MERITLINE Twin Over Full Bunk Bed with Stairs Instruction Manual

MODEL: B09MRV2279

Brand: MERITLINE

1. PRODUCT OVERVIEW

The MERITLINE Twin Over Full Bunk Bed with Stairs is designed to provide sleeping space and integrated storage. This bunk bed features a twin-size upper bunk and a full-size bottom bunk, connected by a stairway that includes storage compartments. The bed frame is constructed from solid pine wood, MDF, and plywood for stability and durability. It can also be configured as two individual beds (one twin, one full).

Key Features:

- **Twin Over Full Configuration:** Accommodates one twin-size mattress on the upper bunk and one full-size mattress on the lower bunk.
- **Integrated Stairway with Storage:** Four open shelves are built into the staircase for convenient storage of items such as bedding, toys, or books.
- **Convertible Design:** The bunk bed can be separated into one individual twin bed and one individual full-size bed.
- **Solid Construction:** Made from solid pine wood, MDF, and plywood for enhanced stability and long-term use.
- **Safety Features:** Includes a full-length guardrail for the upper bunk and headboard/footboard for the bottom bunk.
- **Slat Kit Included:** Box springs are not required for mattress support.

2. SAFETY INFORMATION

Read and understand all instructions before assembling and using this bunk bed. Failure to follow these warnings could result in serious injury.

- **Weight Capacity:** The upper bunk has a maximum weight capacity of 200 lbs. The bottom bunk has a maximum weight capacity of 250 lbs. Do not exceed these limits.
- **Mattress Requirements:**
 - Upper bed: Recommended mattress thickness is 6 inches.
 - Bottom bed: Recommended mattress thickness is 8 inches.
- **Guardrails:** The upper bunk is equipped with a full-length guardrail. Ensure all guardrails are properly installed and secured before use.
- **Stairway Access:** Use the provided stairway for safe access to the upper bunk. Do not use alternative methods for climbing.
- **Assembly:** This product requires assembly. Ensure all hardware is securely tightened before use. Periodically check and re-tighten all connections.
- **Children's Safety:** Bunk beds are not recommended for children under 6 years of age on the upper bunk.
- **Ventilation:** Ensure adequate ventilation around the bed.

3. ASSEMBLY INSTRUCTIONS

This bunk bed requires assembly. It is recommended that two adults assemble this product. Please ensure you have sufficient space and all components before beginning. The product comes in 3 separate packages, which may not arrive simultaneously. Please wait for all packages before starting assembly.

Before You Begin:

- Unpack all components and hardware. Verify that all parts are present by comparing them against the included parts list (refer to the separate instruction manual provided in the packaging).
- Clear an adequate workspace.
- Gather necessary tools (typically a Phillips head screwdriver and Allen wrench, though specific tools will be listed in the packaged manual).

General Assembly Steps:

1. Begin by assembling the base frames for both the twin and full beds according to the detailed diagrams in your packaged manual.
2. Attach the headboards and footboards to their respective bed frames. Pay close attention to the orientation of these parts as incorrect placement can cause assembly difficulties.
3. Assemble the stairway unit, ensuring the storage compartments are correctly aligned.
4. Connect the upper twin bunk to the lower full bunk using the designated connectors and hardware.
5. Install the guardrails on the upper bunk.
6. Place the slat kits onto both bed frames, ensuring they are evenly spaced and secured.
7. Once fully assembled, double-check all bolts and screws to ensure they are tight and secure.

4. OPERATION

Using the Bunk Bed:

- **Sleeping:** The upper bunk is designed for a twin-size mattress, and the lower bunk for a full-size mattress. Ensure mattresses meet the recommended thickness for safety and proper fit.
- **Stairway Storage:** Utilize the four open compartments within the stairway for storing bedding, books, or other personal items.
- **Conversion to Two Beds:** The bunk bed can be disassembled and reconfigured into two separate beds: one twin-size bed and one full-size bed. Refer to the detailed assembly manual for instructions on this conversion.

5. MAINTENANCE

Proper maintenance will ensure the longevity and safety of your bunk bed.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the finish.
- **Hardware Check:** Periodically (e.g., monthly or quarterly) inspect all bolts, screws, and connections. Re-tighten any loose hardware to maintain structural integrity and safety.
- **Structural Integrity:** Do not modify the bed structure. Any alterations may compromise safety and void the warranty.
