JEKCA 19S-M03

JEKCA Cat 19S-M03 Building Blocks Instruction Manual

Model: 19S-M03

INTRODUCTION

This instruction manual provides detailed guidance for assembling your JEKCA Cat 19S-M03 building block model. Follow these steps carefully to construct a sturdy and impressive gray cat sculpture using the unique JEKCA interlocking brick system. This product is designed for individuals aged 14 years and above.

SAFETY INFORMATION

WARNING: This product contains small parts. Not suitable for children under 14 years of age due to choking hazards. Adult supervision is recommended for younger users within the recommended age range.

WHAT'S INCLUDED

Before beginning assembly, please verify that all components are present in your package:

- Instruction Manual
- Building Bricks (over 1440 pieces)
- Connecting Pins
- Pin Driver Tool
- Quick Guide

ASSEMBLY INSTRUCTIONS

The JEKCA building system utilizes a unique interlocking brick-through mechanism to create highly stable and durable models. Follow the steps below and refer to the included detailed building manual for specific brick placement.

Understanding the Interlocking System

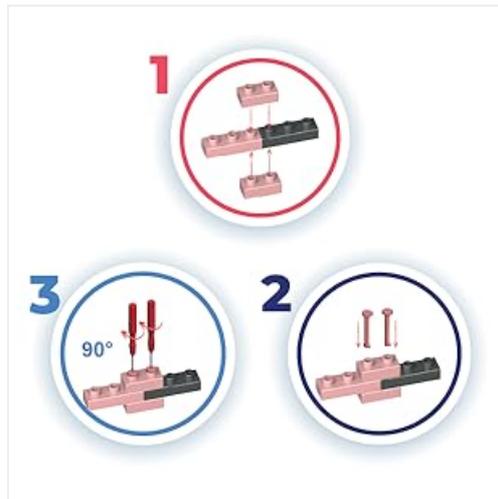

Image Description: A three-step diagram illustrating the JEKCA interlocking system. Step 1 shows two bricks being placed together. Step 2 shows two pins being inserted through the bricks. Step 3 shows a pin driver tool being used to fully secure the pins at a 90-degree angle.

1. **Connect Bricks:** Align and place two JEKCA bricks together as indicated in your detailed building manual. Ensure they fit snugly.
2. **Insert Pins:** Once bricks are aligned, insert the provided connecting pins through the designated holes. These pins secure the bricks together.
3. **Secure with Pin Driver:** Use the specialized pin driver tool to push the pins completely through the bricks. The pins should be flush or slightly recessed, creating a strong, stable connection. The pin driver can be used at a 90-degree angle for leverage.

General Assembly Steps

- **Sort Components:** Before starting, it is recommended to sort your bricks by color and shape to facilitate easier assembly.
- **Follow Manual:** Refer to the comprehensive building manual included in your package. Each step is illustrated to guide you through the construction of the JEKCA Cat 19S-M03.
- **Layer by Layer:** JEKCA models are typically built layer by layer. Pay close attention to the orientation of each brick and pin as shown in the manual.
- **Use Pin Driver:** Always use the pin driver tool to insert pins. This ensures proper seating and prevents damage to the bricks or your fingers.

Image Description: A JEKCA model (French Bulldog) in mid-assembly, demonstrating the use of the red pin driver tool to insert pins into the bricks. This illustrates how the tool is used in practice.

