Logitech Zone 900

Logitech Zone 900 Wireless Bluetooth Headset User Manual

Model: Zone 900 (981-001228)

Brand: Logitech

INTRODUCTION

The Logitech Zone 900 is a wireless Bluetooth headset designed for enhanced focus and productivity. It features an advanced noise-canceling microphone and Active Noise Cancellation (ANC) to minimize distractions. This headset allows seamless switching between multiple connected devices, making it suitable for conference calls and audio playback.

WHAT'S IN THE BOX

Image: Contents of the Logitech Zone 900 package, including the headset, USB receiver, USB-C adapter, charging cable, and a protective soft case.

- Logitech Zone 900 Wireless Headset
- USB-A Unifying + Audio Receiver
- USB-C Adapter for Receiver
- USB-A to USB-C Charging Cable
- Protective Travel Case
- User Documentation (this manual)

SETUP

1. Charging the Headset

Before first use, fully charge your Zone 900 headset. The headset can be charged via the included USB-A to USB-C cable or wirelessly using a Qi-compatible charging pad (sold separately).

14 HRS BATTERY LIFE FOR FOCUS

Image: The Logitech Zone 900 headset resting on a wireless charging base, illustrating its Qi charging capability.

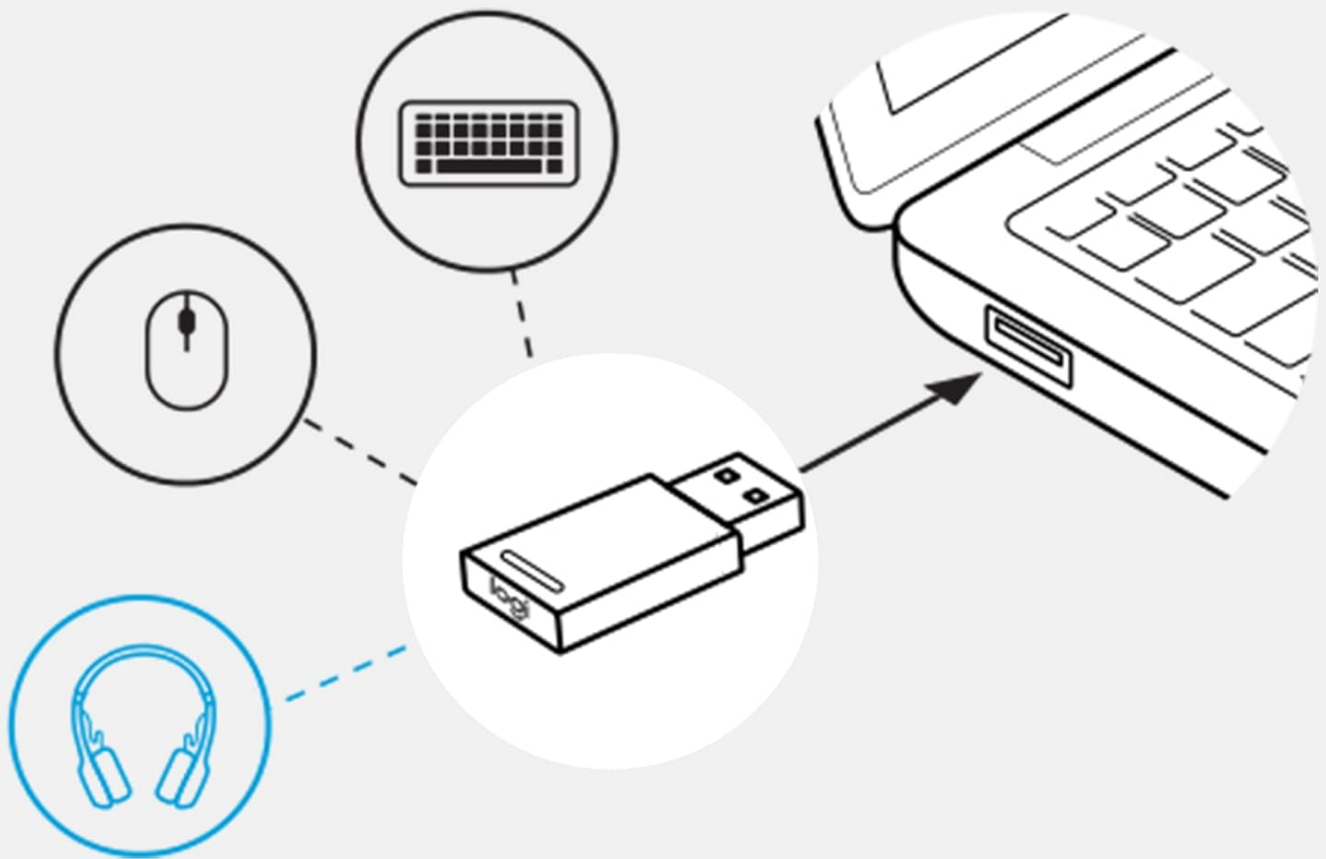

1. **Wired Charging:** Connect the USB-C end of the charging cable to the headset's charging port and the USB-A end to a power source (e.g., computer USB port, wall adapter).
2. **Wireless Charging:** Place the headset on a Qi wireless charging pad. Ensure the headset is positioned correctly for charging.

A full charge provides up to 14 hours of battery life. A 5-minute charge can provide approximately 1 hour of playback.

2. Connecting to Devices

The Zone 900 headset offers multiple connection options:

