truke E1

truke Air Buds Lite True Wireless Earbuds User Manual

Model: E1

1. Introduction

Thank you for choosing the truke Air Buds Lite True Wireless Earbuds. These earbuds are designed to provide a superior audio experience with features like ultra-low latency for gaming, advanced noise cancellation for calls, and long-lasting battery life. Please read this manual carefully to ensure proper use and maintenance of your device.

2. What's in the Box

- truke Air Buds Lite Earbuds (Left & Right)
- Wireless Charging Case
- Type-C USB Charging Cable
- Multiple Ear Tip Sizes
- User Manual

3. Setup

3.1 Initial Charging

Before first use, fully charge the earbuds and the charging case. Connect the Type-C USB cable to the charging port on the case and to a power source. The indicator lights on the case will show charging status.

The BTG Ultra's powerful 500mAh case battery offers up to 60 hours of total battery life. Each earbud's 40mAh battery provides up to 10 hours of playtime on a single charge. Thanks to the Type-C Charging interface and RapidPower Charging technology, just 10 minutes of charging in the case delivers an extra 10 hours of gameplay.

3.2 Pairing with Your Device

1. Ensure the earbuds are charged and placed inside the charging case.
2. Open the charging case lid. The earbuds will automatically enter pairing mode.
3. On your device (smartphone, tablet, laptop), enable Bluetooth.
4. Search for available Bluetooth devices and select "truke Air Buds Lite" from the list.
5. Once connected, you will hear a confirmation tone, and the earbuds will be ready for use.

Seamlessly connect and start gaming with 1-step instant pairing and advanced Bluetooth 5.4 technology. Enjoy a hassle-free setup process that gets you into the game faster, while Bluetooth 5.4 ensures a stable, high-quality connection for uninterrupted gameplay.

4. Operating Instructions

4.1 Touch Controls

The truke Air Buds Lite feature intuitive touch controls on each earbud. Refer to the diagram below for common functions:

Play/Pause: Single tap on either earbud.

Switch Music (Next Song): Double tap on the right earbud.

Switch Music (Previous Song): Double tap on the left earbud.

Answer/End Call: Single tap on either earbud.

Reject Call: Press and hold either earbud for 2 seconds.

Activate Voice Assistant: Triple tap on either earbud.

4.2 Gaming Mode (Battle Mode)

Unleash your full gaming potential with BTG Ultra's Battle Mode. Engineered for peak performance, it optimizes every aspect of your gaming experience, featuring ultra-low 40ms latency for lightning-fast response times. Immerse yourself in heightened realism as it enhances gunshot effects and accurately identifies footsteps, giving you the competitive edge needed to dominate the battlefield. Experience zero lag and maximum thrill with BTG Ultra – where every move counts.

To activate Gaming Mode, triple tap on the right earbud.

4.3 Calling with Quad Mic PureVoice ENC Technology

Quad Mic PureVoice ENC Technology revolutionizes your calls with unparalleled clarity. Utilizing four microphones and advanced noise cancellation, stay immersed in your gaming world without distractions. Whether coordinating strategies or chatting with teammates, experience every command with crisp precision, ensuring nothing gets lost in translation. Elevate your gaming experience with crystal-clear communication, powered by PureVoice technology.

4.4 Voice Assistant Integration

Stay connected and in control with BTG Ultra's Siri and Google Assistant integration. Effortlessly manage your gaming sessions, check notifications, and control your device hands-free with simple voice commands. Enhance your gaming experience with seamless voice assistant support, allowing you to focus on the action without missing a beat.

4.5 360Spatial Audio

Experience gaming like never before with 360Spatial Audio, our trademarked technology designed to immerse you in every sound. Powered by a 13mm graphene speaker driver, enjoy rich, detailed audio that surrounds you from every angle. With support for SBC & AAC Codecs, every sound is transmitted with clarity and precision, ensuring an unparalleled gaming experience that transports you into the heart of the action.

5. Maintenance

5.1 Cleaning

Regularly clean your earbuds and charging case to ensure optimal performance and hygiene. Use a soft, dry, lint-free cloth. For stubborn dirt, slightly dampen the cloth with water. Do not use harsh chemicals or abrasive materials.

5.2 Water Resistance (IPX5 Rated)

Built for durability, BTG Ultra earbuds are IPX5 rated, providing resistance against sweat and water. Whether you're in the heat of an intense gaming session or on the go, these earbuds are designed to withstand the elements and keep performing at their best. Stay confident and focused, knowing your gear can handle any challenge.

Note: IPX5 rating means the earbuds are resistant to a sustained, low-pressure water jet spray. They are not designed for submersion in water or for use during swimming.

6. Troubleshooting

Problem	Possible Cause	Solution

Problem	Possible Cause	Solution
Earbuds not pairing	Low battery; Bluetooth off; already paired to another device.	Charge earbuds and case; ensure Bluetooth is on; disconnect from other devices.
No sound from one earbud	Earbud not connected; low battery; earbud dirty.	Place both earbuds in case, close, then reopen; charge; clean earbud.
Poor call quality	Weak signal; microphone obstruction.	Move closer to your device; ensure microphone is clear.
Touch controls unresponsive	Earbuds dirty; temporary software glitch.	Clean touch sensor area; restart earbuds by placing them in the case and taking them out.
