2. WHAT'S IN THE BOX

Verify that all items are present in the package:

- 2 U Bluetooth Earbuds (Left and Right)
- 1 U Charging Case
- 1 U Type-C Cable
- 1 User Manual (this document)
- 1 Warranty Card
- 2 U (pairs) Eartips (various sizes)

3. PRODUCT OVERVIEW

The Truke Air Buds+ feature a compact design with touch controls and an ergonomic fit. The charging case includes a digital display for battery percentage.

Key Features:

- Quad-Mic Noise Cancellation (AI-ENC) for HD Calls
- Up to 48 hours of total playtime with charging case
- Automatic in-ear detection for play/pause
- Truke Buds Application support for customization
- 55ms Ultra-Low Latency Gaming Mode
- Bluetooth 5.1 connectivity
- IPX4 water resistance

4. SETUP

4.1 Charging the Earbuds and Case

Before first use, fully charge the earbuds and the charging case. Connect the provided Type-C cable to the charging case and a compatible USB power source. The digital display on the case will indicate the charging status.

- **Charging Time:** Approximately 5 minutes for quick charge (100 minutes playtime), full charge time not specified but typically 1-2 hours for case.
- The earbuds charge automatically when placed inside the charging case.

4.2 Bluetooth Pairing

1. Ensure the earbuds are charged.
2. Open the charging case. The earbuds will automatically enter pairing mode.
3. On your device (smartphone, tablet, etc.), enable Bluetooth and search for available devices.
4. Select "Truke Air Buds+" from the list of found devices to connect.
5. Once connected, you will hear a confirmation tone, and the earbuds will be ready for use.

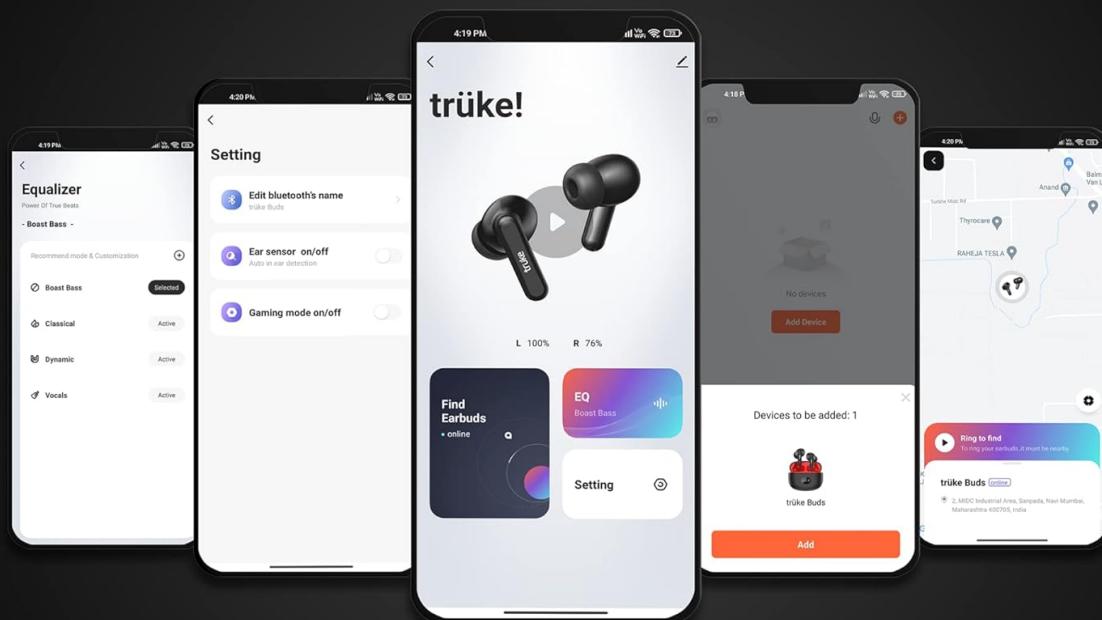

4.3 Truke Buds Application Support

Enhance your experience by downloading the Truke Buds Application, available for both Android and iOS devices. The app allows you to:

- Toggle Gaming Mode
- Enable/Disable In-Ear Sensor
- Select from 20 Preset EQs or customize your own Signature EQ
- Upgrade firmware
- Monitor earbud battery levels

5. OPERATING INSTRUCTIONS

5.1 Power On/Off

- **Power On:** Open the charging case, or take the earbuds out of the case. They will power on automatically.
- **Power Off:** Place the earbuds back into the charging case and close the lid. They will power off automatically.

