SanDisk SDSDQAB-008G

SanDisk 8GB Class 4 MicroSD Card SDSDQAB-008G with Adapter Instruction Manual

PRODUCT OVERVIEW

The SanDisk SDSDQAB Series cards are engineered to meet high standards, undergoing rigorous testing to ensure outstanding quality, performance, and reliability. This 8GB Class 4 MicroSDHC card is specifically designed for compatibility with MicroSD/SDHC devices, including point-and-shoot cameras, game consoles, smartphones, video cameras, and tablets.

What's Included

- 25 x 8GB MicroSDHC Cards (SDSDQAB-008G)
- 25 x SanDisk Adapters
- 1 x GoRAM Card Reader

Image Description: A view of the SanDisk 8GB Class 4 MicroSD Card bundle, including multiple MicroSD cards, standard SD card adapters, and a GoRAM card reader, illustrating the complete package.

SETUP AND INSTALLATION

Inserting the MicroSD Card

To install the MicroSD card, locate the MicroSD card slot on your compatible device. Gently push the card into the slot until it clicks into place. Ensure the card is oriented correctly according to the device's instructions.

Using the SD Adapter

For devices that utilize a standard SD card slot, the included SanDisk adapter allows for seamless integration. Slide the MicroSD card into the adapter until it is securely seated. Then, insert the adapter into the device's SD card slot. Ensure the adapter's lock switch is in the 'unlocked' position before insertion if you intend to write data to the card.

OPERATING INSTRUCTIONS

Data Storage and Transfer

These 8GB MicroSDHC cards are suitable for recording and storing a substantial amount of data, including standard and high-definition video, photos, and other files. They are compatible with a wide range of devices such as digital cameras, smartphones, and tablets. For transferring files to a computer, insert the MicroSD card (either directly or using the adapter) into a compatible card reader, such as the included GoRAM Card Reader, or directly into a computer's SD card slot.

Performance Characteristics

- Read Speed:** Up to 20 Megabytes Per Second (MB/s)
- Write Speed:** Up to 5 Megabytes Per Second (MB/s)
- Operating Temperature:** -25°C to 85°C

DURABILITY AND RELIABILITY

SanDisk SDSDQAB Series cards are engineered for enhanced durability and reliability. They are designed to be water-proof, shock and vibration-proof, X-ray proof, magnet-proof, and impact-proof. This robust construction helps ensure the integrity of your stored data across various challenging environments and conditions.

PRODUCT SPECIFICATIONS

Feature	Detail

Model Name	SDSDQAB-008G
Memory Storage Capacity	8 GB
Flash Memory Type	Micro SD, Micro SDHC
Secure Digital Association Speed Class	Class 4
Read Speed	20 Megabytes Per Second
Write Speed	5MB/s

Feature	Detail
Hardware Interface	MicroSD, microSDHC
Special Feature	Water Proof, X Ray Proof
Color	Black
Manufacturer	SanDisk

TROUBLESHOOTING

Card Not Recognized

- Ensure the card is fully inserted into the device or adapter.
- Verify the device is compatible with MicroSDHC cards.
- Try the card in another compatible device or card reader to rule out device issues.
- If using an adapter, ensure the adapter's lock switch is in the "unlocked" position.

Slow Performance

- Ensure your device supports the card's speed class (Class 4).
- Avoid filling the card to its maximum capacity, as this can sometimes reduce performance.
- Use a high-quality card reader for transfers to and from a computer.

Data Corruption

- Always safely eject the card from your device or computer before removing it.
- Avoid removing the card during read/write operations.
- Regularly back up important data to prevent loss.

WARRANTY AND SUPPORT

This SanDisk product comes with a **Lifetime Warranty**. For support or warranty claims, please refer to the official SanDisk website or contact their customer service for assistance.
