Wallniture CHN811

Wallniture Giro Helmet Holder Wall Mount Instruction Manual

MODEL: CHN811

Product Overview

The Wallniture Giro Helmet Holder is a versatile wall-mounted storage solution designed to organize and display various types of helmets and accessories. Crafted from sturdy metal, this rack helps save space by utilizing wall areas, making it ideal for entryways, garages, kids' rooms, or any space requiring efficient organization. It is suitable for motorcycle helmets, bike helmets, football helmets, hats, and even collectible items, providing a secure and accessible storage point.

Installation Guide

Follow these steps to securely mount your Wallniture Giro Helmet Holder:

- Choose Location:** Select a suitable wall location, ensuring it is a sturdy surface capable of supporting the rack and the weight of your items. Consider proximity to studs for optimal stability.
- Mark Drilling Points:** Place the helmet holder against the wall at your desired height and use a pencil to mark the three drilling points through the mounting holes on the base plate.
- Drill Pilot Holes:** Using an appropriate drill bit for your wall type (e.g., masonry bit for concrete, wood bit for studs), drill pilot holes at the marked locations. Ensure the depth is sufficient for the metal anchors.
- Insert Anchors:** Gently tap the metal anchors into the pilot holes until they are flush with the wall surface.

5. **Mount the Rack:** Align the helmet holder's mounting holes with the installed anchors. Insert the steel screws through the rack's holes and into the anchors.
6. **Tighten Screws:** Use a screwdriver to securely tighten the screws. Ensure the rack is firmly attached to the wall and does not wobble. Do not overtighten.

Usage Instructions

The Wallniture Giro Helmet Holder is designed for easy and convenient use:

- **Helmet Placement:** Place your helmet securely on the top circular platform. The design allows for proper air circulation, helping to keep the helmet fresh.
- **Accessory Hook:** Utilize the integrated hook located beneath the helmet platform to hang additional items such as jackets, gloves, keys, or other small accessories.
- **Versatility:** This holder accommodates various helmet types, including full-face motorcycle helmets, open-face helmets, bicycle helmets, and even sports helmets like football helmets. It can also be used to display hats or other headwear.

The helmet holder securely displaying a bicycle helmet.

The helmet holder in a garage setting, holding a motorcycle helmet and jacket.

The helmet holder used in a child's room to display a ski helmet and goggles.

Care and Maintenance

To ensure the longevity and appearance of your helmet holder:

- **Cleaning:** Wipe the metal surface with a soft, damp cloth. Avoid using abrasive cleaners or harsh chemicals, as these may damage the finish.
- **Regular Check:** Periodically inspect the mounting screws and anchors to ensure they remain tight and secure. Retighten if necessary.
- **Weight Limit:** Do not exceed the intended weight capacity of the holder. While sturdy, excessive weight can compromise its stability and cause damage.

Troubleshooting

If you encounter any issues with your Wallniture Giro Helmet Holder, consider the following:

Problem	Possible Cause	Solution
Rack feels loose or wobbly.	Screws are not fully tightened or anchors are not secure.	Ensure all three screws are tightened firmly into the wall anchors. If the anchors are damaged, consider relocating the rack or using new anchors.
Helmet does not sit properly.	Helmet padding interferes with the holder, or the helmet is too large/small for optimal fit.	Adjust the helmet's position on the circular platform. While designed for various helmets, some specific helmet designs may fit more snugly than others. Ensure the helmet's opening is centered over the support rod.
Items slide off the hook.	Items are too heavy or have a slippery material.	Ensure items hung on the hook are within a reasonable weight limit. For items with loops or tabs, use those to secure them to the hook.

Product Specifications

Brand: Wallniture

Model: CHN811

Material: Metal

Color: Black

Finish Type: Unfinished

Mounting Type: Wall Mount

Item Dimensions (L x W x H): 3.9 x 2.3 x 10.7 inches (10 x 5.8 x 27 cm)

Package Dimensions (L x W x H): 11.81 x 7.24 x 0.83 inches

Item Weight: Approximately 0.59 Kilograms

Number of Hooks: 1

Recommended Uses: Cycling, Motorcycling, Sports, Collectibles Display

UPC: 810093230945