5.2 Touch Controls

The earbuds feature high-quality touch panels for easy control:

- **Play/Pause Music:** Single tap on either earbud.
- **Next Track:** Double tap on the right earbud.
- **Previous Track:** Double tap on the left earbud.
- **Answer/End Call:** Single tap on either earbud.
- **Reject Call:** Long press on either earbud.
- **Activate Voice Assistant (Google Assistant/Siri):** Triple tap on the left earbud.
- **Toggle Gaming Mode:** Triple tap on the right earbud.
- **Toggle In-Ear Sensor:** Triple tap on the left earbud (can also be controlled via app).

5.3 Auto In-Ear Detection

The earbuds are equipped with high-precision contact sensors. Music will automatically play when you wear the earbuds and pause when you remove them. This feature can be enabled or disabled by triple tapping the left earbud or through the Truke Buds Application.

Image 4: Visual representation of the auto in-ear detection feature.

5.4 Gaming Mode (Ultra-Low Latency)

For an optimized gaming experience, activate the 55ms Ultra-Low Latency Gaming Mode by triple tapping the right earbud. This reduces audio delay, providing better synchronization between audio and video during gameplay.

5.5 EQ Modes

Customize your audio experience with 20 preset EQ modes available through the Truke Buds Application. You can also create and save your own custom equalizer profiles to match your preferred sound signature, whether for rock, hip-hop, deep bass, or clear vocals.

