

## Bose TV Speaker

# Bose TV Speaker and Bass Module 500 Instruction Manual

BRAND: BOSE

Model: TV Speaker

## INTRODUCTION

---

This instruction manual provides comprehensive guidance for the setup, operation, and maintenance of your Bose TV Speaker and Bass Module 500. Designed to enhance your television audio experience, this system delivers clear dialogue and rich bass for movies, music, and more. Please read this manual thoroughly before using your product to ensure proper installation and optimal performance.

## WHAT'S IN THE BOX

---

Verify that all the following items are included in your package:

- Bose TV Speaker
- Bose Bass Module 500
- Remote control with battery pre-installed
- Optical cable
- Power cord
- Quick Start Guide

## PRODUCT OVERVIEW

---

Image: The Bose TV Speaker (top) and the Bose Bass Module 500 (bottom), both in black, showcasing their compact and sleek design.

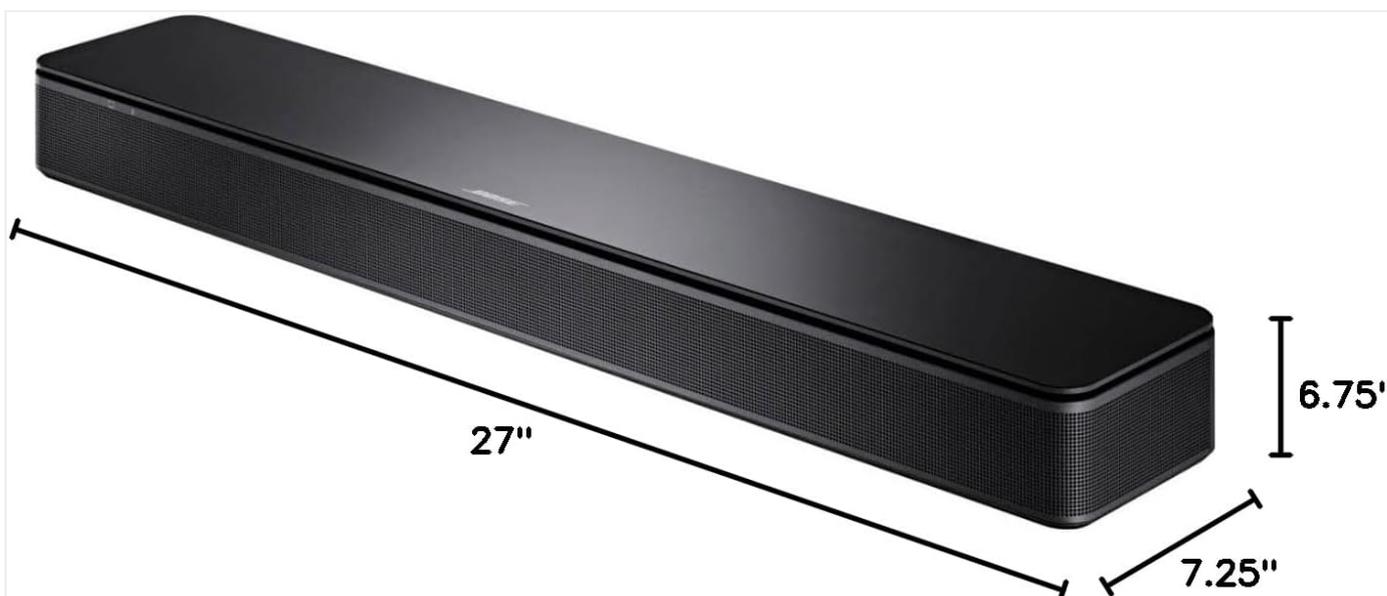

Image: The Bose TV Speaker with its dimensions indicated: 27 inches wide, 7.25 inches deep, and 6.75 inches high.

Image: The Bose TV Speaker positioned beneath a television on a wooden media console in a modern living room setting.

## SETUP

---

### 1. Placement

Place the Bose TV Speaker directly in front of your television, centered, on a stable, flat surface. Ensure there are no obstructions in front of the speaker that could block the sound. The Bass Module 500 can be placed anywhere in the room, ideally near a wall or corner for optimal bass performance, but not directly against a wall.

### 2. Connections

Connect the Bose TV Speaker to your television using one of the following methods:

1. **HDMI ARC (Recommended):** Connect one end of an HDMI cable (not included) to the HDMI ARC port on your TV and the other end to the HDMI ARC port on the Bose TV Speaker. This connection allows your TV remote to control the speaker's volume.
2. **Optical Cable:** Connect the included optical cable from the OPTICAL OUT port on your TV to the OPTICAL IN port on the Bose TV Speaker. Ensure the protective caps are removed from the optical cable ends before connecting.
3. **AUX Input:** For devices without HDMI ARC or optical output, connect a 3.5mm audio cable (not included) from your device's audio output to the AUX IN port on the Bose TV Speaker.

Image: A close-up view of the rear connection ports on the Bose TV Speaker, showing HDMI ARC, Optical In, Aux In, Service, Bass, and Power inputs.

The Bose Bass Module 500 connects wirelessly to the Bose TV Speaker. Ensure both devices are powered on and within range for automatic pairing. If pairing does not occur automatically, refer to the troubleshooting section.

### 3. Power Connection

Connect the power cord to the POWER port on the Bose TV Speaker and then plug the other end into a wall outlet. Do the same for the Bass Module 500. The speaker will automatically turn on.

## OPERATING

---

### Remote Control Functions

The included remote control provides full command over your Bose TV Speaker and Bass Module 500. Ensure the remote has a clear line of sight to the speaker.

Image: A hand holding the sleek black Bose remote control, showing buttons for power, volume, mute, Bluetooth, bass, and dialogue mode.

- **Power Button:** Turns the speaker on or off.
- **Volume Up/Down (+/-):** Adjusts the overall volume level.
- **Mute Button:** Mutes or unmutes the audio output.
- **Bluetooth Button:** Initiates Bluetooth pairing mode for connecting mobile devices.
- **Bass Button:** Adjusts the bass level of the system. Press to cycle through bass levels.
- **Dialogue Mode Button:** Enhances speech clarity, making dialogue easier to understand. Press to toggle on/off.

## Bluetooth Pairing

To connect a Bluetooth device (e.g., smartphone, tablet) to your Bose TV Speaker:

1. Press the **Bluetooth button** on the remote control. The Bluetooth indicator on the speaker will blink blue.
2. On your mobile device, enable Bluetooth and select "Bose TV Speaker" from the list of available devices.
3. Once connected, the Bluetooth indicator on the speaker will glow solid blue. You can now play audio from your device through the speaker.

## MAINTENANCE

---

Proper care ensures the longevity and performance of your Bose TV Speaker and Bass Module 500.

- **Cleaning:** Use a soft, dry cloth to clean the surfaces of the speaker and bass module. Do not use any liquids, sprays, or chemical cleaners.
- **Ventilation:** Ensure that the ventilation openings on the speaker and bass module are not blocked.
- **Environment:** Avoid exposing the product to extreme temperatures, humidity, or direct sunlight.
- **Storage:** If storing the product for an extended period, disconnect it from power and store it in a cool, dry place.

## TROUBLESHOOTING

---

If you encounter issues with your Bose TV Speaker or Bass Module 500, refer to the table below for common problems and solutions.

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
No sound from speaker	Speaker not powered on; incorrect input selected; TV audio output settings incorrect; cables loose.	Ensure speaker is plugged in and powered on. Check TV audio output settings (e.g., set to External Speaker, PCM). Verify all cables are securely connected. Try a different input source.
Bass Module 500 not connecting	Bass module not powered on; out of range; interference.	Ensure bass module is plugged in and powered on. Move bass module closer to the TV speaker. Reduce interference from other wireless devices.
Remote control not working	Battery low/dead; obstructed line of sight.	Replace the remote control battery. Ensure nothing is blocking the path between the remote and the speaker.
Bluetooth device not pairing	Speaker not in pairing mode; device too far; device already connected to another speaker.	Press the Bluetooth button on the remote to enter pairing mode. Move device closer to the speaker. Disconnect device from other Bluetooth speakers.

## SPECIFICATIONS

Feature	Detail
Speaker Type	Soundbar
Connectivity Technology	Bluetooth, HDMI ARC, Optical, AUX
Wireless Communication	Bluetooth 4.2
Audio Output Mode	Stereo (2.0 Channel)
Product Dimensions (TV Speaker)	7.25"D x 27"W x 6.75"H
Item Weight	24.3 Pounds (combined)
Control Method	Remote
Recommended Use	For Televisions
Color	Black
Model Number	TV Speaker
UPC	192223194335

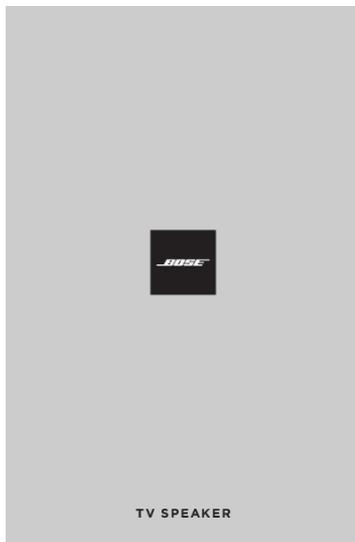

## WARRANTY AND SUPPORT

- **Warranty:** The Bose TV Speaker and Bass Module 500 come with a 1-year limited warranty. Please retain your proof of purchase for warranty claims.
- **Support:** For further assistance, technical support, or warranty service, please visit the official Bose support website or contact their customer service.

- 1** Entendez chaque mot avec un maximum de clarté.  
Deux haut-parleurs à plage étendue sont orientés de manière à offrir une expérience d'écoute ample et réaliste. Au centre, le haut-parleur d'aigus optimise le rendu des voix. Et, grâce au mode dialogue, l'enceinte Bose TV Speaker améliore la clarté des voix pour rendre chaque mot parfaitement intelligible.
- 2** Facile à installer. Facile à utiliser.  
Votre enceinte Bose TV Speaker se connecte à votre téléviseur grâce à son câble optique (inclus) ou à un câble HDMI (vendu séparément) : en quelques minutes, le tour est joué. L'enceinte Bose TV Speaker intègre également une sortie HDMI compatible CEC/ARC. Vous pouvez ainsi utiliser la télécommande de votre téléviseur\* pour régler le volume de l'enceinte Bose TV Speaker, comme si rien n'avait changé. Grâce à la fonction de sortie de veille automatique, l'enceinte s'allumera automatiquement lorsqu'elle recevra un signal audio.  
\* Votre téléviseur doit être compatible HDMI-CEC.
- 3** Musique en streaming avec le mode *Bluetooth®*.  
L'enceinte Bose TV Speaker est également compatible Bluetooth® pour écouter ce que vous voulez, quand vous le voulez. Appuyez sur le bouton Bluetooth® de la télécommande incluse pour connecter un appareil et écouter de la musique ou des podcasts, et plus encore, via votre barre de son, le tout en mode sans fil.

**Message clé**  
Votre téléviseur mérite le meilleur son.  
L'enceinte Bose TV Speaker est une petite barre de son conçue pour être simple d'utilisation. Elle rend les dialogues plus clairs et améliore la qualité globale du son. Un seul câble (HDMI ou câble audio optique) suffit pour connecter cette enceinte. Grâce à la compatibilité Bluetooth®, vous pouvez diffuser votre musique et vos podcasts préférés en mode sans fil.  
Les informations figurant dans vos supports de formation sont confidentielles, à caractère sensible et réservées à l'information du destinataire prévu. Elles ne peuvent être partagées ou redistribuées avant le lancement officiel du produit.