A. Via USB Receiver (Recommended for Computers)

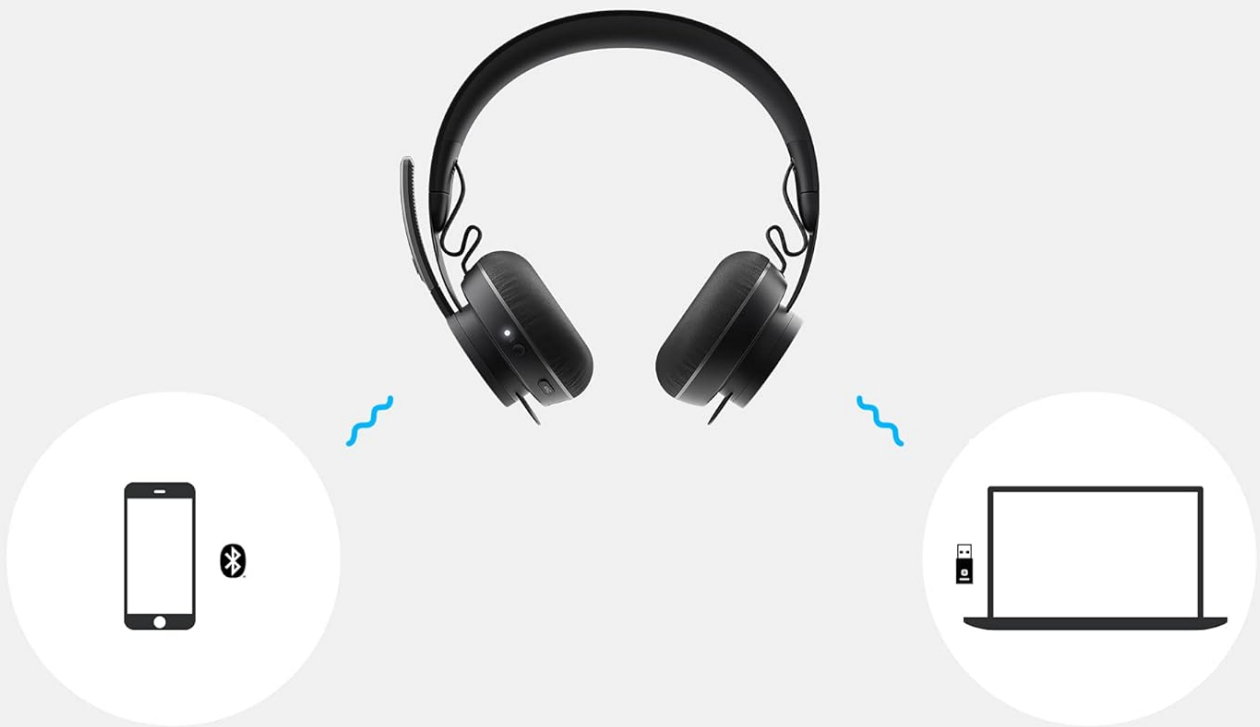

CONNECT UP TO 6 WIRELESS DEVICES WITH ONE RECEIVER

Image: A visual representation of the Logitech Unifying receiver plugged into a laptop, demonstrating its ability to connect up to six compatible wireless devices, including the headset, keyboard, and mouse.

1. Plug the USB-A Unifying + Audio Receiver into an available USB-A port on your computer. If your computer only has USB-C ports, use the included USB-C adapter.
2. Power on your Zone 900 headset. It should automatically connect to the receiver.
3. Ensure the headset is selected as the audio input and output device in your computer's sound settings.

The Unifying receiver allows you to connect up to 6 compatible Logitech wireless peripherals (e.g., keyboard, mouse, headset) to a single USB port.

B. Via Bluetooth (for Computers, Smartphones, Tablets)

RELIABLY CONNECT TO MULTIPLE DEVICES

Image: An illustration depicting the Logitech Zone 900 headset simultaneously connected via Bluetooth to a smartphone and via a USB receiver to a laptop, highlighting its multi-device connectivity.

1. Power on your Zone 900 headset.
2. Press and hold the Bluetooth pairing button on the headset until the LED indicator flashes rapidly.
3. On your device (computer, smartphone, tablet), go to Bluetooth settings and select "Logitech Zone 900" from the list of available devices.
4. The LED indicator on the headset will turn solid blue when successfully paired.

The headset can connect to two Bluetooth devices simultaneously, allowing for seamless switching between them.

OPERATING INSTRUCTIONS

Headset Controls

SIMPLE CALL CONTROLS. FLIP-TO-MUTE MIC.

Image: A detailed view of the headset's earcup, showing buttons for volume control, call management, and the microphone boom with its mute function.

- **Power On/Off:** Slide the power switch located on the earcup.
- **Volume Control:** Use the volume up (+) and volume down (-) buttons on the earcup.
- **Mute/Unmute Microphone:** Flip the microphone boom arm up to mute and down to unmute. A voice prompt will confirm the status.
- **Active Noise Cancellation (ANC):** Press the ANC button to toggle ANC on or off. ANC reduces ambient background noise.
- **Call Control:**
 - **Answer/End Call:** Press the call button once.
 - **Reject Call:** Press and hold the call button.

