JEKCA ST19TCA05

JEKCA Tuxedo Cat 05S Building Blocks Instruction Manual

Model: ST19TCA05

Introduction

Thank you for choosing the JEKCA Tuxedo Cat 05S building block set. This manual provides detailed instructions for assembling your model, along with important safety information, maintenance tips, and troubleshooting advice. Designed for enthusiasts aged 14 and above, this set allows you to construct a highly detailed and sturdy Tuxedo Cat model using JEKCA's unique interlocking brick-through system.

What's in the Box

Your JEKCA Tuxedo Cat 05S set includes the following components:

- Instruction Manual
- Bricks (over 1770 pieces)
- Pins
- Pin Driver
- Quick Guide

Safety Information

WARNING: CHOKING HAZARD - Small Parts.

This product contains small parts and is not suitable for children under 3 years of age. Recommended for individuals aged 14 years and above. Adult supervision is advised during assembly, especially for younger builders within the recommended age range.

Setup and Assembly

The JEKCA Tuxedo Cat 05S model utilizes a unique Brick-through Interlocking System, ensuring a sturdy and durable final structure. Follow the detailed, step-by-step instructions provided in the included manual. Patience and careful attention to each step are key to a successful build.

Understanding the JEKCA Interlocking System

Unlike traditional building blocks, JEKCA blocks are secured using pins and a pin driver. This method creates a strong bond between pieces, making your model less prone to accidental disassembly.

