Cotoala Cotoala Full Bunk Bed with Trundle

Cotoala Solid Wood Full Over Twin Bunk Bed with Trundle and Storage Drawers Instruction Manual

Brand: Cotoala

1. Product Overview

This manual provides detailed instructions for the assembly, operation, and maintenance of your Cotoala Solid Wood Full Over Twin Bunk Bed. This versatile bed features a twin-size upper bunk, a full-size bottom bunk, and a twin-size trundle bed, making it suitable for accommodating multiple sleepers. Integrated storage drawers are located within the stairway for convenient organization. The bed frame is constructed from high-quality plywood, pine wood, and MDF, ensuring durability and stability. It is designed with an arched headboard and footboard, offering a classic aesthetic.

The bunk bed can also be separated into three individual beds for increased flexibility. No box spring is required for any of the beds.

2. Important Safety Information

Please read and understand all instructions before beginning assembly and use. Keep this manual for future reference. Failure to follow these warnings and instructions could result in serious injury or death.

- **Guardrails:** The upper bunk is equipped with a full-length guardrail to prevent falls. Ensure all guardrails are properly installed and secured before use.
- **Weight Capacity:** The upper bunk has a weight capacity of 200 lbs. The bottom bunk has a weight capacity of 250 lbs. The trundle bed has a weight capacity of 200 lbs. Do not exceed these limits.
- **Mattress Size:** Use only mattresses that comply with the recommended dimensions for each bunk. For the upper bunk, the mattress should be approximately 76.97” L x 42.91” W. For the bottom bunk, approximately 76.97” L x 54.33” W.

- **Children:** Children under 6 years of age should not use the upper bunk.
- **Assembly:** Ensure all connections are tight and secure. Periodically check and tighten all fasteners.
- **No Jumping:** Do not allow jumping on the bed.
- **Stairs:** Always use the provided stairway for access to the upper bunk. Do not use chairs or other substitutes.

3. Parts List and Hardware Check

Before beginning assembly, carefully unpack all components and identify each part. Compare the contents with the parts list provided in your packaging to ensure all pieces are present and undamaged. If any parts are missing or damaged, do not proceed with assembly. Contact customer support immediately.

Ensure you have all necessary hardware (screws, bolts, nuts, etc.) as indicated in your packaging. Keep small parts out of reach of children.

4. Assembly Instructions

Assembly typically requires two adults. Follow the step-by-step diagrams and instructions provided in your physical assembly guide. The general steps are outlined below:

1. **Preparation:** Clear a spacious area for assembly. Lay out all parts on a soft, clean surface to prevent scratches.
2. **Assemble the Lower Bunk:** Begin by assembling the frame for the full-size lower bunk, attaching the headboard and footboard to the side rails.
3. **Assemble the Upper Bunk:** Construct the twin-size upper bunk frame similarly.
4. **Attach Support Legs:** Securely attach any central support legs to the bed frames.
5. **Install Slats:** Place and secure the mattress support slats for both the upper and lower bunks.
6. **Connect Bunks:** Carefully lift and secure the upper bunk onto the lower bunk frame using the designated connectors.
7. **Assemble Stairway and Storage:** Assemble the stairway unit, ensuring the storage compartments are correctly integrated. Attach the stairway securely to the bunk bed structure.
8. **Install Guardrails:** Attach all guardrails to the upper bunk as per the instructions.
9. **Assemble Trundle Bed:** Assemble the trundle bed frame and install its mattress support slats.
10. **Final Check:** Ensure all bolts, screws, and fasteners are tightened securely. Do not overtighten.

Image 4.2: Detail of the solid pine wood leg and frame connection, highlighting structural integrity.

5. Operating Your Bunk Bed

- **Trundle Bed Usage:** The trundle bed can be easily pulled out from underneath the lower bunk when needed

and pushed back in for storage. Ensure the area is clear before extending or retracting the trundle.

- **Storage Drawers:** The four compartments within the stairway are designed for storing items such as quilts, bed sheets, books, or toys. Ensure items are placed neatly to allow drawers to close properly.
- **Separating Beds:** This bunk bed can be separated into three individual beds (one twin, one full, one trundle). Refer to your physical assembly guide for specific instructions on how to safely disassemble the bunk configuration and reassemble into individual beds.

6. Care and Maintenance

- **Cleaning:** Wipe the bed frame with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the wood finish.
- **Tightening Fasteners:** Periodically (e.g., every 3-6 months) check all bolts, screws, and connections to ensure they remain tight. Retighten as necessary to maintain stability and safety.
- **Avoid Excessive Moisture:** Protect the bed from prolonged exposure to direct sunlight or excessive moisture, which can cause warping or fading.
- **Moving the Bed:** When moving the bed, always lift it rather than dragging it to prevent damage to the frame and floor.

7. Troubleshooting

- **Squeaking Noises:** If the bed makes squeaking noises, check all fasteners and tighten any that are loose. Ensure the bed is on a level surface.
- **Wobbly Frame:** A wobbly frame usually indicates loose connections. Re-check and tighten all bolts and screws throughout the entire structure.
- **Trundle Not Sliding Smoothly:** Check for any obstructions under the trundle bed. Ensure the wheels are clean and free of debris.
- **Missing Parts:** If you discover missing parts during assembly, do not attempt to substitute with other hardware. Contact customer support for replacement parts.

8. Product Specifications

Feature	Specification
Model Number	Cotoala Full Bunk Bed with Trundle
ASIN	B09MLP5DDR
GTIN (UPC)	645716157206
Material	Pine Wood, Plywood, MDF