Finished Product

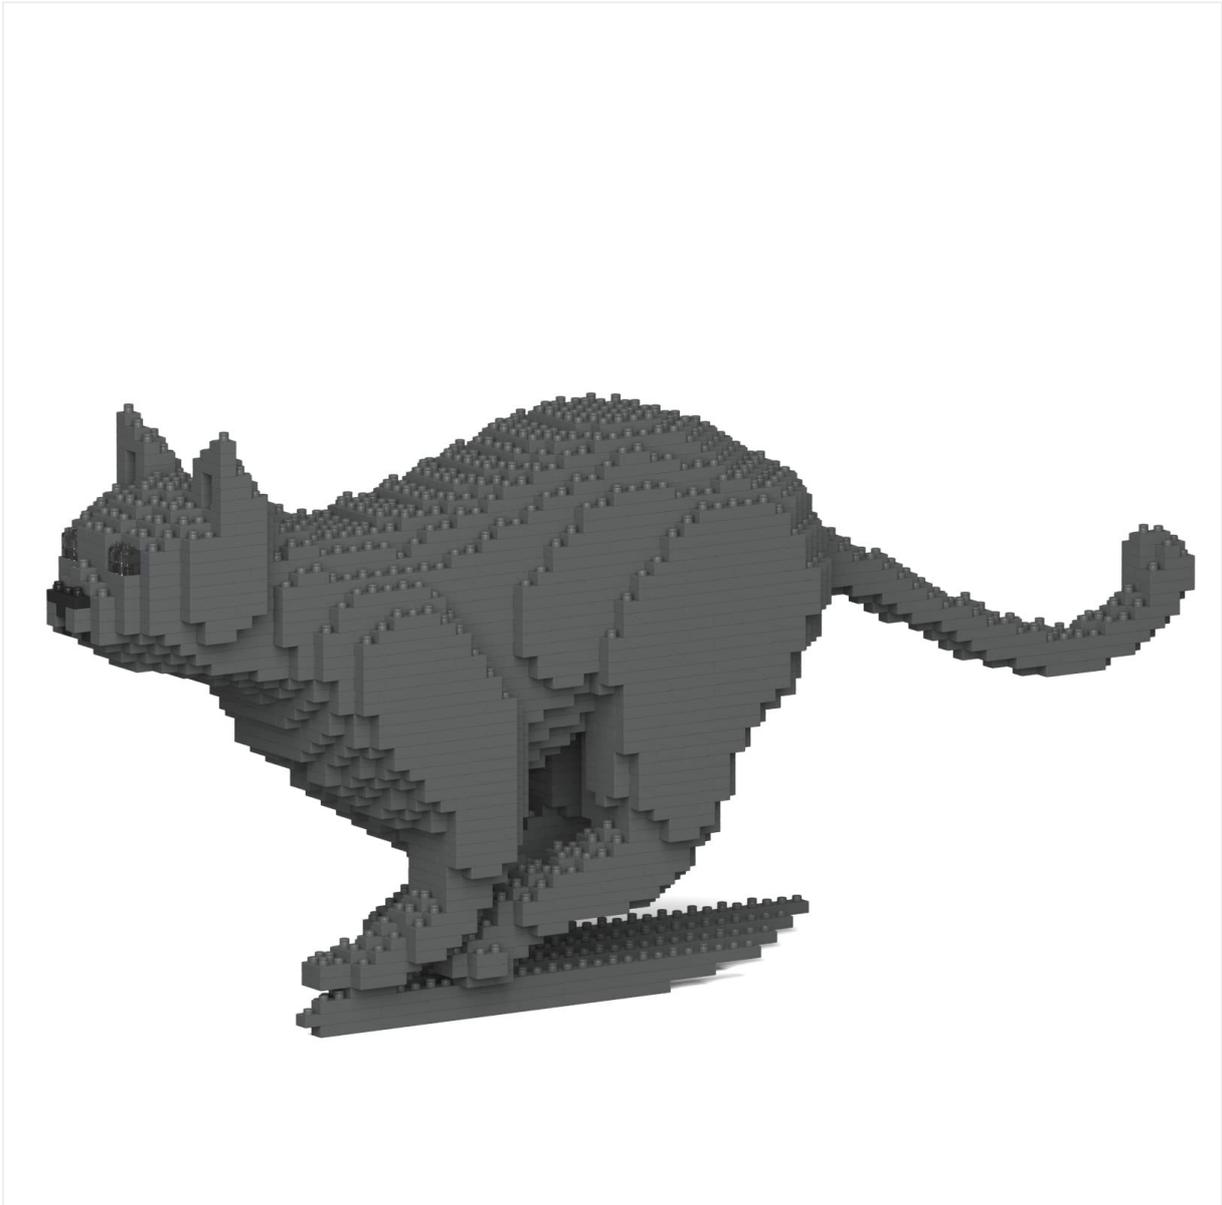

Image Description: The fully assembled JEKCA Cat 19S-M03 model, a gray cat sculpture with blue eyes, depicted in a dynamic running or pouncing pose. This image represents the final appearance of the product after successful assembly.

OPERATING (DISPLAY)

Once assembled, your JEKCA Cat 19S-M03 model is a sturdy display piece. Due to the interlocking system, the model is designed to be robust and not easily break apart, allowing for confident display in various settings. Place your finished model on a stable, flat surface.

MAINTENANCE

To keep your JEKCA model clean, gently wipe it with a dry, soft cloth. For more stubborn dust or dirt, a slightly damp cloth can be used, followed by immediate drying. Avoid using harsh chemicals or abrasive cleaners, as these may damage the plastic bricks.

TROUBLESHOOTING

- **Difficulty Connecting Bricks:** Ensure bricks are correctly aligned according to the manual. Apply firm, even pressure. If a pin is bent, replace it with a new one.
- **Pins Not Seating Properly:** Make sure you are using the pin driver tool. The pins require a specific amount of force and angle to fully engage the interlocking mechanism. Do not force pins without the tool.
- **Missing or Damaged Parts:** If you find any missing or damaged bricks or pins, please contact JEKCA customer support for assistance. Refer to the contact information provided in the Quick Guide or on the JEKCA website.
- **Model Instability:** Re-check the sections where instability is observed. Ensure all pins are fully inserted and bricks are securely interlocked as per the instructions.

SPECIFICATIONS

Product Model Number	ST19CA19-M03
ASIN	B09MLQSRLF
Recommended Age	14 years and up
Number of Pieces	>1440 pieces
Product Dimensions	18.23 x 3.7 x 8.54 inches
Item Weight	2.51 pounds
Manufacturer	JEKCA Limited

CUSTOMER SUPPORT & WARRANTY

For further assistance, questions, or to report missing/damaged parts, please visit the official JEKCA website or refer to the contact information provided in your product packaging.

Information regarding product warranty, if applicable, can typically be found on the JEKCA official website or within the product's Quick Guide.
