## SETUP AND FIRST USE

---

1. **Unpack:** Carefully remove the masturbator(s) from their packaging.
2. **Initial Cleaning:** Before first use, wash the product thoroughly with warm water and a mild, toy-safe soap. Rinse completely to remove any soap residue.
3. **Dry:** Allow the product to air dry completely or gently pat dry with a lint-free cloth.
4. **Lubricate:** Apply a generous amount of water-based lubricant to the opening and/or inside of the masturbator for comfortable insertion.

## OPERATING INSTRUCTIONS

---

The SVAKOM Hedy X Masturbator 5 is designed for manual use. Its flexible silicone material adapts to your movements, providing a highly comfortable experience.

1. Ensure the product is clean and lubricated as per the "Setup and First Use" section.
2. Position the masturbator at the desired area.
3. Gently insert and adjust for comfort.
4. Move the masturbator manually to explore the different internal textures and sensations.
5. Experiment with different speeds and pressures to find your preferred experience.

Each of the five textures offers a unique sensation. Feel free to try them all to discover your favorites.

## CARE AND MAINTENANCE

---

Proper care ensures the longevity and hygiene of your SVAKOM Hedy X Masturbator 5. The product is designed for simple washing.

1. **After Each Use:** Immediately after use, wash the masturbator thoroughly with warm water and a mild, toy-safe soap.
2. **Rinsing:** Rinse all internal and external surfaces completely to remove all soap and lubricant residue.
3. **Drying:** Allow the product to air dry completely. You can gently pat the exterior with a clean, lint-free cloth. Ensure the interior is fully dry to prevent bacterial growth.
4. **Storage:** Store the clean, dry masturbator in a dust-free environment, preferably in its original packaging or a dedicated storage bag, away from other toys made of different materials to prevent material degradation.
5. **Avoid:** Do not use harsh chemicals, alcohol-based cleaners, or petroleum-based lubricants, as these can damage the silicone.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Discomfort during use	Insufficient lubrication; incorrect lubricant type; sensitivity to texture.	Ensure ample water-based lubricant is used. Verify lubricant is water-based. Try a different texture from the set. Discontinue use if discomfort persists.
Product feels sticky or degraded	Use of oil-based lubricants; improper cleaning; exposure to extreme conditions.	Only use water-based lubricants. Clean thoroughly after each use. Store properly. If degradation is significant, replace the product.
Difficulty cleaning interior	Residue buildup.	Rinse immediately after use. Use a soft brush or finger to gently scrub internal textures with soap and warm water. Ensure thorough rinsing.
