LASER X 38147

LASER X Revolution Two Player Long Range Laser Tag Gaming Blaster Set

Model: 38147 | Brand: LASER X

INTRODUCTION

The LASER X Revolution Two Player Long Range Laser Tag Gaming Blaster Set provides an immersive laser tag experience for two players. This system allows for blaster-to-blaster play, eliminating the need for chest or armband receivers. Designed for both indoor and outdoor use, it features ultra long-range blasting capabilities and interactive game elements.

PACKAGE CONTENTS

Your LASER X Revolution Two Player Long Range Laser Tag Gaming Blaster Set includes the following items:

- 2 x LASER X Revolution Ultra Long-Range Blasters

Image: A front view of the two LASER X Revolution blasters, one illuminated in red and the other in blue, demonstrating their distinct team colors.

SETUP GUIDE

Battery Installation

1. Locate the battery compartment on each blaster. This is typically on the handle or underside.
2. Using a small Phillips head screwdriver (not included), unscrew the battery compartment cover.
3. Insert 3 AAA (1.5V) alkaline batteries into each blaster, ensuring correct polarity (+/-) as indicated inside the compartment. A total of 6 AAA batteries are required for the set (not included).
4. Replace the battery compartment cover and secure it with the screw.

Initial Power On

- Once batteries are installed, locate the power switch on each blaster and slide it to the "ON" position.
- The blasters will light up and emit sounds, indicating they are ready for play.

OPERATING INSTRUCTIONS

Game Modes and Features

- **Team Play:** Choose from over 20 different team colors to light up your blaster. Players can form teams or play as individuals.
- **Blaster-to-Blaster Play:** The system uses advanced sensors on the blasters themselves, eliminating the need for separate receivers.
- **Long-Range Blasting:** Engage opponents from distances of up to 500 feet.
- **Rapid Fire:** Utilize the rapid fire feature for quick successive shots.
- **Quick-Slide Reload:** Reload your blaster quickly during intense gameplay using the quick-slide mechanism.
- **Interactive Voice Coach:** Advanced sensors provide an interactive voice coach that offers tips and tricks throughout the game.
- **Sound and Lighting Effects:** The blasters feature dynamic sound and lighting effects that track your shots and hits, enhancing the gaming experience.

- **Environmental Interaction:** Blaster beams can pass through windows and strategically bounce off walls and mirrors to hit targets.
- **Compatibility:** All LASER X gear is designed to work together, allowing for unlimited players in a game.

CARE AND MAINTENANCE

- **Cleaning:** Wipe the blasters with a soft, dry cloth. Do not use abrasive cleaners or immerse the blasters in water.
- **Storage:** Store the blasters in a cool, dry place away from direct sunlight when not in use.
- **Battery Care:** Remove batteries from the blasters if they will not be used for an extended period to prevent leakage.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Blaster does not power on.	Batteries are dead or incorrectly installed.	Check battery polarity. Replace with fresh AAA alkaline batteries.
Blaster not registering hits.	Obstruction between blasters or out of range.	Ensure clear line of sight. Move closer to opponent (within 500 feet).
Sound or light effects are weak.	Low battery power.	Replace batteries with fresh AAA alkaline batteries.
Blaster seems to malfunction randomly.	Interference or internal issue.	Turn the blaster off and then on again. Ensure no strong electromagnetic interference nearby. If issues persist, contact manufacturer support.

PRODUCT SPECIFICATIONS

Feature	Detail
Model Number	38147
Brand	LASER X
Product Dimensions (Overall)	8.68 Inches (H) x 15.1 Inches (W) x 2.13 Inches (D)
Item Weight	1 pound
Firing Range Distance	Up to 500 Feet
Suggested Age	6 Years and Up
Batteries Required	6 x AAA (1.5V) Alkaline Batteries (3 per blaster, not included)
Technology	Infrared Beam (not a real laser)

SAFETY INFORMATION

- This product is recommended for ages 6 years and up.
- The blasters use an infrared beam, not a real laser. The beam is not visible to the naked eye.
- Do not aim directly at eyes or face.
- Use only recommended battery type and ensure correct polarity.
- Do not mix old and new batteries, or different types of batteries.
- Dispose of batteries responsibly.
