

Zerodis B09MNKRP6X

Zerodis USB Humidifier (Model B09MNKRP6X) Instruction Manual

Your guide to setup, operation, and maintenance

1. INTRODUCTION

Thank you for choosing the Zerodis USB Humidifier. This compact and portable humidifier is designed to improve air quality by adding moisture to your environment, making it ideal for use in cars, offices, or small rooms. Its unique coffee cup shape and quiet operation ensure a comfortable experience. Please read this manual carefully before using the product to ensure proper operation and maintenance.

2. PRODUCT OVERVIEW

Key Features:

- **300ml Capacity:** Provides extended humidification without frequent refills.
- **Silent Operation:** Operates at less than 30 decibels for a quiet environment.
- **Portable Design:** Small and lightweight, making it easy to carry and use anywhere.
- **Automatic Shut-off:** Automatically turns off when water runs out, ensuring safety and energy efficiency.
- **USB Powered:** Conveniently powered via USB, compatible with various power sources.

USB Humidifier

This mini USB humidifier possesses low noise operation lower than 30 decibel, providing silent and comfortable environment.

What's in the Box:

- 1 x USB Humidifier
- 1 x USB Cable

3. SETUP

1. **Unpack:** Carefully remove the humidifier and all accessories from the packaging.
2. **Open the Lid:** Gently twist and lift the top lid of the humidifier.
3. **Fill Water Tank:** Fill the water tank with clean tap water. Do not exceed the maximum fill line (300ml capacity).
Avoid adding essential oils or corrosive liquids, as this may damage the device.
4. **Close the Lid:** Securely place the lid back on the humidifier, ensuring it is properly aligned.

5. **Connect Power:** Insert the small end of the provided USB cable into the humidifier's USB port. Connect the other end to a suitable USB power source, such as a computer, power bank, or USB wall adapter (5V).

4. OPERATING INSTRUCTIONS

1. **Power On:** After connecting the power, press the power button (usually located on the lid) once to turn on the humidifier. Mist will begin to emit.
2. **Continuous Mist Mode:** The humidifier typically starts in continuous mist mode.
3. **Intermittent Mist Mode (if applicable):** If your model supports it, press the power button a second time to switch to intermittent mist mode (e.g., 3 seconds on, 3 seconds off).
4. **Night Light Function (if applicable):** Some models may have a separate button or a long press on the power button to activate a night light feature. Refer to specific product details if available.

5. **Power Off:** Press the power button again (or a third time for intermittent mode) to turn off the humidifier.
6. **Automatic Shut-off:** The humidifier will automatically power off when the water level in the tank is too low or completely depleted. Refill the tank and restart the device to resume operation.

5. MAINTENANCE

Regular cleaning and maintenance will ensure the longevity and optimal performance of your humidifier.

1. **Daily Cleaning:** Empty any remaining water from the tank daily. Wipe the inside of the tank with a clean, soft cloth.
2. **Weekly Cleaning:**
 - Unplug the humidifier from the power source.
 - Remove the lid and the cotton swab/filter assembly.
 - Clean the water tank with a mild detergent and a soft brush or cloth. Rinse thoroughly with clean water.

- Wipe the mist outlet and the exterior of the humidifier with a damp cloth.
- Ensure all parts are completely dry before reassembling.

3. **Cotton Swab/Filter Replacement:** The cotton swab (filter) should be replaced every 1-3 months, depending on usage and water quality. To replace:

- Unscrew the plastic tube holding the cotton swab.
- Remove the old swab and insert a new one, ensuring it is fully saturated with water before first use.
- Reassemble the tube and place it back into the lid.

4. **Storage:** If not using the humidifier for an extended period, clean it thoroughly, dry all components, and store it in a cool, dry place.

6. TROUBLESHOOTING

Problem	Possible Cause	Solution
No mist or weak mist	• Low water level • Cotton swab not fully saturated or clogged • Mist outlet blocked • USB cable not properly connected or power source insufficient	• Refill water tank • Remove and soak cotton swab in water for 5-10 minutes; ensure it's correctly installed • Clean the mist outlet with a soft cloth • Check USB connection and try a different power source

Problem	Possible Cause	Solution
Humidifier not turning on	- No power supply - USB cable faulty - Device malfunction	- Ensure USB cable is connected to a working power source - Try a different USB cable - Contact customer support if the issue persists
Unusual odor	- Stagnant water - Dirty water tank	- Empty and clean the water tank thoroughly - Use fresh, clean water daily
