PawHut D06-079V01WT

PawHut Adjustable Wooden Pet Gate

Model: D06-079V01WT

Instruction Manual

1. INTRODUCTION

Thank you for choosing the PawHut Adjustable Wooden Pet Gate. This freestanding pet gate is designed to provide a safe barrier for your pets in various areas of your home. Its adjustable length and built-in door offer convenience and flexibility.

Key features include:

- **Adjustable Length:** Fits openings from 44.5 inches to 65.25 inches.
- **Freestanding Design:** No wall mounting required.
- **Lockable Door:** Provides easy access for humans while keeping pets contained.
- **Durable Construction:** Made from solid pine wood with a white finish.

2. SAFETY INFORMATION

Please read and understand all instructions before assembly and use. Keep this manual for future reference.

- This pet gate is intended for use with small to medium-sized dogs with a shoulder height range of 9.75 inches to 19.75 inches.
- Always ensure the gate is placed in a stable position. For increased stability, it is recommended to place the gate in a zigzag shape.
- This gate is designed as a visual barrier and a reminder. It is not a substitute for constant supervision, especially with pets that may attempt to jump over, climb, or push through barriers.
- Regularly inspect the gate for any loose parts, damage, or wear. Do not use if any components are damaged.
- Keep children away from the gate during assembly and ensure all small parts are out of their reach.
- **WARNING:** This product can expose you to chemicals including wood dust, which is known to the State of California to cause cancer. For more information go to www.P65Warnings.ca.gov.

3. PACKAGE CONTENTS

Please verify that all components are present and undamaged before beginning assembly. If any parts are missing or damaged, contact customer service.

- Main Gate Panels (3 sections)
- Support Feet (2)
- Adjustment Knobs (2)
- Hinges and Latch (pre-installed)

4. SETUP INSTRUCTIONS

Follow these steps to set up your PawHut pet gate:

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, flat surface.
2. **Attach Support Feet:** Locate the two support feet. Slide one support foot onto each end panel of the gate. Ensure they are securely attached to provide stability.
3. **Adjust Length:** The gate features an adjustable mechanism. Loosen the adjustment knobs on the bottom rail to extend or retract the gate to your desired length.

ADJUSTABLE LENGTH

Length adjustable from 44.5" to 65.25", can be used in many places

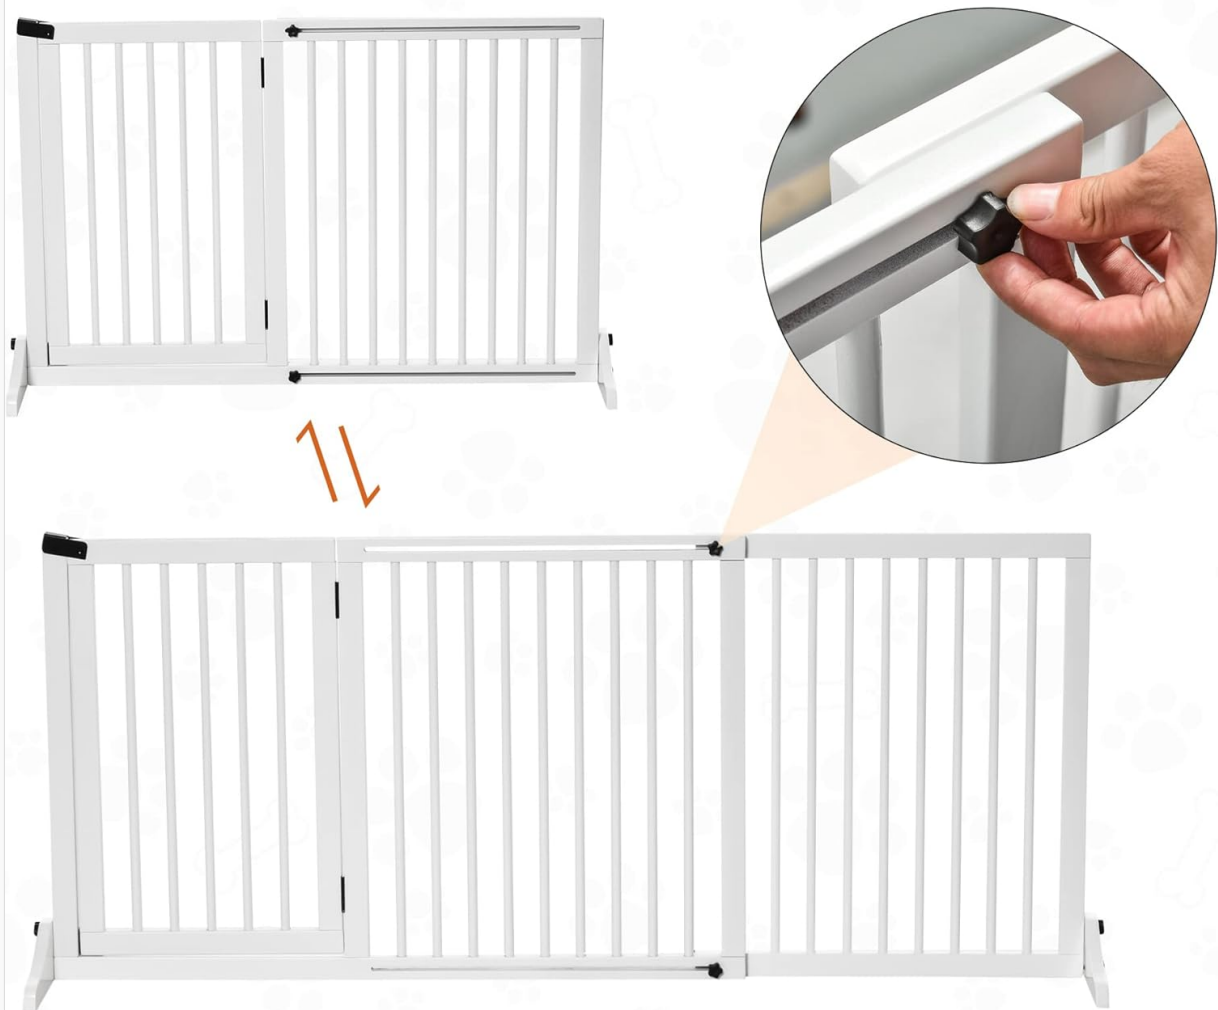

Figure 2: Illustration demonstrating the adjustable length of the gate, from 44.5 to 65.25 inches.

