## MOFT MD006-1-KEYBOARD-BK

# MOFT Portable Tri-fold Wireless Keyboard with Touchpad User Manual

Model: MD006-1-KEYBOARD-BK

## INTRODUCTION

This manual provides instructions for the MOFT Portable Tri-fold Wireless Keyboard with Touchpad. Please read this manual carefully before using the device to ensure proper operation and to maximize its lifespan. Keep this manual for future reference.

## PRODUCT OVERVIEW

The MOFT Portable Tri-fold Wireless Keyboard with Touchpad is designed for portability and multi-device compatibility. It features a compact, foldable design, an integrated touchpad, and the ability to connect to up to three devices simultaneously.

## Key Features:

- **Tri-folding Design:** Compact and pocket-sized for easy transport.
- **Magnetic Power On/Off:** Unfold to power on, fold to power off.
- **Built-in Rechargeable Battery:** Provides extended use on a single charge.
- **Multi-Channel Connection:** Connects to up to three devices via Bluetooth.
- **Multi-point Touchpad:** Integrated touchpad with mouse buttons for navigation.
- **Wide Compatibility:** Supports iOS, iPadOS, MacOS, Android, and Windows operating systems.

## What's in the Box:

- MOFT Portable Tri-fold Wireless Keyboard with Touchpad
- USB Cable

## SETUP

---

### 1. Charging the Keyboard

Before initial use, fully charge the keyboard. Connect the provided USB cable to the keyboard's charging port and to a USB power source (e.g., computer, wall adapter). The charging indicator light will illuminate during charging and turn off when fully charged. A full charge typically takes less than 2 hours.

### 2. Powering On/Off

To power on the keyboard, simply unfold it. The magnetic design automatically activates the power. To power off, fold the keyboard back into its compact form.

# MOFT

We create origami-inspired,  
lightweight carry accessories  
that empower people  
to work and create on the go.

Image: The keyboard illustrating its magnetic power on/off design, where unfolding activates it and folding deactivates it.

### 3. Bluetooth Pairing

1. Unfold the keyboard to power it on.
2. Press and hold one of the Bluetooth channel keys (1, 2, or 3) for 3-5 seconds until the corresponding indicator light flashes rapidly. This indicates pairing mode.
3. On your device (phone, tablet, laptop), go to Bluetooth settings and search for available devices.
4. Select "MOFT Keyboard" from the list.
5. Once connected, the indicator light will stop flashing and remain solid for a few seconds before turning off.

Repeat these steps to pair with up to two additional devices using the other Bluetooth channel keys.

"I have not seen something like this before.  
When you pick it up it seems a little flimsy,  
when you have it installed it's actually surprisingly solid."

## OPERATING INSTRUCTIONS

### 1. Basic Keyboard Use

Once paired, the keyboard functions like a standard QWERTY keyboard. Type directly into any text field on your connected device.

### 2. Touchpad Operation

The integrated touchpad supports multi-point gestures for navigation. Use standard touchpad gestures such as:

- **Single Finger Tap:** Left-click.
- **Two Finger Tap:** Right-click.
- **Two Finger Scroll:** Scroll up/down or left/right.
- **Pinch to Zoom:** Zoom in/out (supported on compatible devices/applications).

### 3. Switching Between Devices

To switch between paired devices, simply press the corresponding Bluetooth channel key (1, 2, or 3) for the desired device. The keyboard will automatically connect to that device.

### 4. Function Keys

The keyboard includes function keys (F1-F12) and multimedia keys. Use the **Fn** key in combination with other keys to access secondary functions, such as volume control, media playback, and screen brightness.

## MAINTENANCE

---

### Cleaning:

- Wipe the keyboard surface with a soft, damp cloth.
- Do not use harsh chemicals or abrasive cleaners.
- Ensure the keyboard is powered off and disconnected from any power source before cleaning.

### Storage:

- Store the keyboard in a cool, dry place when not in use.
- Keep it folded to protect the keys and touchpad.
- Avoid exposing the keyboard to extreme temperatures or direct sunlight.

## TROUBLESHOOTING

---

### Keyboard Not Connecting:

- Ensure the keyboard is charged and powered on (unfolded).
- Verify Bluetooth is enabled on your device.
- Try re-pairing the keyboard by following the "Bluetooth Pairing" steps.
- Ensure the keyboard is within the Bluetooth range of your device (typically 10 meters).
- Forget the device in your device's Bluetooth settings and try pairing again.

### Keys Not Responding:

- Check if the keyboard is properly connected to your device.
- Ensure the battery is not critically low; charge the keyboard if necessary.
- Restart your connected device.

### Touchpad Not Working:

- Ensure the keyboard is connected.
- Check if the touchpad might be disabled by a function key combination (refer to your device's operating system settings if applicable).
- Clean the touchpad surface to remove any debris.

### Charging Issues:

- Use the provided USB cable or a certified equivalent.
- Try a different USB power source.
- Ensure the charging port is clean and free of obstructions.
