Techking D6, T1

Techking D6 Pro Series 3 Smart Watch and T1 Wireless Bluetooth Headset User Manual

1. Introduction

This manual provides detailed instructions for the setup, operation, and maintenance of your Techking D6 Pro Series 3 Smart Watch and T1 Wireless Bluetooth Headset. Please read this manual thoroughly before using the devices to ensure proper functionality and to maximize your user experience.

The Techking D6 Pro Series 3 Smart Watch features a 1.3-inch touch screen, fitness tracking capabilities including heart rate and blood pressure monitoring, and smart notifications. The T1 Wireless Bluetooth Headset offers high-fidelity stereo audio and hands-free calling.

2. What's in the Box

Your package should contain the following items:

- Techking D6 Pro Series 3 Smart Watch
- T1 Wireless Bluetooth Headset
- Charging Cable (for Smart Watch, integrated USB)
- Charging Cable (for Bluetooth Headset)
- User Manual (this document)

3. Product Overview

3.1 Techking D6 Pro Series 3 Smart Watch

The D6 Pro Series 3 Smart Watch is designed for daily wear, offering a range of features to support your health and connectivity. It features a 1.3-inch color touch screen for intuitive operation and a comfortable silicone band.

4. Setup Instructions

4.1 Techking D6 Pro Series 3 Smart Watch

1. **Charging:** Remove the wrist strap to reveal the integrated USB charging interface. Plug the watch directly into a USB

port on a computer or a USB wall adapter. The screen will indicate charging status. Ensure the watch is fully charged before first use.

2. **Power On:** Press and hold the touch button (usually located at the bottom of the screen) until the screen lights up.
3. **App Installation:** Scan the QR code provided in the watch's initial setup screen or search for the recommended companion app (if specified in packaging) on your smartphone's app store. Install the app.
4. **Pairing:**
   - Enable Bluetooth on your smartphone.
   - Open the companion app and follow the on-screen instructions to search for and connect to your D6 Pro Series 3 Smart Watch.
   - Confirm the pairing request on both your watch and smartphone.
5. **Initial Setup:** Once paired, use the app to set your personal profile, time format, notification preferences, and other settings.

4.2 T1 Wireless Bluetooth Headset

1. **Charging:** Connect the headset to a USB power source using the provided charging cable. The indicator light will show charging status and turn off or change color when fully charged.
2. **Power On:** Press and hold the multi-function button on the headset until the indicator light flashes, usually blue.
3. **Pairing:**
   - With the headset powered on, it should automatically enter pairing mode (indicator light flashing rapidly, often red and blue).
   - On your smartphone, go to Bluetooth settings and search for available devices.
   - Select "T1 Headset" (or similar name) from the list to connect.
   - Once connected, the indicator light will usually flash slowly or turn solid blue.

5. Operating Instructions

5.1 Techking D6 Pro Series 3 Smart Watch

- **Navigation:** Swipe left/right or up/down on the touch screen to navigate through different functions and menus. Tap to select an option.
- **Heart Rate Monitoring:** The watch continuously monitors your heart rate. View your current heart rate on the watch face or in the dedicated heart rate section.
- **Blood Pressure Monitoring:** Access the blood pressure function on the watch. Ensure the watch is worn correctly for accurate readings.
- **Sleep Tracking:** The watch automatically tracks your sleep patterns when worn during sleep, providing data on sleep duration and quality.
- **Pedometer:** Tracks your daily steps, distance, and calories burned.
- **Smart Notifications:** Once paired with your smartphone, the watch will display notifications for incoming calls, SMS messages, and alerts from apps like WhatsApp, Facebook, and Twitter. Alerts are typically delivered via vibration.
- **Sedentary Reminder:** Set reminders in the app to encourage movement after periods of inactivity.
- **Alarm Clock:** Set alarms through the companion app, and the watch will vibrate to alert you.
- **Camera Control:** Use the watch as a remote shutter for your smartphone camera. Access this function on the watch and open your phone's camera app.
- **Find My Phone:** If your phone is misplaced, use this feature on the watch to make your phone ring (if within Bluetooth range).

- **Music Control:** Control music playback on your smartphone (play/pause, next/previous track) directly from the watch.

5.2 T1 Wireless Bluetooth Headset

- **Answering/Ending Calls:** Press the multi-function button once to answer an incoming call. Press it again to end an active call.
- **Rejecting Calls:** Press and hold the multi-function button for a few seconds to reject an incoming call.
- **Music Playback:** When connected to your device, music will play through the headset. Use the multi-function button for play/pause (single press) and volume/track control (specific button presses may vary, refer to headset's quick start guide if available).
- **Volume Control:** Use the volume buttons on the headset to adjust audio levels.

6. Maintenance

- **Cleaning:** Wipe both the smart watch and headset with a soft, dry cloth. For stubborn dirt, a slightly damp cloth can be used, but ensure devices are completely dry before use or charging.
- **Water Resistance (Smart Watch):** The D6 Pro Series 3 Smart Watch is waterproof. However, it is not suitable for hot water, diving, or prolonged submersion. Avoid exposing the charging contacts to water.
- **Battery Care:** To prolong battery life, avoid fully discharging the devices frequently. Charge them regularly and avoid extreme temperatures.
- **Storage:** Store devices in a cool, dry place away from direct sunlight and extreme temperatures when not in use.

7. Troubleshooting

- **Device Not Powering On:** Ensure the device is fully charged. Connect to a charger and wait a few minutes before attempting to power on again.
- **Unable to Pair:**
  - Ensure Bluetooth is enabled on your smartphone and the device is in pairing mode.
  - Move the device closer to your smartphone.
  - Restart both the device and your smartphone.
  - Clear previous Bluetooth connections on your smartphone.
- **Inaccurate Health Readings:** Ensure the smart watch is worn snugly on your wrist, about one finger's width from your wrist bone. Avoid excessive movement during measurements.
- **No Notifications:**
  - Check if the watch is properly paired with the app.
  - Ensure notification permissions are granted to the companion app on your smartphone.
  - Verify that notifications are enabled within the app settings for specific applications.
- **Headset Audio Issues:** Ensure the headset is fully charged and properly paired. Check the volume levels on both the headset and your connected device.

8. Specifications

Feature	Specification
