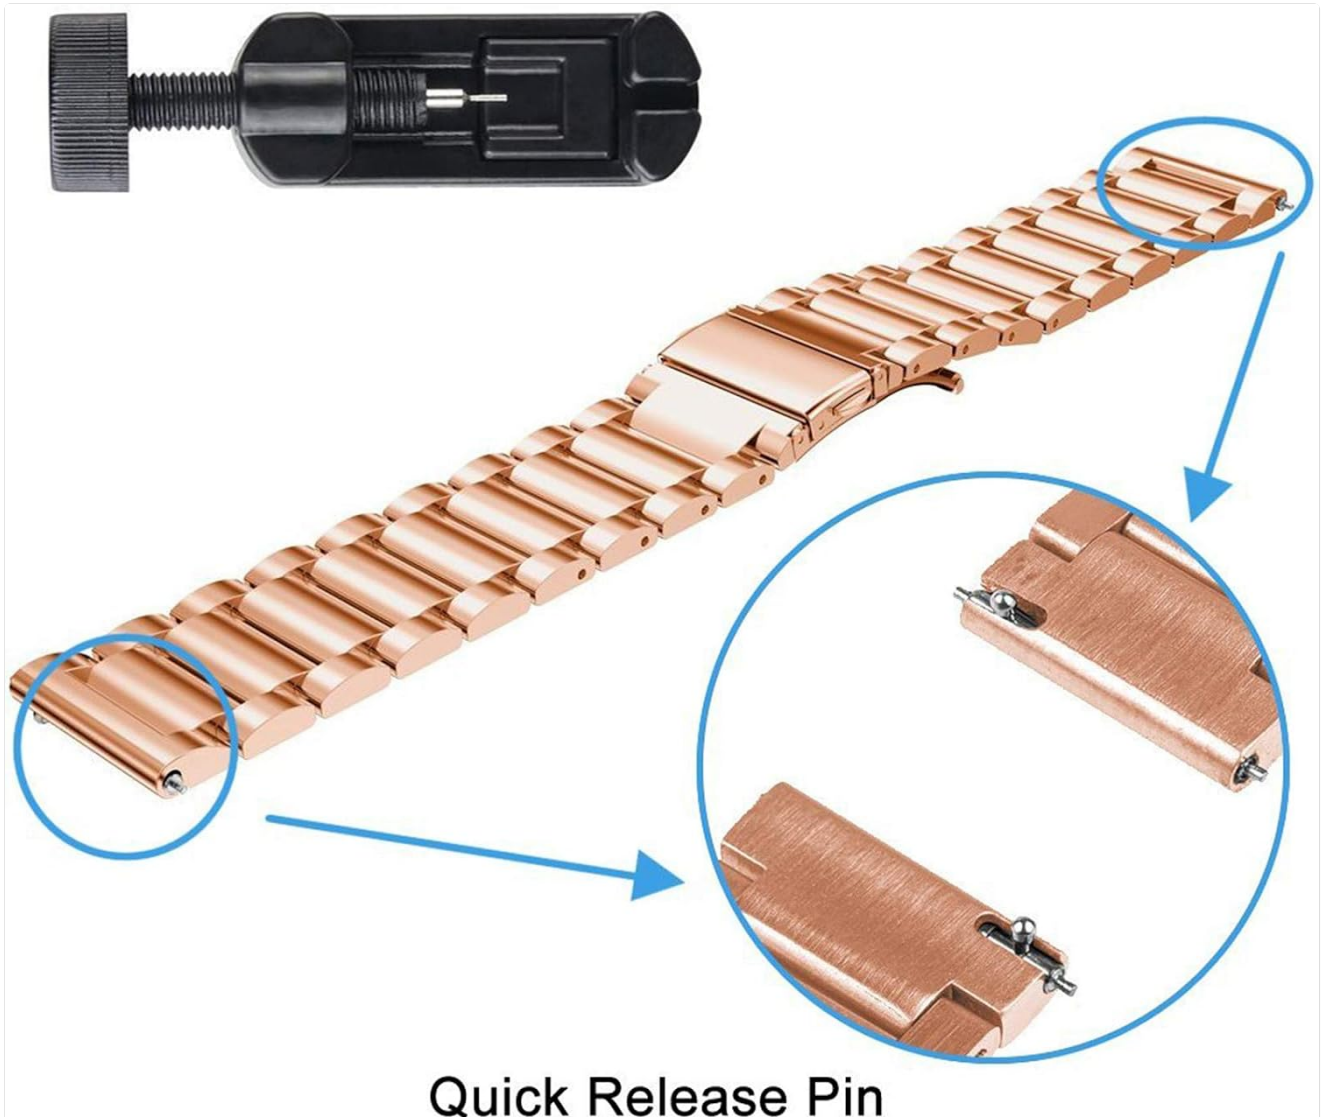

2. SETUP AND INSTALLATION

Follow these steps to properly install and adjust your new watch band.

2.1 Attaching the Watch Band

The Lamshaw watch band features quick-release pins for easy attachment to your Deeprio Smart Watch.

1. Locate the quick-release pin on one end of the watch band.
2. Insert one end of the pin into the lug hole on the watch casing.
3. Pull the small lever on the pin to retract the other end, then align it with the opposite lug hole.
4. Release the lever to secure the pin in place. Gently tug the band to ensure it is firmly attached.
5. Repeat for the other side of the watch band.

Quick Release Pin

Image 2.1: A close-up view illustrating the quick-release pin mechanism on the watch band, designed for easy attachment and detachment.

2.2 Adjusting Band Length (Link Removal)