4. **Secure Length:** Once the desired length is achieved, tighten the adjustment knobs firmly to lock the gate panels in place.

Figure 3: A person's hands adjusting the gate's length.

Figure 4: Close-up view of the adjustment knob.

5. **Position the Gate:** Place the gate in the desired location, such as a doorway, hallway, or at the bottom of stairs. For optimal stability, arrange the panels in a zigzag configuration.

SUITABLE OCCASIONS

Ideal for stairs, entryways, hallways, or any place

NOTE: IT CAN ONLY SERVE AS A REMINDER AND A WARNING, NOT AS A DETERRENT

5. OPERATING INSTRUCTIONS

The PawHut pet gate is designed for simple operation:

- **Opening the Door:** To open the built-in door, slide the latch mechanism to unlock it, then gently push the door open.
- **Closing the Door:** Swing the door shut until the latch automatically engages, or manually slide the latch to secure it. Ensure the door is fully closed and latched to prevent pets from passing through.

EASY ACCESS

Built-in Door

6. MAINTENANCE

- **Cleaning:** Wipe the gate with a soft, damp cloth. Avoid using abrasive cleaners or harsh chemicals, as these can damage the wood finish.
- **Inspection:** Periodically check all screws, hinges, and the latch mechanism to ensure they are secure and functioning correctly. Tighten any loose fasteners as needed.
- **Storage:** If storing the gate, ensure it is clean and dry. Store in a cool, dry place away from direct sunlight or extreme temperatures to prevent warping or damage to the wood.

7. TROUBLESHOOTING

Issue: Gate feels unstable or wobbly.

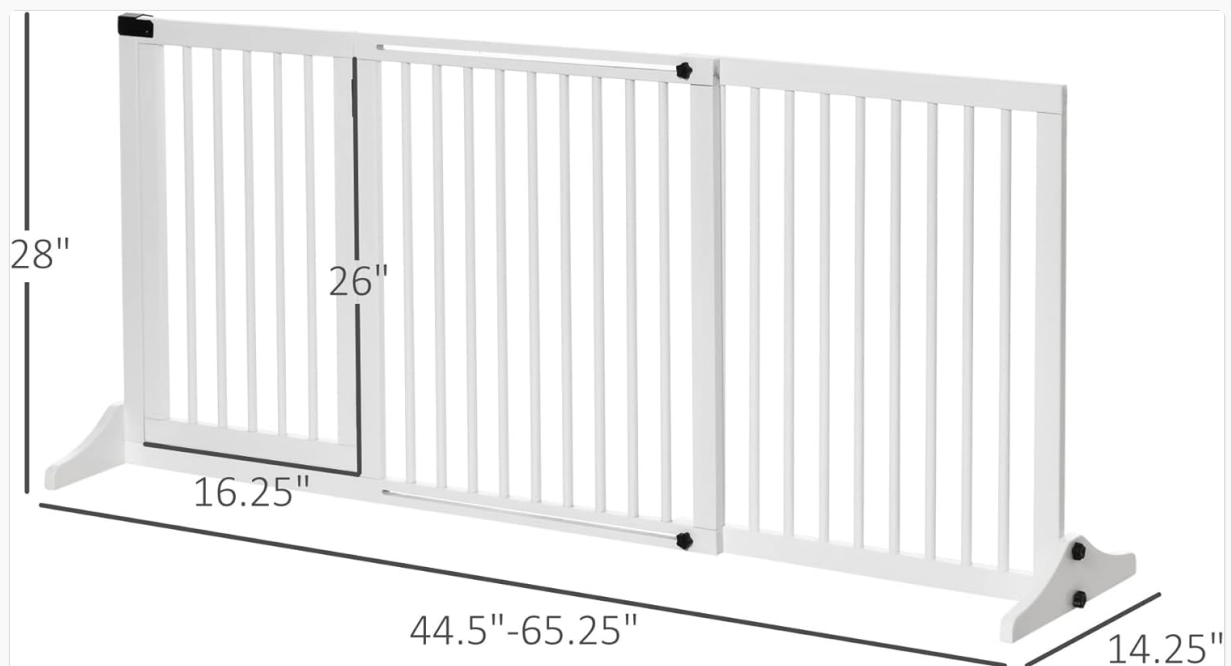

Solution: Ensure the support feet are firmly attached. Try arranging the gate panels in a more pronounced zigzag shape to increase stability. Verify that the adjustment knobs are tightly secured.

Issue: Door does not close or latch properly.

Solution: Check for any obstructions preventing the door from closing fully. Inspect the hinges and latch mechanism for damage or misalignment. Ensure the gate is placed on a level surface.

8. SPECIFICATIONS

Feature	Detail
Model Number	D06-079V01WT
Brand	PawHut
Material	Pine Wood
Color	White
Overall Dimensions (Adjustable)	44.5"-65.25" L x 14.25" W x 28" H
Item Weight	11 lbs
