## Operating Instructions

Your Frigidaire Gallery refrigerator features intuitive controls and flexible storage options.

### Control Panel and Dispenser

The exterior control panel allows you to manage temperature settings for both the refrigerator and freezer compartments, dispense water, and select between cubed or crushed ice. It also provides indicators for filter replacement.

- **Temperature Control:** Adjust freezer and refrigerator temperatures using the +/- buttons.
- **Dispenser Options:** Select Water, Cube, or Crush ice.
- **Filter Indicators:** Lights will illuminate when it's time to reset the air filter or water filter.
- **Child Lock:** A lock function is available to prevent unintended use of the dispenser.

## Maintenance

Regular maintenance ensures optimal performance and extends the life of your refrigerator.

- **Exterior Cleaning:** The Smudge-Proof Stainless Steel exterior can be easily cleaned with a damp rag to remove fingerprints and smudges.
- **Interior Cleaning:** Wipe down shelves and drawers with a mild soap and water solution. Removable components can be washed in the sink.
- **Filter Replacement:** Replace the water filter and air filter as indicated by the control panel. Refer to the full product manual for specific filter models and replacement instructions.

## Troubleshooting

If you encounter issues with your refrigerator, consider the following common problems and solutions:

| Problem | Possible Cause / Solution |
|---|---|
| **Ice Maker Issues** | Some Frigidaire ice makers have been subject to recalls. Please check the official Frigidaire website or contact customer support to determine if your model is affected. |
| **Noisy Operation / Doors Not Aligning / Doors Creaking** | Ensure the refrigerator is level and properly installed. Check door hinges for any obstructions or misalignment. If issues persist, contact Frigidaire customer support for assistance. |
| **Water Dispensed at Room Temperature** | Verify that the water line is properly connected and the water filter is not clogged or due for replacement. Allow time for the internal water reservoir to chill. |
| **Freezer Drawers Difficult to Open/Close** | Ensure drawers are not overloaded or obstructed by items. Check for ice buildup around the drawer tracks. |