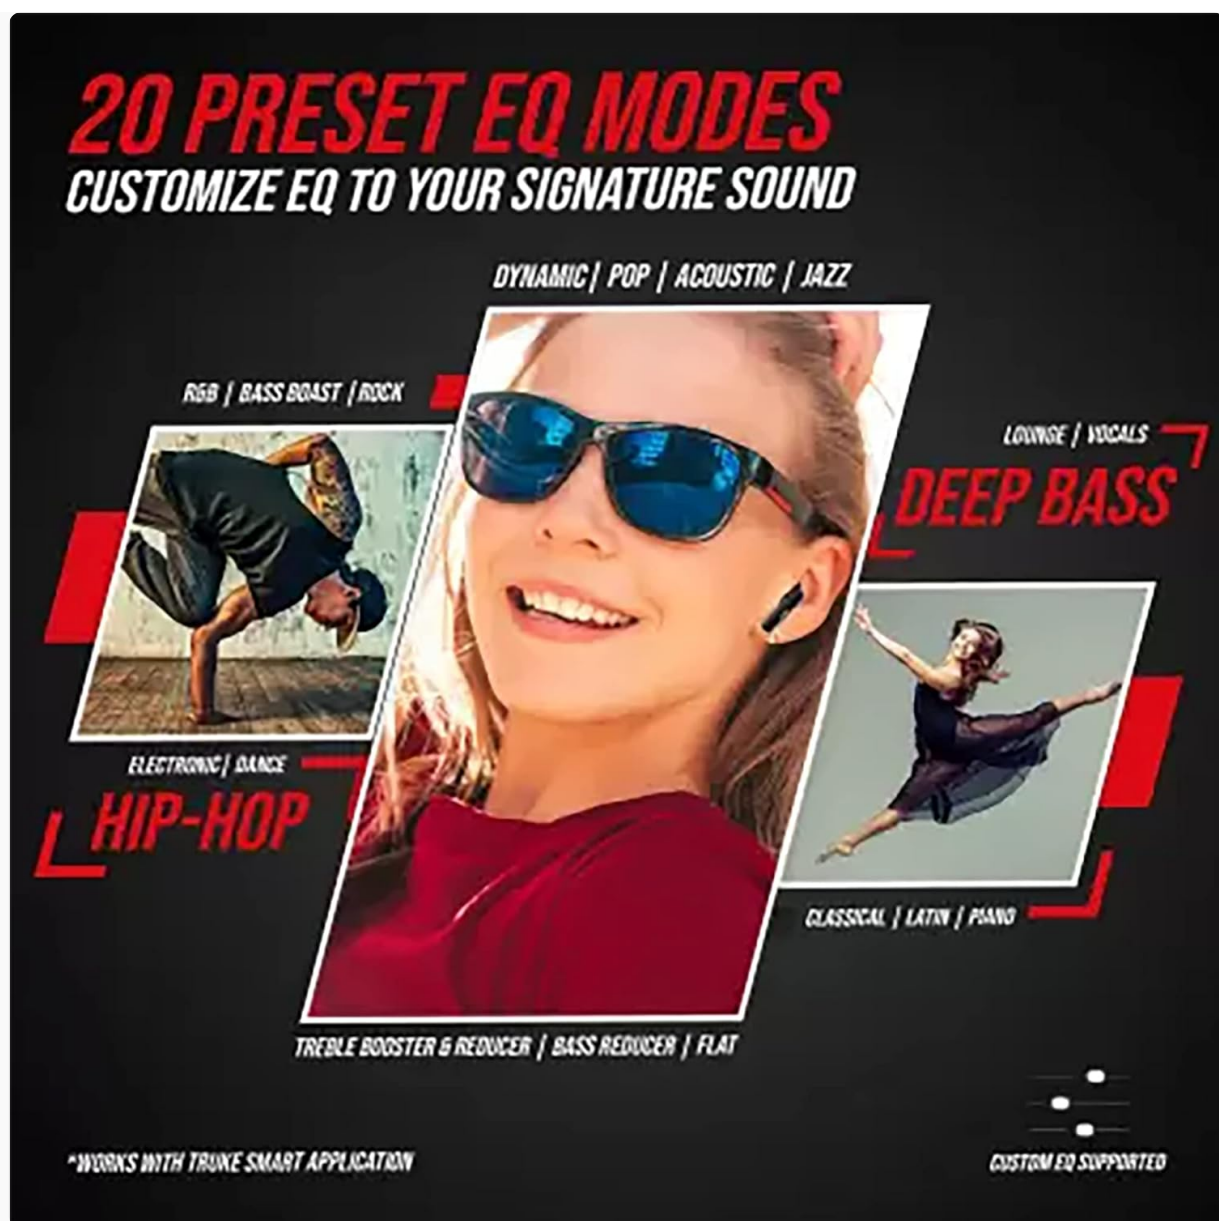

Image 5: Illustration of the 20 preset EQ modes and custom EQ support.

6. MAINTENANCE

6.1 Cleaning

- Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth.
- Remove any earwax or debris from the earbud nozzles and charging contacts using a small, soft brush or cotton swab.
- Avoid using abrasive materials, solvents, or harsh chemicals.

6.2 Water Resistance

The Truke Air Buds+ are rated IPX4 water resistant, meaning they are protected against splashing water from any direction. This makes them suitable for workouts and light rain. However, they are not designed for submersion in water or exposure to heavy rain. Do not wear them while swimming or showering.

7. TROUBLESHOOTING

Problem	Possible Solution
---------	-------------------

Problem	Possible Solution
Earbuds not pairing	<p>Ensure earbuds are charged.</p> <p>Place earbuds back in the case, close, then reopen to re-enter pairing mode.</p> <p>Disable and re-enable Bluetooth on your device.</p> <p>Forget "Truke Air Buds+" from your device's Bluetooth list and re-pair.</p>
One earbud not working	<p>Ensure both earbuds are charged.</p> <p>Place both earbuds in the charging case, close the lid, wait a few seconds, then open again.</p> <p>Clean the charging contacts on both earbuds and inside the case.</p>
Low volume or poor sound quality	<p>Adjust volume on your connected device.</p> <p>Ensure earbuds are properly seated in your ears. Try different eartip sizes.</p> <p>Clean earbud nozzles for any obstructions.</p> <p>Check EQ settings in the Truke Buds Application.</p>
Touch controls unresponsive	<p>Ensure your fingers are clean and dry.</p> <p>Restart the earbuds by placing them in the case and taking them out.</p>
In-ear detection not working	<p>Ensure the in-ear sensor is enabled via the Truke Buds Application or by triple tapping the left earbud.</p> <p>Clean the sensor area on the earbuds.</p>
