Transwon MB1001

Transwon MB1001 Tablet Case User Manual

Model: MB1001 / KT1006

1. INTRODUCTION

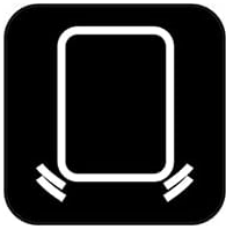

This manual provides instructions for the proper installation, use, and maintenance of your Transwon MB1001 Tablet Case. This case is designed to protect compatible 10.1-inch tablets, including the MB1001 and KT1006 models, from impacts and daily wear.

2. PRODUCT FEATURES

- **Durable Material:** Constructed from impact-resistant, rubber-like silicone material for enhanced protection.
- **Enhanced Protection:** Features raised corners to provide superior drop protection and impact resistance.
- **Integrated Kickstand:** Includes a built-in, foldable kickstand for convenient hands-free viewing in various angles.
- **Precise Cutouts:** Designed with accurate cutouts to ensure full access to all tablet controls, ports, and features without removing the case.
- **Washable:** The silicone material allows for direct washing with water for easy cleaning.

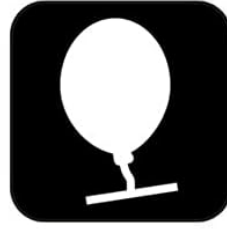

Image: The Transwon case's soft shell design provides superior shock absorption compared to a hard shell, protecting the tablet from impacts.

HOW TO USE THE KICKSTAND?

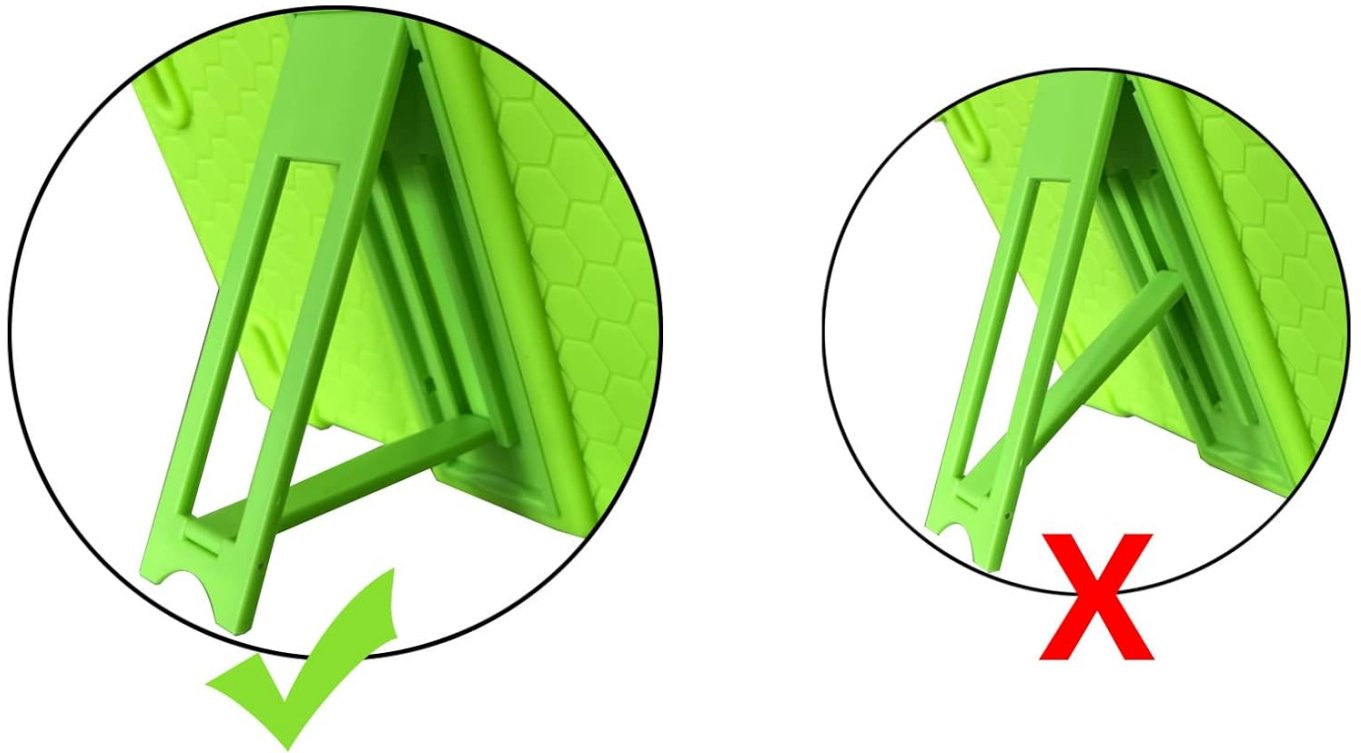

Image: The case features a humanized design with precise cutouts, allowing easy access to the tablet's control center.

3. SETUP AND INSTALLATION

To install the Transwon MB1001 Tablet Case:

1. Ensure your tablet is clean and free of dust or debris.
2. Carefully align your 10.1-inch tablet (MB1001 or KT1006) with the case, starting with one corner.
3. Gently stretch the silicone material around the edges of the tablet, ensuring all corners are securely fitted.
4. Verify that all ports, buttons, and camera lenses are correctly aligned with the case's cutouts.

The flexible silicone material allows for easy installation and removal.

4. OPERATING INSTRUCTIONS

Using the Foldable Kickstand

The integrated kickstand provides a stable viewing angle for your tablet. To use the kickstand:

1. Locate the foldable kickstand on the back of the case.
2. Gently pull the kickstand outwards until it locks into an open position, forming a triangular support.
3. Place your tablet on a flat surface to utilize the stand for watching videos, typing, or learning.

