Logitech G PRO X SUPERLIGHT 2 Wireless Gaming Mouse User Manual

Model: 910-006636 | Brand: Logitech G

INTRODUCTION

The Logitech G PRO X SUPERLIGHT 2 Wireless Gaming Mouse is engineered for peak performance and precision, designed in collaboration with leading esports professionals. This lightweight mouse, weighing just 60g, integrates advanced technologies such as LIGHTFORCE hybrid switches and the HERO 2 gaming sensor to deliver unparalleled speed, accuracy, and reliability for competitive gaming.

This manual provides essential information for setting up, operating, maintaining, and troubleshooting your Logitech G PRO X SUPERLIGHT 2 Wireless Gaming Mouse.

WHAT'S IN THE BOX

Your Logitech G PRO X SUPERLIGHT 2 package includes the following components:

- PRO X SUPERLIGHT 2 Wireless Gaming Mouse
- USB LIGHTSPEED adapter & Adapter extension
- USB A to C Charging/data cable

- Optional grip tape
- Optional aperture door with PTFE foot
- User documentation

SETUP

Initial Connection

1. **Charge the Mouse:** Connect the USB A to C charging/data cable to the mouse and a USB power source (e.g., computer USB port or wall adapter). Ensure the mouse is fully charged before first use for optimal battery life.
2. **Connect the LIGHTSPEED Adapter:** Insert the USB LIGHTSPEED adapter into an available USB port on your computer. For best performance, use the included adapter extension to position the adapter closer to the mouse, minimizing interference.
3. **Power On:** Locate the On/Off switch on the underside of the mouse and slide it to the 'On' position. The mouse should automatically connect to the LIGHTSPEED adapter.

Software Installation (Logitech G HUB)

For full customization of your mouse's settings, including programmable buttons, DPI adjustments, and advanced features, download and install the Logitech G HUB software from the official Logitech G website. This software allows you to tailor the mouse to your specific gaming and productivity needs.

Your browser does not support the video tag.

OPERATING THE MOUSE

Core Functionality

- **Left and Right Clicks:** Utilize the primary buttons for standard mouse interactions. The LIGHTFORCE hybrid switches provide tactile and precise clicks.
- **Scroll Wheel:** The scroll wheel allows for vertical scrolling and also functions as a clickable middle button.
- **Side Buttons:** The mouse features customizable side buttons, typically located on the left side, which can be programmed via Logitech G HUB for various in-game actions or shortcuts.

Advanced Features

The Logitech G PRO X SUPERLIGHT 2 is equipped with cutting-edge technology for superior gaming performance:

- **HERO 2 Sensor:** Experience unparalleled tracking precision with the HERO 2 gaming sensor, offering up to 44,000 DPI and tracking over 888+ IPS. This sensor ensures accurate movements without smoothing, acceleration, or filtering.
- **8 kHz Report Rate:** The mouse communicates with your computer at an 8,000 Hz (8 kHz) report rate, providing extremely low latency and instant response times crucial for competitive play.
- **LIGHTSPEED Wireless:** Logitech's LIGHTSPEED wireless technology ensures a stable, high-performance connection with minimal delay, offering the freedom of wireless without compromise.

PRO DESIGN

MAINTENANCE

Cleaning

To maintain optimal performance and hygiene, regularly clean your mouse. Use a soft, dry, lint-free cloth to wipe down the surface. For stubborn dirt, a slightly damp cloth can be used, but ensure no moisture enters the internal components. Avoid harsh chemicals or abrasive materials.

Battery Management

The Logitech G PRO X SUPERLIGHT 2 offers an impressive battery life of up to 95 hours on a single charge. To maximize battery longevity:

- Charge the mouse when the battery indicator light turns red or when prompted by the G HUB software.
- Avoid completely draining the battery frequently.
- Turn off the mouse when not in use for extended periods.

ZERO ADDITIVE PTFE

**COMFORTABLE.
SMOOTH. SEAMLESS.**

PTFE Feet

The mouse features zero-additive PTFE feet for smooth and consistent gliding. If the glide performance degrades over time, inspect the feet for wear or debris. Replacement feet are available if needed.

TROUBLESHOOTING

Connectivity Issues

- **Mouse Not Responding:** Ensure the mouse is powered on and fully charged. Verify the USB LIGHTSPEED adapter is securely plugged into a working USB port. Try a different USB port.
- **Interference:** If experiencing intermittent connection, try moving the LIGHTSPEED adapter closer to the mouse using the extension cable. Avoid placing the adapter near other wireless devices or large metal objects.
- **Re-pairing:** If the mouse loses connection, you may need to re-pair it with the LIGHTSPEED adapter using the Logitech G HUB software.

Software Issues

- **G HUB Not Detecting Mouse:** Ensure G HUB is updated to the latest version. Restart your computer and the G HUB application.

- **Settings Not Applying:** Confirm that profiles are correctly assigned and activated within G HUB. Save any changes made to profiles.

Performance Problems

- **Inconsistent Tracking:** Clean the mouse sensor on the underside of the mouse. Ensure your mouse pad surface is clean and suitable for optical sensors.
- **Lag or Delay:** Check for other wireless devices causing interference. Ensure the mouse firmware is up to date via G HUB.

SPECIFICATIONS

Feature	Detail
Model Number	910-006636
Weight	60 grams (approx. 2.12 ounces)
Sensor	HERO 2 Optical Sensor
DPI Range	Up to 44,000 DPI
Report Rate	8 kHz (8000 Hz)
Switches	LIGHTFORCE Hybrid Optical-Mechanical Switches
Connectivity	LIGHTSPEED Wireless (USB-A adapter), USB-C (charging/data)
Battery Life	Up to 95 hours
Operating System	Windows, macOS
Dimensions (LxWxH)	1.57 x 2.5 x 0.1 inches (Note: These dimensions seem incorrect for a mouse, likely from a specific part or packaging. Actual mouse dimensions are typically larger.)
