› DAHONPA Helicopter Military Airplane Building Bricks Set Instruction Manual (Model B09MY285TB)

DAHONPA B09MY285TB

DAHONPA Helicopter Military Airplane Building Bricks Set

Model: B09MY285TB

Brand: DAHONPA

1. INTRODUCTION

Thank you for choosing the DAHONPA Helicopter Military Airplane Building Bricks Set. This set allows you to construct a detailed military helicopter model using 392 interlocking pieces and includes one figure. This manual provides essential information for assembly, operation, maintenance, and troubleshooting to ensure a positive experience with your new building set.

2. SAFETY INFORMATION

- **Small Parts Warning:** This set contains small parts and is not suitable for children under 3 years of age due to choking hazards.
- **Adult Supervision:** Adult supervision is recommended during assembly, especially for younger builders.
- **Proper Use:** Do not throw or swing the assembled model at people or animals.

- **Storage:** Store unused bricks and the assembled model in a safe place to prevent loss or damage.

3. PACKAGE CONTENTS

Upon opening the package, please verify that all components are present:

- 392 interlocking building bricks (various shapes and sizes)
- 1 pilot figure
- Instruction manual (this document or a printed version)

If any parts are missing or damaged, please refer to the 'Warranty and Support' section for assistance.

4. ASSEMBLY INSTRUCTIONS (SETUP)

Follow the step-by-step pictorial instructions provided in the included printed manual to assemble your DAHONPA Military Helicopter. The assembly process involves connecting the various building bricks to form the complete model.

1. **Preparation:** Unpack all bricks and organize them by color or type if desired. Ensure you have a clean, flat surface for building.
2. **Follow the Manual:** Refer to the dedicated assembly guide included in your package. Each step illustrates which pieces to use and where to place them.
3. **Secure Connections:** Press bricks firmly together to ensure a secure and stable connection.
4. **Figure Placement:** Once the cockpit is assembled, place the pilot figure inside.
5. **Final Check:** After completing all steps, review the model to ensure all parts are correctly attached and the structure is stable.

Image 4.2: Detailed view of the helicopter's cockpit area.

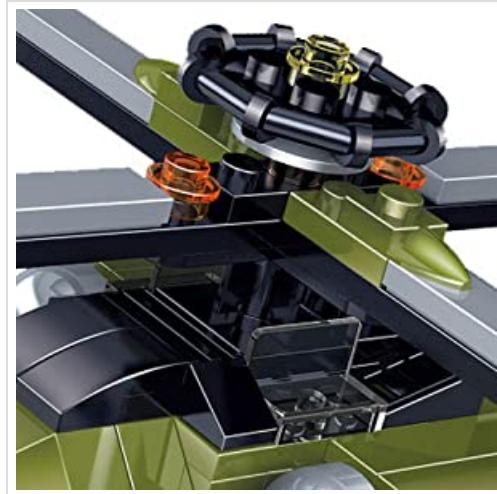

Image 4.3: Close-up of the main rotor assembly.

Image 4.4: Detail of the helicopter's missile launcher components.

5. OPERATING INSTRUCTIONS

The DAHONPA Military Helicopter is designed for display and imaginative play. It does not contain electronic components or moving parts beyond what is inherent in its construction.

- **Display:** Place the assembled model on a stable surface for exhibition.
- **Imaginative Play:** Engage in creative play scenarios. The model is robust enough for gentle handling during play.
- **Rotor Movement:** The main and tail rotors can be manually rotated.