4. To close, push the kickstand back into its recessed position until it is flush with the case.

Humanized Design

Special cutouts for dropdown control center.

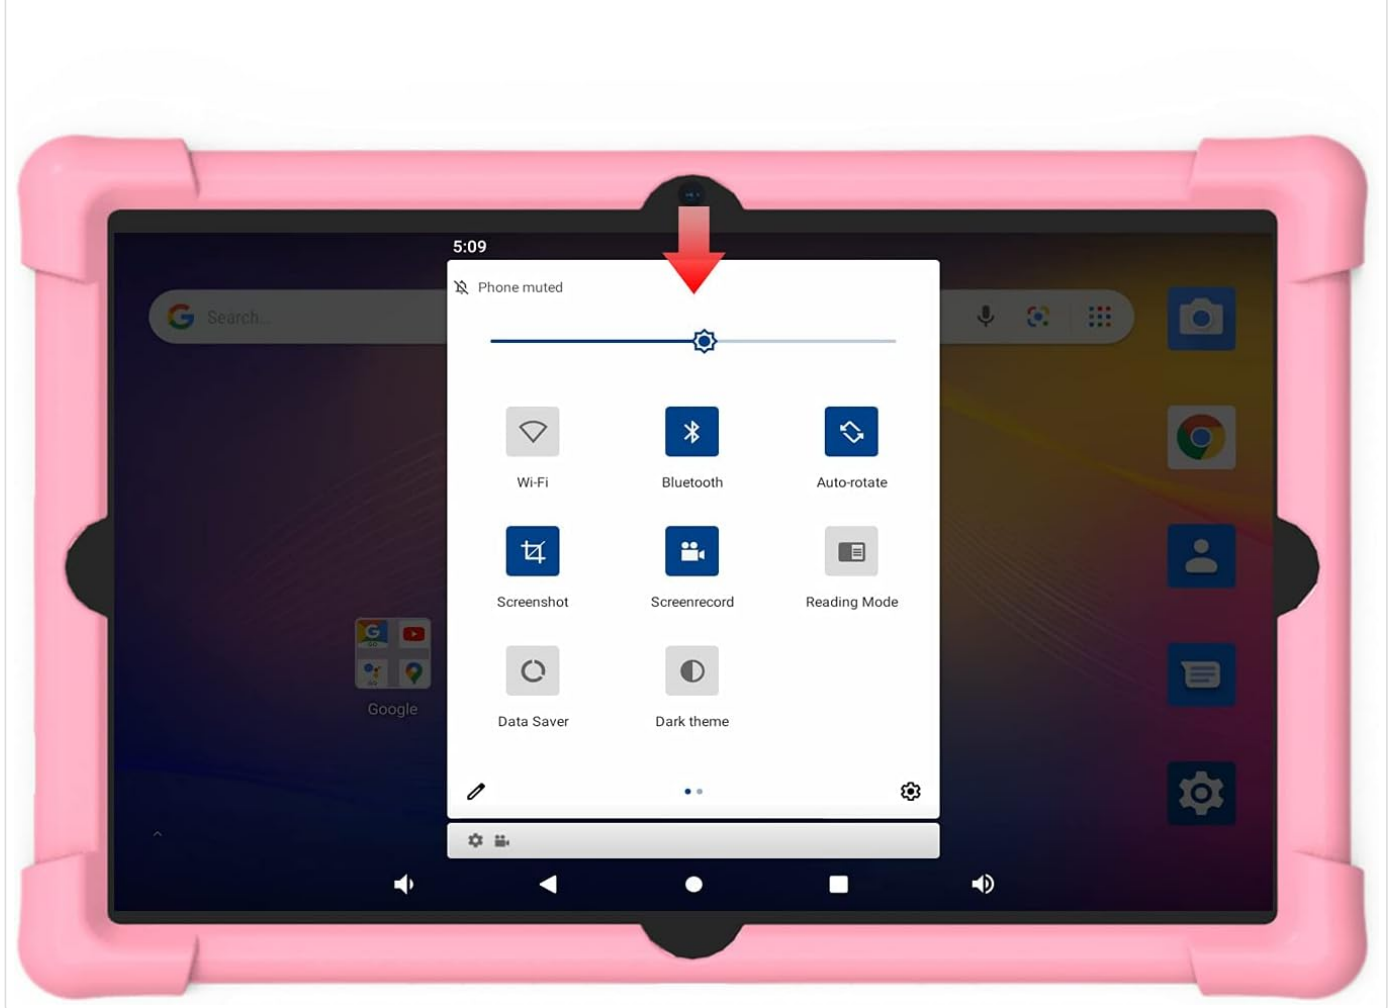

Image: Proper usage of the kickstand involves fully extending it for stability. Avoid partial extension.

5. MAINTENANCE

To keep your Transwon MB1001 Tablet Case clean and in good condition:

- The silicone material can be washed directly with water.
- For stubborn dirt, use a mild soap solution and a soft cloth.
- Rinse thoroughly with clean water and allow the case to air dry completely before re-installing your tablet.
- Avoid using harsh chemicals or abrasive cleaners, as these may damage the material.

6. TROUBLESHOOTING

Case Does Not Fit Properly

If the case appears too small or does not align correctly with your tablet:

- **Verify Compatibility:** Ensure your tablet is one of the compatible models (MB1001 or KT1006) and has a 10.1-inch screen

size. This case is specifically designed for these models.

- **Re-installation:** Remove the case and carefully re-install it, ensuring all corners are stretched evenly around the tablet.
- **Check for Obstructions:** Ensure there are no screen protectors or other accessories interfering with the fit.

If issues persist, please contact customer support with your tablet's exact model number.