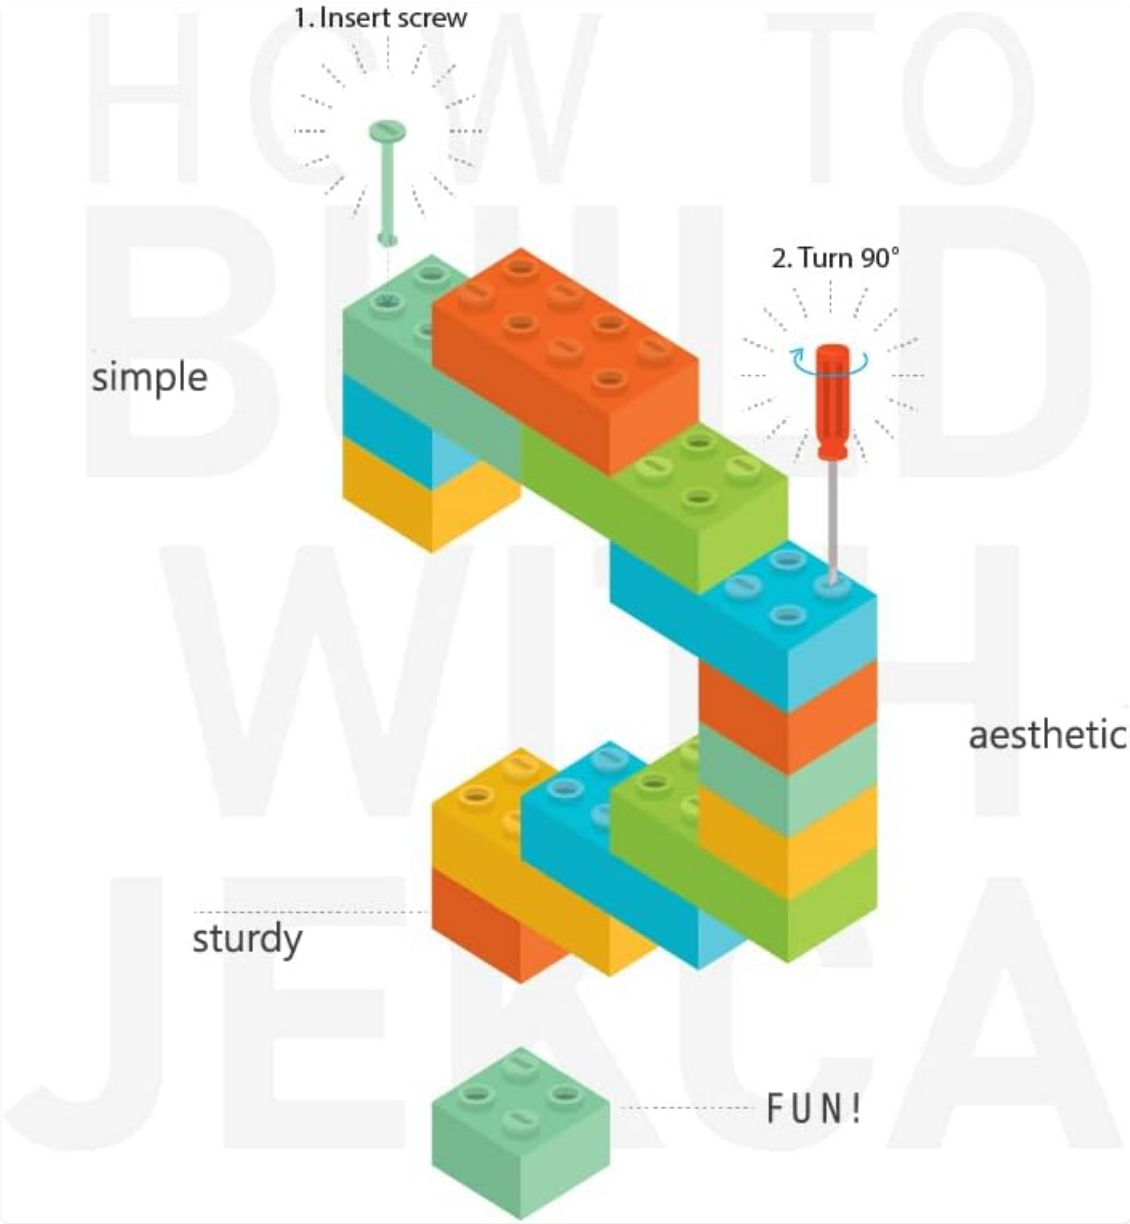

Figure 2: JEKCA Brick-through Interlocking System Overview

The diagram above illustrates the core principle: insert the pin through the aligned holes of two or more blocks, then turn the pin 90 degrees with the pin driver to lock them securely in place.

Assembly Steps

1. **Preparation:** Unpack all components and organize them by type and color. Refer to the instruction manual for specific part identification.
2. **Follow the Manual:** Proceed through the instruction manual page by page. Each step clearly indicates which blocks and pins to use and where to place them.
3. **Secure Connections:** Ensure all pins are fully inserted and rotated 90 degrees using the provided pin driver to achieve maximum stability.
4. **Patience is Key:** Some sections may require more precision. Take your time and double-check your work against the illustrations.

Operating and Display

Once assembled, your JEKCA Tuxedo Cat 05S model is designed for display. The model features articulated parts, allowing for various poses. Gently adjust the legs, tail, and head to achieve your desired display position. Avoid excessive force to prevent damage to the interlocking connections.

Maintenance

To keep your JEKCA model in pristine condition:

- **Cleaning:** Use a soft, dry cloth or a small brush to gently remove dust. For stubborn dirt, a slightly damp cloth can be used, but avoid excessive moisture.
- **Storage:** If disassembling for storage, keep all pieces organized to prevent loss. Store in a cool, dry place away from direct sunlight to prevent material degradation.
- **Avoid Chemicals:** Do not use harsh chemicals or abrasive cleaners, as these can damage the plastic.

Troubleshooting

If you encounter difficulties during assembly, consider the following:

- **Unclear Directions:** Re-examine the illustrations in the instruction manual carefully. Pay close attention to the orientation of the blocks and the placement of pins. Sometimes, a different perspective can clarify the step.
- **Small Pieces:** The set contains many small pieces. Ensure you have a well-lit, organized workspace to prevent loss and aid in identification. Using a tray can help contain pieces.
- **Difficulty Connecting:** Ensure the blocks are correctly aligned before inserting pins. If a pin doesn't go in smoothly, do not force it; re-check the alignment of the blocks. The pin driver should be used to gently turn the pins 90 degrees to lock them.
- **Model Instability:** If your model feels unstable, review previous steps to ensure all pins are correctly inserted and locked. The JEKCA system is designed for high stability when assembled correctly.

Specifications

Feature	Detail
Product Dimensions	14.02 x 4.17 x 15.43 inches
Item Weight	2.87 pounds
ASIN	B09MKHKCHF
Item Model Number	ST19TCA05
Manufacturer Recommended Age	14 years and up
Number of Pieces	>1770
Manufacturer	JEKCA Limited
