BOFENG 853E-BK-OAK

BOFENG Twin Bed Frame with Wood Headboard Instruction Manual

Model: 853E-BK-OAK

1. Introduction

Thank you for choosing the BOFENG Twin Bed Frame. This manual provides essential information for the safe assembly, operation, and maintenance of your new bed frame. Please read these instructions carefully before beginning assembly and retain them for future reference.

2. Safety Information

To ensure safe use of this product, please adhere to the following guidelines:

- **Weight Limit:** Do not exceed the maximum weight limit of 800 pounds for this twin bed frame.
- **Assembly:** Always follow the assembly instructions precisely. Ensure all bolts and screws are securely tightened before use.
- **Sharp Edges:** Exercise caution during assembly to avoid injury from sharp edges.
- **Children:** Keep small parts away from children during assembly to prevent choking hazards.
- **Placement:** Place the bed frame on a level surface.

3. Package Contents

Before assembly, verify that all components are present and undamaged. If any parts are missing or damaged, please contact customer support.

Included Components:

- Headboard Frame and Panel
- Footboard Frame and Panel
- Side Rails (2)
- Center Support Beam
- Support Legs (various sizes)
- Steel Slats
- Hardware Pack (bolts, screws, washers, Allen wrench)
- Installation Manual (this document)

4. Assembly Instructions

Assembly typically requires two adults. Please ensure you have a clear, spacious area for assembly. No additional tools are required beyond what is provided.

Step-by-Step Guide:

1. **Prepare Components:** Unpack all parts and lay them out on a soft, clean surface to prevent scratches. Identify each part using the labels and the parts list in the manual.
2. **Assemble Headboard and Footboard:** Attach the wood panels to the respective headboard and footboard metal frames using the designated bolts and the provided Allen wrench. Ensure the panels are oriented correctly.

Image 4.1: Detail of headboard/footboard panel attachment.

3. **Connect Side Rails:** Attach the two side rails to the assembled headboard and footboard using the appropriate bolts. Do not fully tighten bolts until all major components are connected.

4. **Install Center Support:** Secure the center support beam to the designated points on the headboard and footboard. Attach the adjustable support legs to the center beam and ensure they are at the correct height to touch the floor.

Image 4.2: Detail of center support leg installation.

5. **Place Steel Slats:** Carefully place the steel slats across the side rails. Ensure they are evenly spaced and securely fastened to the frame as per the instructions. This forms the mattress foundation.

Image 4.3: View of the steel slat foundation.

6. **Final Tightening:** Once all components are in place and aligned, fully tighten all bolts and screws. Double-check all connections for stability.

Image 4.4: Assembled bed frame ready for mattress.

5. Operating Instructions

This bed frame is designed for use with a twin-sized mattress. No box spring is required due to the robust steel slat support system.

- **Mattress Placement:** Carefully place your twin mattress directly onto the steel slats.
- **Weight Distribution:** Distribute weight evenly across the bed frame. Avoid concentrating heavy loads on a single point.
- **Under-Bed Storage:** The design allows for convenient under-bed storage. Ensure items stored do not obstruct the frame's stability or airflow.

Image 5.1: Under-bed storage space.

6. Maintenance

Regular maintenance will help prolong the life and stability of your bed frame.

- **Cleaning:** Wipe down metal and wood surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Check Connections:** Periodically (every 3-6 months) check all bolts and screws to ensure they remain tight. Re-tighten if necessary to maintain stability and prevent squeaking.
- **Avoid Moisture:** Keep the bed frame in a dry environment to prevent rust or damage to the wood finish.

7. Troubleshooting

If you encounter issues with your bed frame, refer to the following common solutions:

- **Squeaking Noises:** Squeaking often indicates loose connections. Re-tighten all bolts and screws, especially those connecting the side rails to the headboard/footboard and the center support.
- **Instability/Wobbling:** Ensure the bed frame is on a level surface. Check that all support legs are firmly touching

the floor and that all connections are fully tightened.

- **Missing Parts:** If parts were missing upon delivery, refer to the 'Worry-free After-sales Service' section for assistance. Do not attempt to substitute parts.
- **Difficulty Assembling:** Review the assembly instructions carefully. Ensure parts are oriented correctly and that you are using the correct hardware for each step.

8. Specifications

Feature	Detail
Model Number	853E-BK-OAK
Size	Twin
Product Dimensions (L x W x H)	77.95" x 39.76" x 34.84"
Item Weight	39 pounds
Material	Heavy-duty Steel, P2 MDF Board (Natural Oak finish)
Weight Capacity	800 pounds
Box Spring Required	No
Assembly Required	Yes
