## 4. USAGE INSTRUCTIONS

### Loading the Dishwasher

Ensure your dishwasher is loaded according to its manufacturer's guidelines for optimal water circulation and cleaning performance. Scrape off large food particles before loading, but pre-rinsing is generally not necessary with these tablets.

### Adding the Tablet

1. Open the detergent dispenser compartment of your dishwasher.
2. Place one Miele UltraTab All in 1 tablet into the dispenser. The water-soluble foil does not need to be removed.
3. Close the dispenser compartment securely.

## Selecting a Wash Cycle

Select the appropriate wash cycle for your load. For optimal results, especially with heavily soiled dishes, consider using a cycle that allows the tablet to fully dissolve and activate its cleaning agents. The tablets are designed to dissolve quickly, making them suitable for shorter cycles as well.

## 5. MAINTENANCE

### Storage

- Store Miele UltraTabs in their original packaging in a cool, dry place, away from direct sunlight and moisture.
- Keep the box sealed to maintain tablet integrity and prevent premature dissolution.

### Dishwasher Care

- Regularly clean your dishwasher's filter to ensure optimal performance.
- Periodically check spray arms for blockages and clean if necessary.
- While UltraTabs include rinse aid and salt, if you live in an area with very hard water, you may consider using additional dishwasher salt for enhanced protection against limescale, as recommended by your dishwasher manufacturer.

#### Rinse Aid

### Gentle treatment

Achieve sparkling shine thanks to the unique combination of intelligent appliance features and Miele Rinse Aid. Miele is the specialist for gentle treatment of glassware.

## 6. TROUBLESHOOTING

### Dishes Not Clean

- **Check loading:** Ensure dishes are not blocking spray arms or preventing water circulation.
- **Filter cleanliness:** A clogged filter can significantly reduce cleaning performance. Clean it regularly.
- **Water temperature:** Ensure your dishwasher is receiving hot water.
- **Cycle selection:** For very dirty dishes, a more intensive wash cycle may be required.

### Spots or Film on Dishes/Glassware

- **Hard water:** If you have extremely hard water, consider adding a separate rinse aid or dishwasher salt, even though UltraTabs are All in 1.
- **Overdosing:** Using too much detergent (e.g., if you cut a tablet in half for a small load, ensure it's still dissolving correctly) can sometimes lead to residue.
- **Rinse aid dispenser:** Ensure the rinse aid dispenser is not empty and is set to an appropriate level.
