MERITLINE Stackable Full Over Full Bunk Bed

MERITLINE Stackable Full Over Full Bunk Bed User Manual

Model: Stackable Full Over Full Bunk Bed (ASIN: B09MYG1DPG)

1. Introduction

Thank you for choosing the MERITLINE Stackable Full Over Full Bunk Bed. This versatile bed frame is designed to provide a space-saving solution for your home, featuring two full-size beds and a pull-out twin trundle, along with a convenient stairway with integrated storage. This manual provides detailed instructions for assembly, operation, maintenance, and troubleshooting to ensure safe and proper use of your new bunk bed.

2. Important Safety Information

Please read and understand all instructions before assembling and using this product. Failure to follow these instructions can result in serious injury.

- Always use the staircase carefully to avoid falls. Ensure children are supervised when using the upper bunk and stairway.
- Do not exceed the maximum weight capacity:**250 lbs (113 kg) for the top bed**and **300 lbs (136 kg) for the bottom bed**.
- Assemble the bunk bed strictly according to the provided instructions to prevent instability or collapse.
- Ensure all connections are tight before use and check periodically for loose hardware.
- Only use mattresses of the recommended size. For the top bed and trundle, a 6-inch mattress is recommended. For the bottom bed, a 6-8 inch mattress is recommended.

- Do not allow children under 6 years of age on the upper bunk.
- Prohibit horseplay on or under the bed.
- Always use the guardrails on the upper bunk.
- Do not attach or hang items to any part of the bunk bed that are not designed for use with the bed; for example, but not limited to, hooks, belts, and jump ropes.

3. Package Contents and Components

Your MERITLINE bunk bed is shipped in **three separate packages**. Please ensure you have received all packages before beginning assembly. If any parts are missing or damaged, please contact customer support immediately. The packages contain all necessary wood components, hardware, and assembly tools. A detailed list of parts and hardware will be included in the physical assembly instruction manual provided with your product.

4. Setup and Assembly

Assembly is required for this product. It is recommended to have two adults for assembly. Please follow the step-by-step instructions provided in the physical assembly manual included in your package. If you did not receive an instruction manual, please refer to the troubleshooting section or contact customer support.

4.1. General Assembly Tips

- Clear a spacious area for assembly.
- Lay out all parts and hardware and identify them using the parts list.
- Do not fully tighten screws until all components are loosely assembled, then tighten all connections securely.
- Periodically check and re-tighten all bolts and connections to ensure stability.

4.2. Stackable Design

A key feature of this bunk bed is its stackable design, allowing it to be separated into two individual full-size beds. This provides flexibility as your needs change. To separate the beds, carefully follow the reverse steps of the assembly instructions for detaching the upper bunk from the lower bunk and the stairway unit.

5. Operating Instructions

5.1. Twin Trundle Bed

The twin trundle bed is designed to slide smoothly from underneath the lower full bed. To use, gently pull the trundle frame outwards until it is fully extended. To store, push the trundle back underneath the lower bed until it is flush with the frame. Ensure no bedding or objects obstruct its movement.

5.2. Stairway Storage

The integrated stairway features four storage drawers/shelves. These are ideal for storing books, toys, or other small items, helping to keep the room tidy. Ensure items stored do not protrude and obstruct the path on the stairs.

6. Care and Maintenance

- **Cleaning:** Wipe down the wood surfaces with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the finish. For general cleaning, a dry cloth is sufficient.
- **Hardware Check:** Periodically inspect all bolts, screws, and connections to ensure they are tight. Re-tighten as necessary to maintain the structural integrity and safety of the bed.
- **Avoid Excessive Moisture:** Protect the bed from prolonged exposure to moisture or direct sunlight, which can

cause warping or fading.

7. Troubleshooting

Problem	Possible Cause	Solution
Missing parts upon delivery.	Product shipped in multiple packages that may arrive separately.	Please wait 1-3 days for all packages to arrive. If parts are still missing, contact MERITLINE customer support.
No assembly instructions included.	Instructions may be misplaced or not included in one of the boxes.	Contact MERITLINE customer support for a digital copy or replacement.
Bed feels wobbly or unstable.	Hardware not fully tightened or incorrect assembly.	Ensure all bolts and screws are securely tightened. Review assembly instructions to confirm correct installation of all components.
Trundle bed does not slide smoothly.	Obstruction or debris under the bed/trundle, or misaligned wheels.	Check for any objects blocking the trundle's path. Clean wheels and tracks. Ensure trundle wheels are properly aligned and free of damage.
