Logitech Zone Vibe 100 Wireless Headphones User Manual

Model: 981-001256 | Brand: Logitech

INTRODUCTION

The Logitech Zone Vibe 100 wireless headphones are designed for both work and leisure, offering immersive audio and clear communication. Featuring powerful 40 mm speakers, a lightweight design, and a noise-canceling microphone, these headphones provide comfort and functionality for extended use. They are compatible with popular video platforms and offer multipoint Bluetooth connectivity for seamless device switching.

WHAT'S IN THE BOX

- Logitech Zone Vibe 100 Wireless Headphones
- Ear Cushions (pre-installed)
- USB-C Charging Cable
- Travel Bag

In the box

Figure 1: Items included with your Zone Vibe 100 headphones.

SETUP

1. Charging Your Headphones

Before first use, fully charge your Zone Vibe 100 headphones. Connect the supplied USB-C cable to the charging port on the headphones and the other end to a USB power source. A full charge provides up to 18 hours of talk time and 20 hours of listening time.

2. Bluetooth Pairing

To pair your headphones with a device:

1. Ensure the headphones are powered on.
2. Press and hold the Bluetooth pairing button (usually located on one of the earcups) until the LED indicator flashes rapidly, indicating pairing mode.
3. On your device (computer, smartphone, tablet), go to Bluetooth settings and select "Logitech Zone Vibe 100" from the list of available devices.
4. Once connected, the LED indicator will turn solid.

The Zone Vibe 100 supports multipoint Bluetooth, allowing you to connect to two devices simultaneously and seamlessly switch between them.

3. Logi Tune App

For optimal performance and customization, download the Logi Tune desktop or mobile app. This app allows you to adjust sidetone, microphone level, and equalizer settings, keep your device updated, and join meetings with one click.

OPERATING INSTRUCTIONS

Controls

The Zone Vibe 100 headphones feature intuitive on-ear controls:

- **Volume Control:** Use the dedicated buttons on the earcup to adjust the listening volume.
- **Call Management:** Buttons are available for answering, ending, and rejecting calls.
- **Mute Function:** The microphone can be muted by flipping it up. Flipping it down unmutes the microphone.

Figure 3: Overview of headphone features and controls.

Wearing the Headphones

Adjust the headband for a comfortable fit. The soft memory foam ear cushions are designed for all-day wear without discomfort.

Lightweight comfort

Figure 4: Lightweight design for comfortable, extended use.

Noise-Canceling Microphone

The integrated noise-canceling microphone uses beamforming technology and digital signal processing (DSP) to capture your voice clearly while minimizing background noise. Flip the microphone boom up to instantly mute your audio for privacy.

Be heard clearly with noise-canceling mic

MAINTENANCE

Cleaning

To maintain the longevity and hygiene of your headphones:

- Wipe the ear cushions and headband with a soft, damp cloth.
- Avoid using harsh chemicals or abrasive materials.
- Ensure the charging port is free of dust and debris.

Storage

When not in use, store your headphones in the provided travel bag to protect them from dust and scratches.

TROUBLESHOOTING

If you encounter issues with your Logitech Zone Vibe 100 headphones, try the following steps:

- **No Audio/Poor Audio Quality:**
 - Ensure the headphones are properly paired and connected to your device.
 - Check the volume levels on both the headphones and your device.
 - Verify that the correct audio output device is selected in your computer's sound settings.
 - If using the microphone, ensure it is unmuted (flipped down).
 - Restart your device and the headphones.
- **Bluetooth Disconnection:**
 - Ensure the headphones are within the Bluetooth range (up to 98.4 feet/30 meters).
 - Check for interference from other wireless devices.
 - Re-pair the headphones with your device.
- **Microphone Issues (e.g., static, not picking up voice):**
 - Ensure the microphone boom is fully flipped down and positioned correctly.
 - Check microphone settings in your operating system and communication applications (e.g., Zoom, Teams).
 - Use the Logi Tune app to adjust microphone levels and sidetone.
- **Headphones Auto-Shutoff:**
 - The headphones may enter a low-power state or shut off if inactive for a period. Ensure there is active audio playback or communication to keep them awake.
- **Firmware Update:**
 - Regularly check for and install firmware updates via the Logi Tune app to ensure optimal performance and bug fixes.

For further assistance, refer to the official Logitech support website or the full user manual available online.

SPECIFICATIONS

Feature	Detail