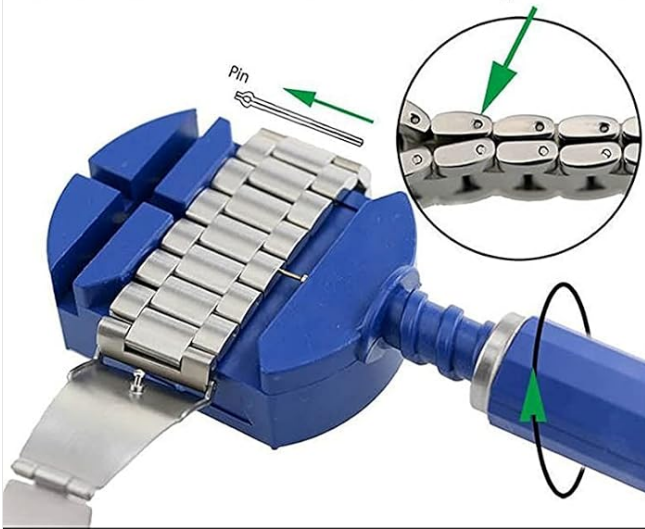

To achieve a comfortable fit, you may need to remove or add links. The band is designed to fit wrists between 5.71" and 8.19" (145mm-208mm). A link removal tool is included for this purpose.

1. Place the watch band into the link removal tool with the arrow on the band pointing downwards, aligning the pin with the tool's pusher.
2. Slowly turn the screw on the tool to push the pin out from the side of the link.
3. Once the pin is partially out, use pliers or your fingers to pull it completely out.
4. Remove the desired number of links. Ensure an even number of links are removed from each side of the clasp for balanced wear.
5. To reassemble, align the links and insert the pin back into the holes, pushing it firmly until it is flush with the

band. Use the tool to gently push the pin back in if necessary.

Link Removal Tool Instructions

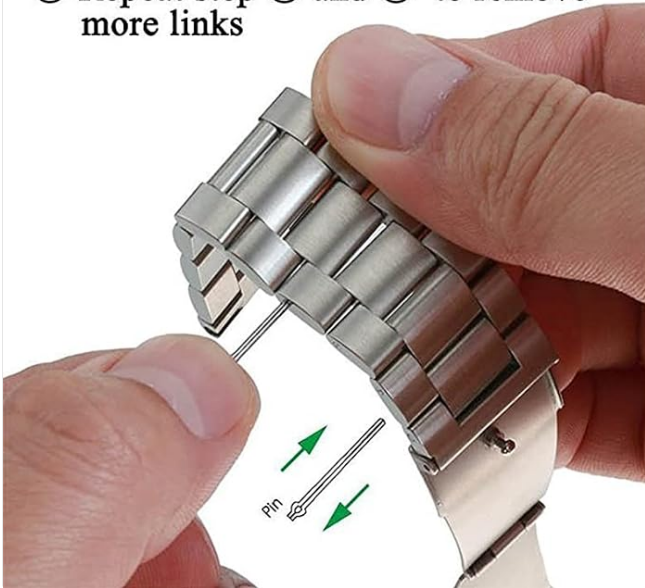

① Push from the side of the depression

② Screwed out the pin gradually

③ Repeat step ① and ② to remove more links

④ Slowly screw the pin until it goes in to the band completely

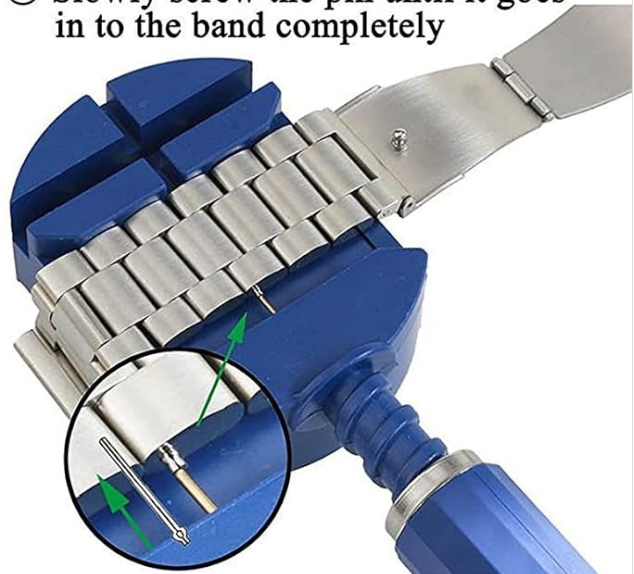

Image 2.2: A visual guide demonstrating the four steps for using the link removal tool to adjust the length of the watch band by pushing out and reinserting pins.

Note: If you encounter difficulty or are unsure about adjusting the band, it is recommended to seek assistance from a professional jeweler or watch repair service.

3. OPERATING THE CLASP

The watch band features a double button folding clasp for secure and convenient wearing.

DOUBLE BUTTON FOLDING CLASP

Security buckle, easily to lock and unlock.

Image 3.1: A detailed view of the double button folding clasp, highlighting its security buckle mechanism for easy locking and unlocking.

1. To open the clasp, press the two small buttons on the sides simultaneously. The clasp will release.
2. To close the clasp, fold the two parts together until they click securely into place. Ensure both buttons are fully engaged.

4. MAINTENANCE AND CARE

To ensure the longevity and appearance of your stainless steel watch band, follow these care guidelines:

- **Cleaning:** Wipe the band regularly with a soft, damp cloth to remove dirt, sweat, and oils. For deeper cleaning, use a mild soap solution and a soft brush, then rinse thoroughly and dry immediately.
- **Avoid Chemicals:** Do not expose the band to harsh chemicals, solvents, or abrasive cleaners, as these can damage the finish.
- **Storage:** Store the watch band in a clean, dry place when not in use to prevent scratches and maintain its luster.

5. TROUBLESHOOTING

If you encounter any issues with your Lamshaw watch band, please refer to the following common solutions:

- **Band does not fit the watch:** Ensure your watch is the Deeprio 1.52" Smart Watch. This band is specifically designed for this model. If you have a different model, the fit may not be correct.
- **Pins are difficult to insert/remove:** Ensure the quick-release lever is fully retracted when inserting or removing the band. When using the link removal tool, ensure the pin is correctly aligned and you are pushing in the direction of the arrow on the band.
- **Clasp not closing securely:** Check for any debris or obstruction in the clasp mechanism. Ensure both buttons are pressed simultaneously and released only when the clasp is fully engaged.
- **Band feels too loose or too tight:** Adjust the band length by adding or removing links as described in Section 2.2.

Important: If the band does not fit your Deeprio 1.52" Smart Watch correctly, or if you receive a defective item, please contact customer support immediately for assistance. Do not force the band onto your device.

6. SPECIFICATIONS

Feature	Detail
Brand	Lamshaw
Compatible Device	Deeprio 1.52" Smart Watch
Material	Stainless Steel
Clasp Type	Push Button Deployant Clasp
Wrist Size	5.71" - 8.19" (145mm - 208mm)