Logi Tune Application

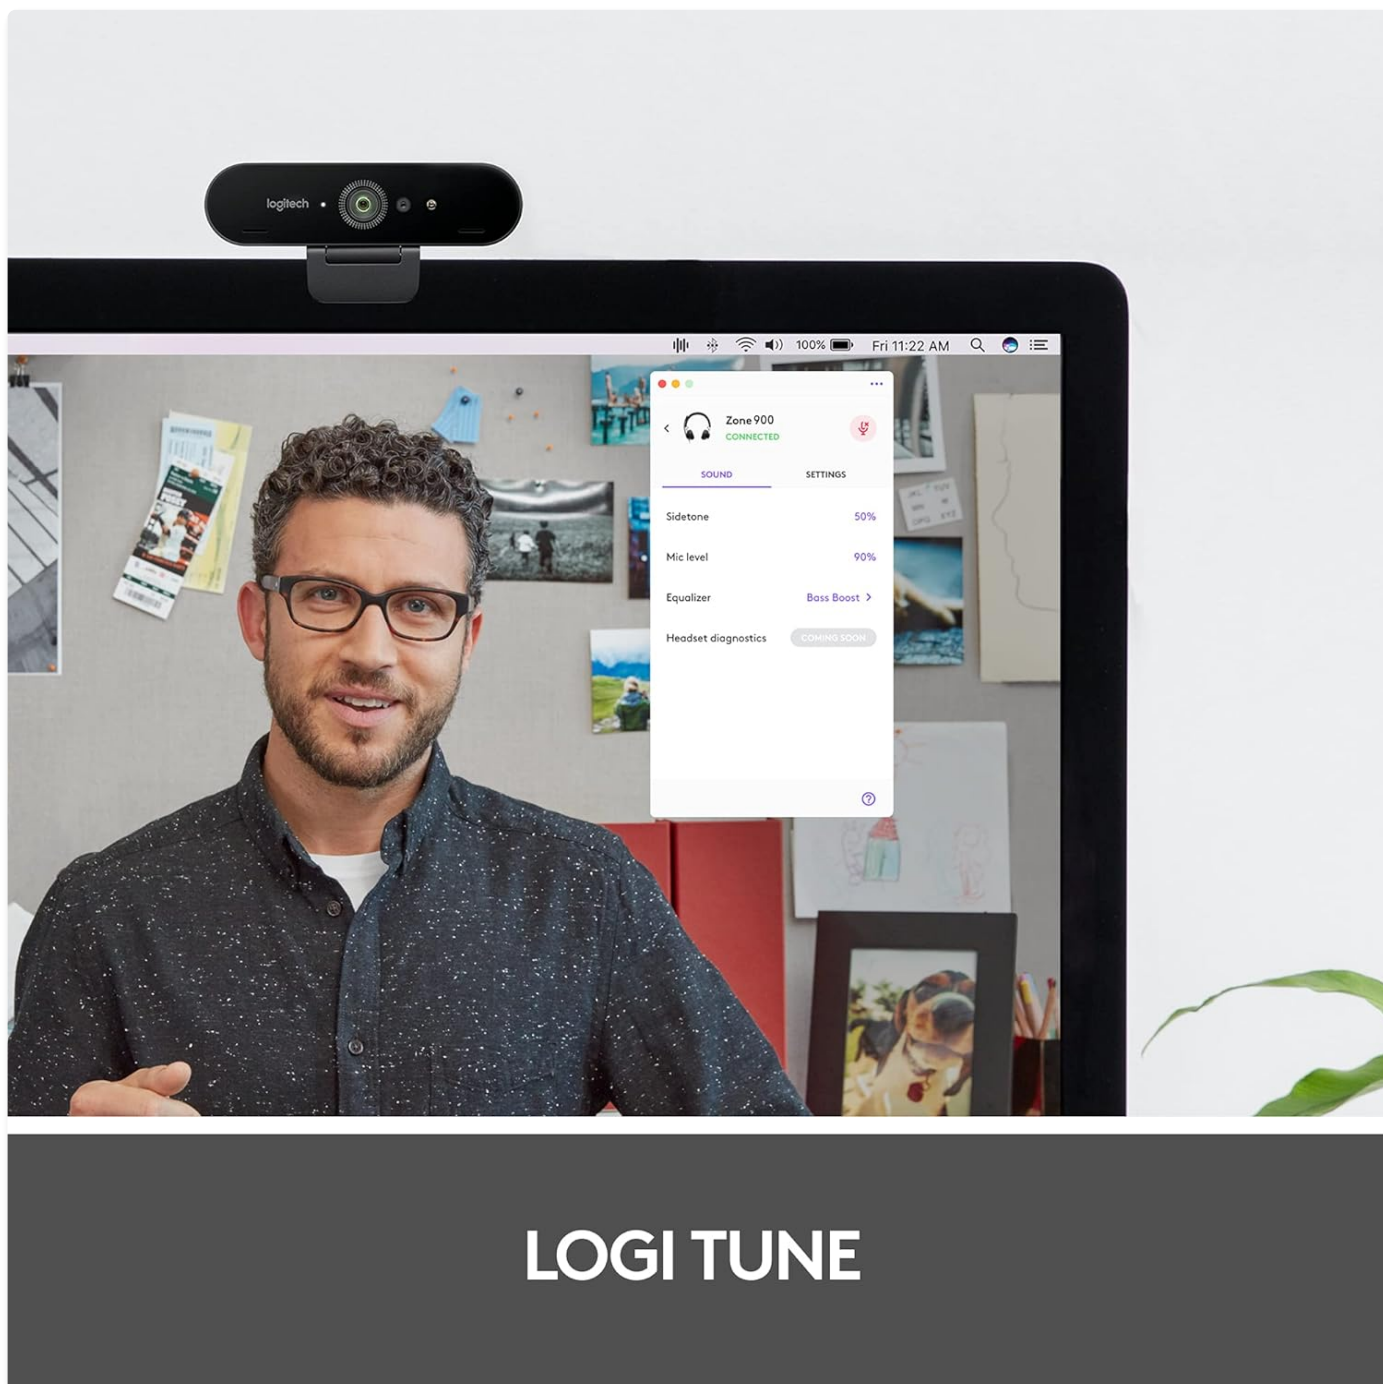

Image: The Logi Tune desktop application displaying various settings for the Zone 900 headset, including sound levels, microphone level, equalizer, and headset diagnostics.

Download the Logi Tune application for additional control and customization options, including:

- Adjusting equalizer settings.
- Customizing sidetone levels.
- Managing active noise cancellation.
- Updating headset firmware.
- Viewing battery status.

The Logi Tune application is available for desktop and mobile devices.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the headset. Avoid abrasive materials or harsh chemicals.

- **Storage:** When not in use, store the headset in its protective case to prevent damage.
- **Battery Care:** To prolong battery life, avoid fully discharging the headset frequently. Charge it regularly.
- **Environmental Conditions:** Do not expose the headset to extreme temperatures, humidity, or direct sunlight. The headset is not water resistant.

TROUBLESHOOTING

Problem	Solution
No audio or microphone not working.	◦ Ensure the headset is powered on and charged. ◦ Verify the headset is connected via Bluetooth or the USB receiver. ◦ Check your device's sound settings to ensure "Logitech Zone 900" is selected as the input/output device. ◦ Ensure the microphone boom is flipped down (unmuted).
Cannot connect via Bluetooth.	◦ Ensure the headset is in pairing mode (flashing LED). ◦ Turn off and on your device's Bluetooth. ◦ Forget the device in your Bluetooth settings and attempt to re-pair. ◦ Ensure no other devices are actively connected to the headset.
