

BMS K3-021-C-F2

BMS K3-021-C-F2 Black Aluminum Sun Shade Full Set

Model: K3-021-C-F2 | Brand: BMS

INTRODUCTION

Thank you for purchasing the BMS K3-021-C-F2 Black Aluminum Sun Shade Full Set. This product is designed to provide enhanced sun protection and privacy for your vehicle. This manual provides essential information for the proper installation, operation, and maintenance of your sun shades.

SAFETY INFORMATION

Important Safety Warnings:

- This product is designed to soften the effects of outside temperatures.
- Always keep children and pets away from the car when sun shades are installed, especially in warm weather.
- It is very dangerous to use these sun shades while driving.
- Always remove the sun shades completely from all windows before driving the vehicle.

PACKAGE CONTENTS

The package includes a full set of 6 pieces of the BMS Black Aluminum Sun Shade. Please verify all components are present upon unboxing.

This image displays the complete set of six black aluminum sun shades, each featuring a distinctive quilted pattern. The set includes various shapes and sizes designed to fit different window sections of the vehicle.

SETUP AND INSTALLATION

This product requires no assembly. The sun shades are designed for direct placement onto the interior of your vehicle's windows.

Compatibility: This sun shade set is specifically designed for Honda N-ONE JG1/JG2 models manufactured from April 2013 onwards (H25/04-), particularly those equipped with the City Brake Active System.

Installation Steps:

1. Identify the correct sun shade piece for each window. The set includes custom-shaped pieces for various window sections.
2. Carefully position each sun shade against the interior of its corresponding window.
3. Ensure the shade fits snugly and covers the window area effectively. Some shades may use suction cups or friction fit for secure placement.
4. Repeat for all 6 pieces to cover the designated windows.

For optimal fit, refer to your vehicle's owner's manual or window dimensions if needed.

OPERATING INSTRUCTIONS

To use the sun shades, simply place them on the interior of your vehicle's windows when parked. They are intended to reduce interior temperature and provide privacy.

Remember: Always remove all sun shades before starting your vehicle and driving. Driving with sun shades installed can obstruct your view and is extremely dangerous.

MAINTENANCE

To maintain the quality and longevity of your sun shades:

- **Cleaning:** The shades are made from Aluminium Cotton. For cleaning, gently wipe the surface with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** When not in use, store the sun shades in a clean, dry place, away from direct sunlight and extreme temperatures, to prevent material degradation.

TROUBLESHOOTING

If you encounter issues with your sun shade set, consider the following:

- **Improper Fit:** Ensure your vehicle is a Honda N-ONE JG1/JG2 (H25/04-) with the City Brake Active System. This product is custom-fitted for this specific model.
- **Shade Not Staying in Place:** Check if the shade is correctly aligned with the window frame. Ensure any integrated attachment mechanisms (if present) are properly engaged.
- **Damage:** Inspect the shades for any physical damage. If damaged, contact customer support for assistance.