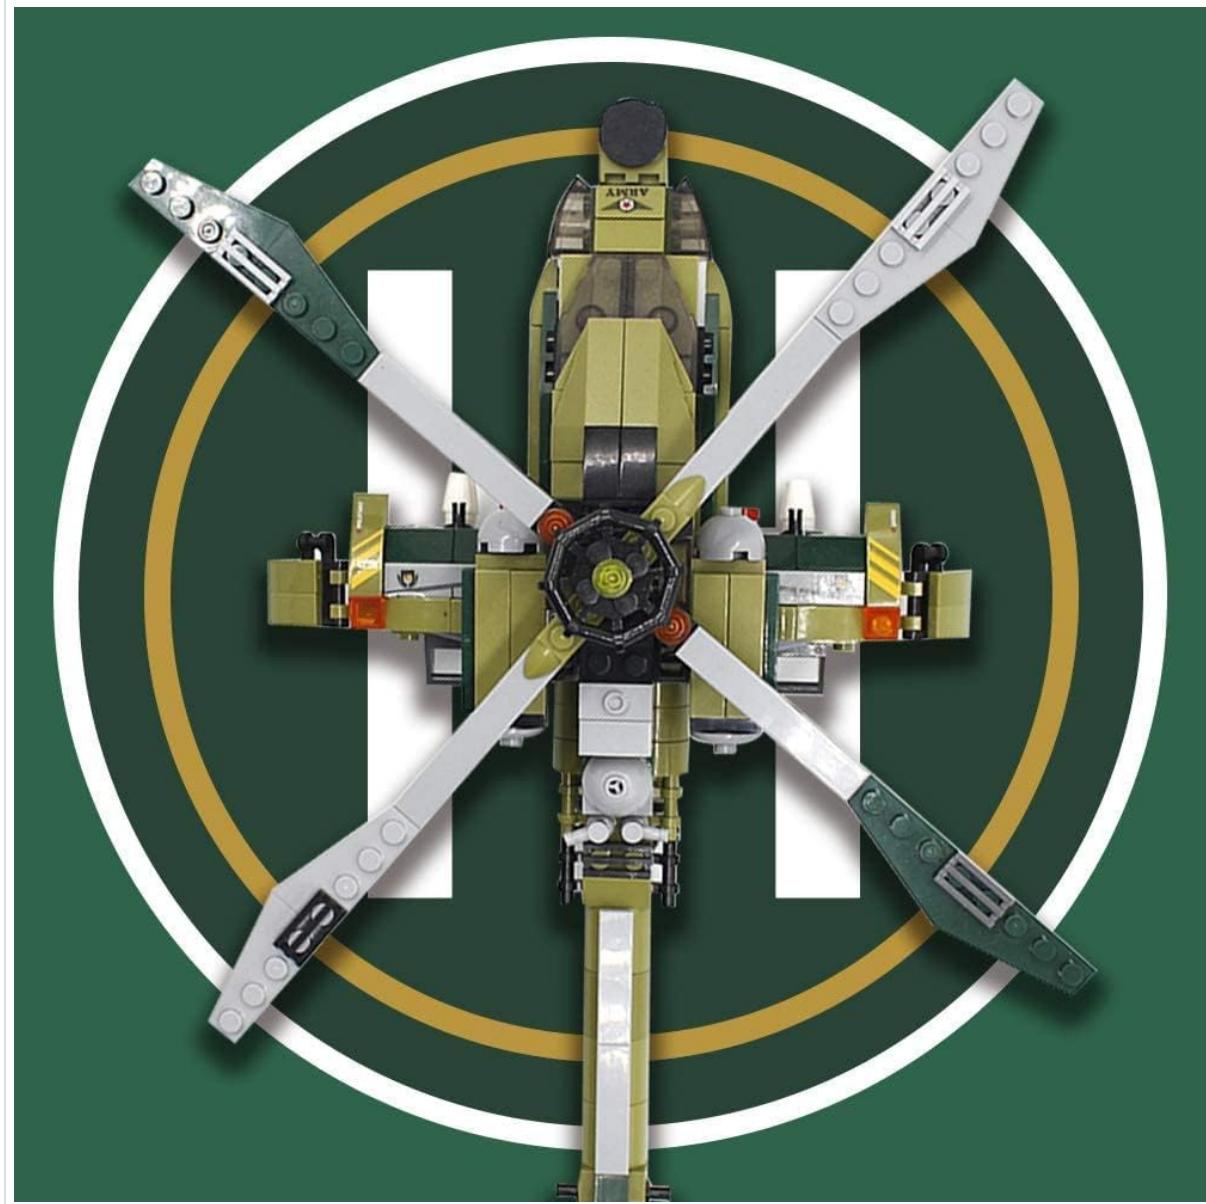

Image 5.1: Top-down view highlighting the rotor configuration.

6. MAINTENANCE

- **Cleaning:** To clean the model, gently wipe it with a dry, soft cloth. For stubborn dirt, a slightly damp cloth can be used, followed by immediate drying. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** Store the model away from direct sunlight and extreme temperatures to prevent material degradation or discoloration. Keep it in a dust-free environment.
- **Loose Connections:** Periodically check for any loose bricks and press them firmly back into place to maintain the model's structural integrity.

7. TROUBLESHOOTING

- **Missing Pieces:** If you discover missing pieces during assembly, please contact DAHONPA customer support with your purchase details and a description of the missing parts.
- **Loose Connections:** If parts do not stay together, ensure they are pressed firmly into their corresponding studs. Sometimes, a slight rotation or adjustment can improve the connection.
- **Difficulty with Instructions:** If any step in the assembly manual is unclear, re-examine the image carefully. Online resources or community forums for building blocks may also offer visual guidance.

8. SPECIFICATIONS

Model Number	B09MY285TB
Brand	DAHONPA
Number of Pieces	392
Assembled Dimensions (Approx.)	12 inches (Length) x 9 inches (Width) x 5 inches (Height)
Item Weight	15.2 ounces
Material	Plastic