Poor audio quality or dropped connection.	◦ Move closer to your connected device to reduce interference. ◦ Avoid physical obstructions between the headset and the device. ◦ Ensure other wireless devices are not causing interference. ◦ Update headset firmware via the Logi Tune app.
Active Noise Cancellation (ANC) not effective.	◦ Ensure ANC is toggled on using the dedicated button. ◦ ANC is designed to reduce low-frequency ambient noise; it may not eliminate all sounds.

SPECIFICATIONS

Feature	Detail
Model Name	Zone 900
Item Model Number	981-001228
Connectivity Technology	Wireless (Bluetooth 5.0, RF via USB receiver)
Wireless Range	Up to 10 meters (Bluetooth), Up to 30 meters / 100 feet (RF via Unifying receiver)
Ear Placement	On-Ear
Noise Control	Active Noise Cancellation (ANC)
Microphone	Advanced Noise-Canceling Microphone

Feature	Detail
Battery Life	Up to 14 hours (talk time), Up to 16 hours (listening time)
Charging	USB-C, Qi Wireless Charging compatible
Charging Time	Approx. 2 hours for full charge; 5 min charge for 1 hour playback
Frequency Range	30 Hz to 13,000 Hz
Compatible Devices	PC, Smartphone, Tablet
Item Weight	6.4 ounces (181 grams)
Product Dimensions	2.78 x 6.96 x 6.88 inches
Material	Plastic, Hard-shell (carrying case)
Water Resistance Level	Not Water Resistant

WARRANTY AND SUPPORT

For warranty information, technical support, and additional resources, please visit the official Logitech support website. You can also find the full user manual in PDF format via the provided link:
