Vente-unique STONE

Vente-unique STONE River Stone Bathroom Basin

INSTRUCTION MANUAL

1. Introduction

Thank you for choosing the Vente-unique STONE River Stone Bathroom Basin. This manual provides essential information for the proper setup, usage, maintenance, and care of your new basin. Please read these instructions carefully before installation and retain them for future reference. Due to the natural origin of the stone, each basin is unique, and slight variations in color, texture, and dimensions are inherent characteristics.

2. Product Overview

The Vente-unique STONE River Stone Bathroom Basin is a unique, handcrafted piece made from natural river stone. Its organic texture and varying shades of grey bring a natural and tranquil aesthetic to any bathroom. This basin is designed for countertop installation.

- **Material:** Natural River Stone
- **Color:** Grey (with natural variations)
- **Dimensions:** Approximately 25-30 cm (Length) x 25-30 cm (Depth) x 15 cm (Height). Exact dimensions may vary due to natural stone properties.
- **Components Included:** 1 x Vente-unique STONE River Stone Bathroom Basin.
- **Not Included:** Faucet, drain, and drain cover are not included and must be purchased separately.

Figure 2.1: Front view of the Vente-unique STONE River Stone Bathroom Basin, showcasing its natural grey color and organic shape.

Figure 2.2: The STONE basin integrated into a bathroom vanity, demonstrating its aesthetic appeal.

3. Setup and Installation

Installation of the Vente-unique STONE River Stone Bathroom Basin requires basic plumbing knowledge. If you are unsure about any steps, it is recommended to consult a qualified professional plumber.

3.1. Pre-Installation Checks

- Inspect the basin for any damage before installation.
- Ensure your countertop is level and strong enough to support the weight of the basin (approximately 16 kg) when filled with water.
- Confirm that the drain hole in your countertop aligns with the basin's drain opening.
- Gather all necessary tools and additional components (faucet, drain assembly, sealant, etc.).

3.2. Installation Steps

1. **Positioning:** Carefully place the basin on the desired location on your countertop. Mark the position of the drain hole.
2. **Drain Assembly:** Install the drain assembly (not included) into the basin's drain hole according to the manufacturer's instructions for the drain. Ensure a watertight seal using plumber's putty or silicone sealant.
3. **Sealing the Basin:** Apply a continuous bead of silicone sealant around the bottom edge of the basin where it will contact the countertop.
4. **Final Placement:** Carefully lower the basin onto the sealant, aligning the drain assembly with the countertop's drain opening. Press firmly to ensure good adhesion.
5. **Connect Plumbing:** Connect the P-trap and water supply lines to your faucet (not included) and drain assembly. Tighten all connections securely, but do not overtighten.
6. **Curing Time:** Allow the silicone sealant to cure completely as per the sealant manufacturer's instructions before using the basin. This typically takes 12-24 hours.
7. **Test for Leaks:** After the sealant has cured, slowly turn on the water supply and check all connections for leaks.

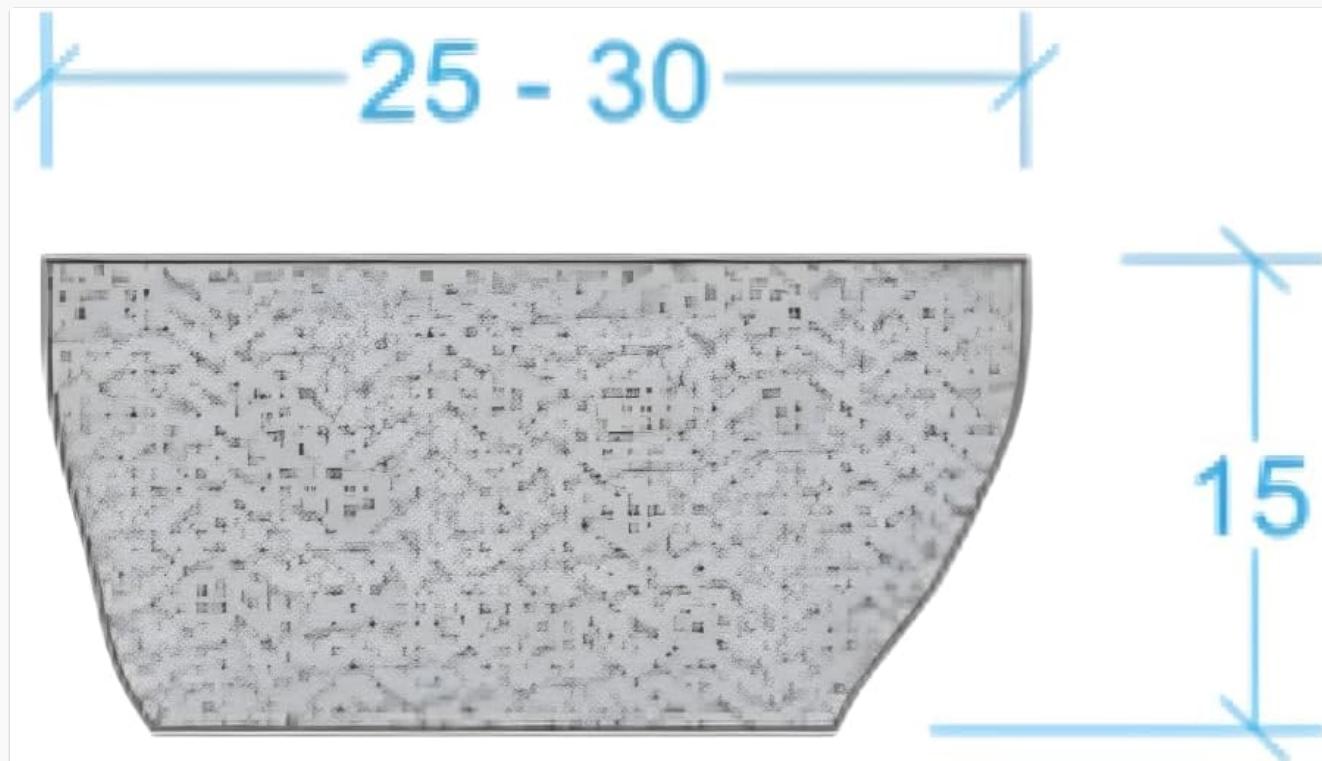

Figure 3.1: Approximate dimensions of the basin (Length/Depth 25-30 cm, Height 15 cm). Note that these are indicative and actual dimensions may vary.

4. Operating (Usage)

The Vente-unique STONE River Stone Bathroom Basin functions as a standard bathroom sink. Ensure the faucet is properly installed and connected to the water supply. Use the basin for washing hands, face, and other typical bathroom activities. Avoid placing excessively heavy objects on the rim of the basin.

5. Maintenance and Care

Proper care will help maintain the natural beauty and longevity of your river stone basin.

5.1. Daily Cleaning

- Clean the basin regularly with a soft cloth or sponge and mild, non-abrasive soap.
- Rinse thoroughly with clean water after cleaning to remove all soap residue.
- Dry the basin with a soft cloth to prevent water spots and mineral buildup.

5.2. Avoiding Damage

- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, strong acids, bleach, or ammonia-based products, as these can damage the natural stone surface.
- **Prevent Stains:** Wipe up spills immediately, especially those from colored liquids, oils, or cosmetics, to prevent staining.
- **Heat:** Avoid placing extremely hot items directly on the stone surface.
- **Impact:** While river stone is durable, heavy impacts can cause chips or cracks. Handle objects around the basin with care.

5.3. Sealing (Optional)

Natural stone is porous. To enhance stain resistance and maintain its appearance, you may consider applying a stone sealer periodically (e.g., every 1-2 years) according to the sealer manufacturer's instructions. Test the sealer on an inconspicuous area first.

6. Troubleshooting

This section addresses common issues you might encounter with your basin.

- **Leaks:** If you notice leaks around the drain or connections, first ensure all plumbing connections are securely tightened. If the leak persists, the sealant around the drain or basin may need to be reapplied.
- **Slow Drainage:** This is typically caused by a blockage in the drain or P-trap. Remove the drain stopper and clear any visible debris. If necessary, disassemble the P-trap to remove blockages.
- **Stains:** For minor stains, try a poultice specifically designed for natural stone. For stubborn stains, professional stone cleaning may be required. Always test any cleaning solution on an inconspicuous area first.
- **Dull Appearance:** Over time, natural stone can lose some of its luster. Regular cleaning and periodic application of a stone sealer can help restore and maintain its appearance.

7. Specifications

Feature	Detail
---------	--------

Feature	Detail
Brand	Vente-unique
Model	STONE River Stone Bathroom Basin
Material	Natural Stone
Color	Grey
Approximate Length	25 - 30 cm
Approximate Depth	25 - 30 cm
Approximate Height	15 cm
Weight	Approximately 16 kg
Number of Basins	1
Faucet Included	No
Drain/Cover Included	No

Note: Due to the natural material, all dimensions and weights are approximate and may vary slightly.

8. Warranty and Support

Specific warranty details for the Vente-unique STONE River Stone Bathroom Basin are not provided within the product information. For warranty claims or technical support, please contact Vente-unique customer service or the retailer from whom you purchased the product. Please have your proof of purchase and product model information (STONE River Stone Bathroom Basin, B09MPJDDYS) ready when contacting support.
