## SETUP AND ASSEMBLY

The assembly of your QT032 dollhouse kit requires patience and attention to detail. Follow the steps outlined in the included manual carefully.

1. **Preparation:** Unpack all components and organize them according to the numbering in the instruction manual. Ensure you have glue, LR44 batteries, small scissors, tweezers, and a ruler ready.
2. **Follow the Manual:** Each step is clearly illustrated with pictures in the provided English instruction manual. Match the numbered pieces to the diagrams for accurate assembly.
3. **Gluing:** Apply glue sparingly to ensure clean joints. Allow sufficient drying time for each section before proceeding to the next.
4. **Wiring LED Lights:** Carefully follow the wiring diagrams for the LED lights. Ensure all connections are secure before installing the battery box.
5. **Detailing:** Attach all miniature accessories and decorations as indicated in the manual to bring your dollhouse to life.

## OPERATING INSTRUCTIONS

### LED Lights

Your QT032 dollhouse features integrated LED lighting to enhance its charm. To operate the lights:

1. Ensure LR44 batteries are correctly installed in the battery box, observing polarity.
2. Locate the switch connected to the battery box.
3. Flip the switch to the 'ON' position to illuminate the dollhouse.
4. Flip the switch to the 'OFF' position when not in use to conserve battery life.

## MAINTENANCE

To keep your miniature dollhouse in excellent condition, follow these maintenance tips:

- **Cleaning:** Gently dust the dollhouse and its accessories with a soft, dry cloth or a soft brush. Avoid using water or chemical cleaners, as they may damage the materials.
- **Dust Cover:** Always use the provided dust cover to protect your miniature from dust and environmental elements.
- **Storage:** Store the dollhouse in a dry place away from direct sunlight and extreme temperatures to prevent warping or fading.
- **Battery Replacement:** Replace LR44 batteries when the LED lights dim. Ensure proper disposal of old batteries.
