3. SETUP AND ASSEMBLY

Assembly of the HOSTACK 5 Drawer Dresser is required. Detailed instructions and all necessary parts are included in the package. Numbered parts and a tested assembly process are designed to ensure a straightforward setup.

Tools Required:

- Phillips head screwdriver (manual or electric).
- *Note: If using an electric screwdriver, exercise caution to avoid over-tightening screws, which can damage the pre-threaded compressed wood. An impact driver is not recommended.*

Assembly Steps:

1. Unpack all components and verify against the parts list provided in the instruction manual.
2. Follow the step-by-step diagrams and instructions carefully. Ensure all parts are oriented correctly as indicated.
3. Assemble the main frame of the dresser first, securing all connections firmly.
4. Install the drawer slides onto the dresser frame and the drawer boxes.
5. Assemble each drawer box, ensuring the bottom panel is securely seated.
6. Insert the assembled drawers into the dresser frame. Pay attention to the correct placement of each drawer, as some may be specific to certain slots for proper alignment and function.
7. Attach the anti-tipping hardware to the dresser and secure it to a wall stud according to the instructions. This step is crucial for safety.

4. OPERATING INSTRUCTIONS

The HOSTACK 5 Drawer Dresser is designed for straightforward use. Each of the five drawers operates on smooth-gliding slides for easy access to your stored items.

Using the Drawers:

- To open a drawer, gently pull on the cut-out handle.
- To close a drawer, push it firmly until it is fully seated within the dresser frame.
- Avoid overloading drawers. Each lower drawer holds up to 25 lbs. Distribute weight evenly.
- For optimal stability, avoid opening multiple drawers simultaneously, especially the top ones.

- **Drawers not closing properly:** Ensure that the drawer slides are correctly installed and aligned on both the drawer box and the dresser frame. Verify that the correct drawer is in its designated slot, as some drawers may be specific to certain positions. Check for any obstructions within the drawer or on the slides.
- **Wobbly dresser:** Confirm that all screws are tightened securely. Ensure the dresser is placed on a flat, level surface. If necessary, use shims under the base to stabilize it. Always install the anti-tipping hardware.
- **Missing parts:** Double-check the packaging and all components against the parts list. If parts are genuinely missing, contact customer support.
- **Damaged parts:** If any components arrived damaged, do not proceed with assembly. Contact customer support for replacement parts.
